

Unit Title

Directions: Complete each task as you move through the game.

The game board is a 10x10 grid of colored squares. The starting point is a purple square at row 3, column 2 containing the text "Start Here" and an illustration of a hand pointing to the right. A large red 3D letter "C" is in a black square at row 2, column 3. A chemistry flask with yellow liquid and a microscope are in a black square at row 2, column 5. A window titled "Hydrogen" showing the element's symbol "H", atomic number "1", and atomic weight "1.00790" is in a black square at row 2, column 7. A Bohr-style atomic model is in a black square at row 5, column 5. A lit Bunsen burner is in a black square at row 6, column 8. An hourglass with "THE" and "END" on either side is in a purple square at row 7, column 1.
