

Almería

I will go to Almeria anytime this year. It's one of my favourite places in Spain.

Almeria is a province in Andalucía. It's by the coast and has beautiful beaches.

I will see my friends and family and will have barbecues all the time.

We won't do homework or go to school. We will be on our summer vacation.

My sister María, will go on a summer scuba diving course and I will learn how to sail.

My parents will lie down on the beach.

It's gonna be great!
