

Michael Carroll - NLPedia Practitioner Study Set

NLPedia

NLPedia is the new innovative way for bringing real NLP into your home or office using a specialist Multi Media format. We believe this is one of the best neuro linguistic programming training tools available. Just imagine sitting comfortably at your computer – experiencing a complete NLP Practitioner and NLP Master Practitioner course unfold.

This is an exciting time for home learners. Gone are the days of dreary hard to read NLP books. Antiquated NLP audio tapes and audio CDs that fail to utilise the visual sense can also be relegated to ancient history. NLPedia is a revolutionary sensory rich experience where you learn NLP at your leisure in the comfort of your own home, as if you're actually attending a live training.

When you order the NLPedia Practitioner Study Set, you will have full access to the following;

- 25 hours of video filmed at live Practitioner Course, featuring Michael Carroll. *Nowhere in the world has such a large amount of video material been edited and made available in one unique product.*
- 800 Slides accompany the video. This is an amazing amount of information that adds extra clarity on the content Michael is teaching. *Nowhere in the world has such an extensive database of knowledge been collated.*
- Full text transcription that runs simultaneously to the video track and power point presentation. *This amounts to an amazing 600 pages. Nowhere in the world does such an extensive document exist.*

Neuro Linguistic Programming training tool

With NLPedia, you are transforming your computer in your own personal NLP study centre. Order the NLPedia Practitioner Study set and you will have instant access to Master Trainer Michael Carroll, training an NLP Practitioner course live on your screen.

As you sit back in your chair you can navigate to any section you like and watch and listen to Master Trainer Michael Carroll deliver the training to a live audience. You can watch the video, see the slides that accompany the video and read the transcript of what is being said simultaneously. In total you have 9 modules and 27 sub

modules of action packed NLP, brought to you in form that is easy to follow in a memorable format.

* While NLPedia is a neuro linguistic programming training tool par excellence, which brings an NLP Practitioner Course into your home it's not designed to replace live NLP Practitioner Training. However on completion of the NLPedia Practitioner Study Set you can be eligible for an NLP diploma.
