

AS Community Affairs Board Post Event Form

Congratulations on receiving funds from the Community Affairs Board to support your event! We hope your event was a success and did indeed benefit the community as your organization intended. Please fill out this form so that CAB may learn how to better assist you and other organizations in the future.

You must send this form to as-cabtreasurer@ucsb.edu no later than one week after the completion of your event in order to be considered for any future funding.

- Did your event/project follow through as planned (referencing your original CAB request for Funding Form)? Please include: Amount of funds actually used, number of UCSB students in attendance, and total attendance. Estimation of attendance numbers is fine.
- Please explain the impact on the community: positive and negative.
- Did you feel CAB was an asset in supporting your efforts? Please explain.
- Is there anything more CAB can do in the future to help you and other organizations serve our communities?

Thank you and please continue to look for needs in our community that with your passion and CAB's support, we can help serve together!
