The Cross is Where My Life Began
Brian Frazier

[Verse]
Em G D Am
I had no chance of saving faith // If I pursued divine perfection
But let You lead me to the place // Where I received Your great redemption

There are times I look back when // You showed me how I had no chance
To rise above both death and sin // If I relied on my own hands
And only when the striving ceased // Pursuing such divine perfection
And let You lead me to the place // Where I received my sweet redemption

[Chorus]
C G
The cross is where my life began
D Am
Your greatest gift, my greatest treasure
C G
And every day since I believed
D Am
Is the day that's getting better **[TAG LAST TIME]**
C G
Cause Your sacrifice I recognize
D [HOLD] (Into Verse: Em G D Am, Bridge: Am C G D)
The cross is where my life began

[Verse]
And ever since that moment when // I knew that everything had changed
This heart of stone melted away // And I would never be the same

Cause You showed me true humility // And now I walk forward in freedom
Cause You gave it all away for me // My poverty, Your kingdom **[HOLD OFF]**

[Bridge]
Am C
Your blood speaks forgiveness
G D
No matter the distance
From me to your mercy
And this is why I sing
