Students may bring a pen, pencil and headphones to the testing site. If they do not have one of these items, all or one will be provided for them. Students will also be provided with an onscreen graphing calculator that resembles a TI-84. If students would like to bring their own graphing calculator, they may certainly do so but it must fit the testing requirements: click [HERE](#). These Graphing Calculators are **NOT** allowed because they have a CAS (Computer Algebra System): TI-nspire CX II CAS, TI-89 Titanium, HP Prime, Casio fx-CG500

Students are also welcome to bring a recreational reading book. Thank you for your help in making Cranford High School an amazing place for students to learn and achieve excellence.

Sincerely,

Mark Cantagallo
Principal
