

IHE Testing and Tools Committee

Teleconference

2014-02-17

Attendees

- Bruce Curran
- Eric Heflin
- Pete Meyers
- Tareq Nabeel
- Eric Poiseau
- Vinny Sakore
- Elliot Sloane
- RSNA Staff: Chris Carr, Nichole Drye-Mayo, Joan McMillen

Minutes

1. Review [minutes from 2014-01-20 tcon](#)
 - a. Motion: Approve as posted. Carried unanimously.
2. HIMSS Showcase Issues: None raised.
3. IHE Europe Connectathon Preparation
 - a. Limited development work since North American Connectathon
 - b. Overall registration settling out: About 10% down from last year. Will have first Laboratory system testing (LAW) and first PCD testing in Europe. Limited registration in some other newer profiles, including Radiology BIR
4. IHE RO Connectathon Preparation
 - a. Call for participation, including specific scope of profiles, being developed.
Action Item: Bruce will forward to Chris for release to IHE News list when available.
 - b. Committee working on Archive profile that tests baseline ability for general archiving systems to maintain integrity of RO objects. Could be available for testing at general Connectathons (eg, Europe, North America) in 2015.
5. IHE Eye Care Connectathon Results
 - a. Reviewed [Eye Care Connectathon Report](#)

- b. **Motion:** Approve for presentation to the IHE Intl Board. Carried unanimously.
- 6. Test Plans Review Process
 - a. Chris Carr, Eric Poiseau and Didi Davis to work on developing draft process for incorporation of test plans in database for review
 - b. **Action Item:** Chris will circulate draft outline of process for review by Didi and Eric Poiseau
- 7. Tools Developers
 - a. Status update
 - i. IHE E: Moving proxy data into new Gazelle instance provided by Steve Moore after IHE NA Connectathon. Completing milestone 2 of Middle East project.
 - ii. NIST-Aegis team: Have taken feedback from demos at IHE NA Connectathon and align with NIST development priorities. Highest priority is integration of validation context to enable validation of message content (not only structure). JIRA issue list is accessible.
 - b. Future meetings
 - i. Cancel scheduled Feb. 24 meeting. Next developers call March 10.
 - ii. Plan Spring meeting with NIST representatives. Eric has provided his dates of availability.
- 8. New Business: None introduced.
- 9. **Next Scheduled Meeting: March 3, 9:00 am -10:30 am central**
