

# **Technology Class Grading**

***Students are graded on a 1-4 level in Technology Class.***

## **1 - Little or no growth in area**

Explanation: Didn't do or finish the assignment.

## **2 - Partial mastery**

Explanation: Can complete the assignment with teacher or peer assistance. Minimal meeting of expectations. More than a few grammar errors. Content was off topic. Lots of white space around text or pictures. Minimal effort.

## **3 - Meeting expectations for level**

Explanation: Can complete the assignment with minimal help from the teacher or peers. Meets expectations. Uses capital letters. Titles stand out. Used own ideas and words. Relevant content for assignment. Good placement and size and text. Good placement and size of pictures. Put forth best effort.

## **4 - Exceeds expectations for level**

Explanation: Can complete the assignment with little or no help from the teacher or peers. Uses capital letters. Titles stand out. Used own ideas and words. Relevant content for assignment. Good placement and size and text. Good placement and size of pictures. Used spellcheck. Sources cited. Correct file name. Put forth best effort and made suggested changes. Project stands out with added extra details.
