

*The “Fan is lowkey very gross” document*

For some context: my brother (Who I will be calling CJ) has been pulled into some terrible situations thanks to his ex partner, Fan (known for having a Phighting roleplay account)

- **Cheating proof**

Let me get straight to the proof, here are all the screenshots of Fan admitting to cheating

for why I wanna keep chatting with you  
okay

I just want to, i csnt explain why but my  
head just wants me to keep talking to  
yku

Adam

Answer me one thing

Just one

Why did you cheat on me

Fan Today at 11:00 PM

Because you were right, I tried my best  
to handle you at your worst, even if you  
warned me that it would be too much i  
kept pushing cause I thought I'd be able  
to, and then it got tiring, and worse but I  
didn't say anything cause I'm just fully  
retarded.

I don't know what else to say and it's late  
at night so I'm trying not to cry for some  
damn reason and my body hurts and this  
is all just too much for one night at

No, I don't think it's ever gonna be worth losing you. And I don't know what went through my own, maybe it was cause I didn't wanna lose that friend and I thought saying no would make them hate me. Or peer pressure or maybe some other stupid reason

We have been dating for almost two years and i trusted you entirely, I loved you too, and I will keep doing so, whatsoever you have broken a huge boundary and I believe I have been very permissive with this kind of things, we both are on a open relationship so I have no issues when you date someone else unless you don't tell me. Imagine my surprise when I found out you had another partner you never told me of, not even a smidge, not even a confession or xes name. I am utterly affected, I have talked this throughly and we came to the conclusion that you cheated on us, as harsh as that sounds. Im destroyed and I don't think im capable of sustaining a romantic relationship with you if you skip things like this. I don't trust you enough.

I understand, I've tried to tell you but I couldn't, ever find a good moment where you were not in a horrid mood from the sickness or from your mother to tell you

Also I'd just like to add it's not, romantic with them i don't know if it would help cesar but its a queer platonic one  
I'm sorry

I should of told you sooner but I didn't wanna get you more upset and

Now I just lost you

But your right no matter your mood I should of been the better man and told you anyways

I don't know if you'll ever forgive me and I understand if you won't

But I'm sorry

❄️ //I have come out to say that what the griefer account said is true.

**And I hate myself for doing such a thing to him**

**I will be working on myself but to make sure I will be keeping this account and the other one silent, until I am a better person**

Fan, due to being a coward, kept all of this hidden from my brother for months, days.

Now some people who know/knew both Cj and Fan might say *“But CJ and Fan were in a polyamorous relationship!”*

And that would be correct. CJ was completely fine with the idea of Fan liking someone else. AS LONG AS IT HAD BEEN INFORMED TO HIM IMMEDIATELY, not behind his back.

- **The gross stuff**

Unfortunately, it gets worse.

Here's the information on this shared publicly by a victim:

Hello, very brief, but we are Stained Glass and I want to make a post about our experience with Fan/Mike.

Our old (long gone) host had dated him for almost three years and alters had too, but he was very ignorant and overly hyper sexual towards us to the point it became normal.

It would get to the point that many alters would have relationships built with other alters almost forcibly and it would get gradually more sexual in nature. I as victim of that too, I had formed (Beryl) and was led to "fall" for one of his alters named Michael.

(He was an introject or a swap Mike from strangked red) He one time "got off" with me on a call. Eventually, a mutal friend and partial partner noticed how bad this was and encouraged me to distance. I left and blocked him. But, now I'm hearing he cheated.

It's horrible to know he fucked over yet another person that was close to us. I wonder how much we may have been villainized if even at all. That is all and I'll send this for the victim to repost if he wants. May you rot, Adam. - 🌸

As of right now it is unfortunately confirmed that Fan's current partner knows Fan is a cheater.

I hope people can boost this, as Fan frequently interacts with the Phighting community and I urge people to stop giving my brother and the victims such a hard time. They did not deserve what they went through.

Thank you for reading all the way. Be careful with who you interact with.
