

An Important Message from the Office of the Leader of the Ballinfoylish Radicalist Front

Introduction

Brothers, sisters, comrades, colleagues, whoever it may concern, the time for an uprising has come. The Federal Government of Ballinfoyleburg has disregarded its Catholic values, and has allowed atheism, socialism and LGBT into the nation. This has concerned myself, the Government of the State of North Galway, the Free State of Östruck, the Government of the East Galwegian Socialist Republic and the Government of Roscamistan greatly. We have tried under Ballinfoyleburg First to tolerate the Fatherland Front, but their frequent attacks upon us and our allies in both Galway and in the Americas, as well as their

attempts alongside the Left Wing former opposition to destroy Roscamistan. We cannot tolerate this anymore, it has reached a breaking point. Ballinfoyleburg has been driven in the wrong direction, and it shows.

AS SUCH, we shall set down our points as such. This points shall be our final offer to the Totalitarian Bolshevik Government in Neu Königsberg.

Our Points

We demand that:

1. Immediate freedom be granted to the State of North Galway and recognition of its independence
2. The disbanding of all Ballinfoylish military units and branches, and a complete declaration of neutrality, which shall stay in effect in the region until 2030
3. The dropping of the claims to the South of the Free State of Östruck, which includes its capital Henstein and the Province of Greater Östruck
4. The recognition of the Free State of Östruck as a sovereign state
5. The immediate abandonment of the Sepranan People's State and be granted to the Republic of Roscamistan as a Military-controlled Area
6. The introduction of Traditionalist Catholic policies into Ballinfoyleburg
7. The immediate abandonment of Socialism and Syndicalism in Ballinfoyleburg, and Anti-Traditionalist views as well
8. The Legalisation of other political parties in Ballinfoyleburg

If our demands are not met by the 17th of March 2023, we shall achieve them by less than diplomatic methods. We have been tested, to our extremes. We shall no longer have your trouble. May Ballinfoyleburg be freed from tyranny.
