

# Random Forge

All you need to know about dnd, mtg, and gnomes.

There is a BRAND NEW [Random Forge Blog](#) (Can also be accessed from Random Forge)

NOTE: THIS NEW SITE WILL NOT OVERTAKE THE OG RF. THE OG WILL STILL BE FREQUENTLY UPDATED, AND WILL NOT BE REMOVED!

Random Forge is a website created by Elliott and Jonah. It includes random stuff, mainly centered on MTG and DND and WH40k. Leave feedback on the bottom of the page. If you have any requests, Random Forge staff will work to quickly respond.

## **NEW: Articles section of RF!**

Feel free to post articles here as often as possible. Topics include Magic the Gathering, Dungeons & Dragons, and more. They should be decently written, spellchecked, and decently long. RF staff will edit them and maybe delete some that are not great.

How to post an Article? Post it on [this](#) and the RF staff will edit it and *maybe* post on Random Forge if it is appropriate and follows the Random Forge Guidelines. Here is a doc to post articles on.

1. The video game section sounds great, I believe we can update this to contemplate and create a new section.
