

Sandy Hook Promise “Say Something” Program

To: High School, Middle School and K-8 Principals (6th - 12th grade)

From: Greg Markwith, Director, SFUSD

Date: Fall, 2021

SFUSD in partnership with Sandy Hook Promise, is continuing to work together to launch the “Say Something” Anonymous Tip Reporting App.

The “Say Something Program” teaches middle and high school students to recognize the warning signs of someone at-risk of hurting themselves or others and how to say something to a trusted adult to get help. **Students can then report these concerns through an app that can be downloaded onto their devices.**

Through this app, SFUSD school site and District staff will receive real time concerns and reports from students about potential crises, which will allow district staff to respond quicker and help students in a more timely manner. More Information can be found in this [FAQ](#).

Last Spring, we trained some school site staff to use the app, and asked site administrators to watch a training video as well as complete a form to identify site based teams. We are resuming this work once again, and it is greatly appreciated if you can watch the ~35 min video (if you did not do so last Spring), and please designate school-level team members by **Friday, January 14th**. **Thank you!**

Next Steps:

- Administrators must [watch this introductory training video](#) by January 14th, 2022.
