Clarification still pending on reviewing blended programs. Currently no application specific to 4+1 programs. Clarity is also still needed on program codes. The Registrar Office will need to be able to clearly identify 120-unit undergraduate course work to be met before moving to the graduate level. Staff support a technical review following the application process like new certificates while meeting CO requirements. Dean Muscat agrees these requests need review. Alexis will set a meeting with DGS Interim Dean Lowham and Jayne on next steps.
