Dear Parents,

As the Director of Special Education, I want to welcome you to special education services in the Forsyth County School System. Please know that the Special Education Department will do whatever we can to support you, your child, your teacher, and your school in order to provide the most appropriate educational program for your child.

We have highly qualified support staff that can assist you. In addition to your child's teachers and administrators, each school is assigned a Special Education Facilitator. This staff is available to answer your questions, provide resources, and assist you in navigating through the special education process. We encourage your involvement, input and participation. It is only through this collaborative effort between school and home that we can reach our goal of increased student achievement.

If I can be of service, please feel free to contact me. Thank you in advance for your continued support and interest.

Sincerely,

Kara Hudspeth, Director
Department of Special Education
