

Opening Statement

We'd like to bring attention to disturbing actions from two parody accounts that have amassed a large following. These two have gained the trust of many; however, they both engaged in problematic behaviour we felt the need to bring to light.

The document will contain mentions of, manipulation, Pedophilia, Grooming of Minors, and sexual abuse. Please read the document keeping this in mind, I will try to warn you when these topics appear.

Leona

The first person we would like to discuss is Raijinshou, Who I will refer to as Leona throughout the document. They run @PurgatoryLeonum, @theworldsflaw, @DarkCloverAU and @PaladinEmperor. Please keep in mind that **they are 22 years old.**

Raijinshou 05/13/2024 10:33 PM

Name: Mereoleona/Mereo/Leona

Age: 22

Pronouns: She/Her

Likes: Cartoons and anime, animals, figure collecting, roleplay, plushies, video games

Dislikes: Egotistical people, cruelty, overbearing people, gross topics, femboys

Exhibit A: Reading and Encouraging Others to Read Fanfic about Grooming Minors

Raijinshou 10/16/2024 1:37 PM

Bleh not true!!

Also, did you read that fanfic yet... I read it again and it was still just as shocking in a good way...

Into the Den of Sin

nachtoftthedead

I will be providing the link to the fanfic so you can see for yourselves the disgusting nature of it. **But I do not recommend it**, it has truly brutal scenes of two underage characters. But I do not want to make you go out to search for it on your own if you planned to do so. Please click it knowing it features these scenes.

https://archiveofourown.org/works/33592021/chapters/83472760?view_adult=true

Leona knows extremely well the age of Asta, well enough that they continue to mention it on their account, I shouldn't have to explain why this is disgusting, as they are a 22-year-old woman.

Exhibit B: Sending porn of a 17-year-old Asta to a group chat

WARNING: The images ahead will show a minor in a lewd act, I have tried to censor this the best I can while still trying to show what is happening, If you do not want to see this segment go to page 7 if you're on pc, and try to scroll fast if you're on mobile, I apologize about the lack of ways to get around it

Raijinshou 10/29/2024 10:45 PM

I have found a goldmine

These images depict a 17-Year-Old Asta sucking the penis of someone off the screen, for those who skipped to this page.

The reason I know it is a 17-year-old Asta is the outfit, He wore this in the Spade Kingdom arc, this red rope and him being shirtless underneath with the red mark on his headband is only seen while he is 17

Asta	
Japanese	アスタ
Rōmaji	<i>Asuta</i>
Official English	Asta (VIZ, Funimation)
Character Information ^	
Status	Alive
Species	Human
Gender	 Male
Magic Attribute	Anti Magic ^(artificial)
Age	15 (Beginning) 16 (Star Awards Festival) 17 ^[1] (Spade Kingdom Invasion) 18 ^[2] (Final Arc)

The First image is a slimmer Asta while he is 15-16 and the outfit with the glove is the **ONLY** outfit 18-year-old Asta wears

Here is Leona, thirsting over a 17-year-old Asta's breasts, this happens a few times, but here are two examples, please keep in mind the red rope and being shirtless underneath is a thing he wears when he is 17

Exhibit C: A Lewd Parody Account that refuses to believe they're lewd

As their time as a parody on Twitter went on, they made bigger and bigger strides in posting lewd content, they did this on *Dark Asta* (@DarkCloverAU) this account is based on a Black Clover AU where Asta is a masochist.

On Sukuna I called her out for thirsting in a community full of minors, as I found the image below to be extremely lewd for parody Twitter standards.

When I called them out they defended themselves by saying “It says in my bio mature themes enter at your own risk” However, when I pointed out to them that I

did not enter the account but saw it through the timeline and asked them to use the image censoring feature, instead of holding the conversation and talking to me they swiftly blocked me and slightly changed their bio. This shows their inability to accept when they are in the wrong or at least listen to what others have to say, and to this day they still do not censor these images.

Testimonies from previous friends of Leona

I've contacted a few people who are/were close to Leona, I was left on read twice but I did contact two people and here is what they had to say about Leona.

Anonymous 1#: Knew them over parodying, and was not extremely close with them.

Q: How close were you with Leona?

A: "I was friends with Leona after our characters both formed a familial bond after a short period of time. Outside of that, Leona was someone who "Looked up to me" as they said multiple times as I had gotten to know them"

Q: While you were close with them did they ever display signs of being porn addicted or anything of that nature?

A: “No, never in front of me”

Q: What caused you to stop interacting with them, both in and outside of parody Twitter?

A: “One day on an interaction, I saw and stumbled on Leona and Yoro (Short for that one bleach cat I forgot the name of), where they were making out, comparing breast sizes, and meowing at one another while both of them were already treating the other as parody sisters”

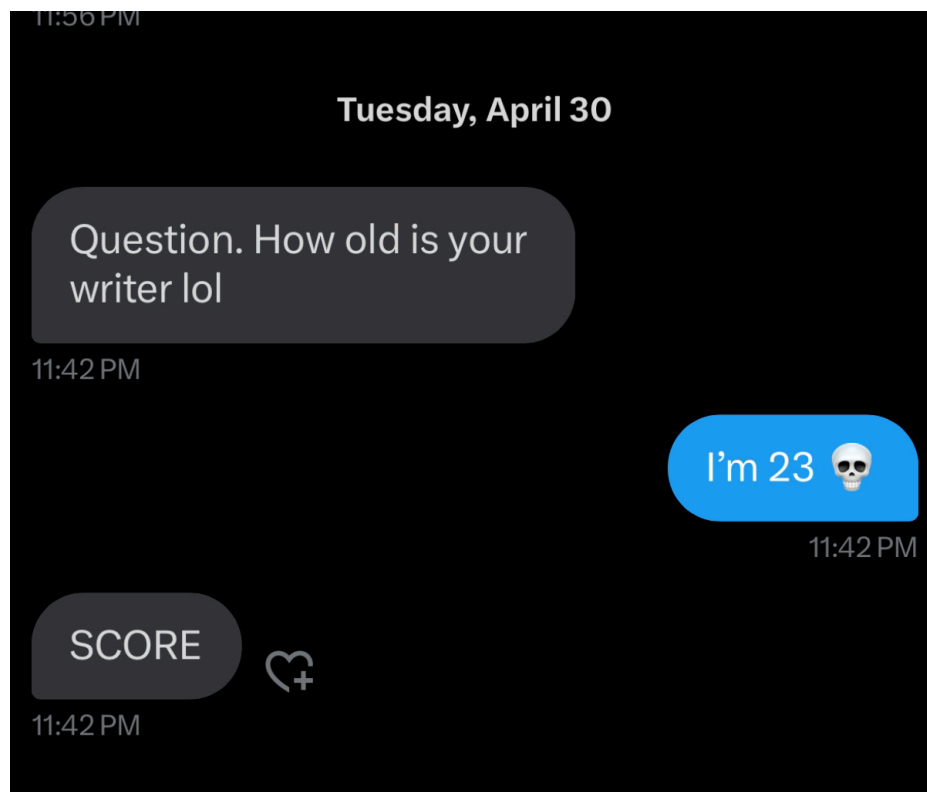

Since I have yet to mention this thread, now is a good time to do so. The thread Anon is referring to is probably the first drama Leona ever got in while parodying, as Anon said they were acting extremely weird with another account who in the lore of the account was their sister, and during the thread, they were calling each other “Sis”

While they both apologized for this thread I do think we should take this into account as it does show a sneak peek at the kind of person they are, someone who doesn't care about the taboo as long as they find it attractive. The other person in the thread has made strides to do better which is why I’ve done my best to limit the mention of them, however, Leona has not done the same.

Anonymous 2#: A close friend of Leona's for 7 months

Anon: “have requested to keep anonymous as I would prefer not to get harassed for speaking against them, but some details may make it obvious, I will also be providing screenshots for most of what I’m talking about but some things were mentioned in either a vc or a group chat I am no longer in, but I will provide what I can.”

Anon: “I first met Leona through getting added to their first account’s list of people to fight. I engaged with them through my parody and eventually began to talk to them more and more frequently. Our muses even dated for a short time, being in a really dark place and unsure of if being on parody Twitter was right for me, the interaction became important to me in an indescribable way. I eventually got DM’d by them after they joked about a certain image of Mereoleona doing a Yoruichi pose. I responded jokingly saying I wanted to see it only to immediately get a dm from them asking about my age.”

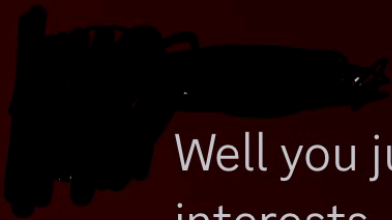

Anon: “I was unsure of why but I got added to a GC with her and two other people where they began to share porn of Mereoleona, it was something that shocked me and made me very uncomfortable for a while but the more they showed the more numb to it I became to the point where I began to be okay with it. Talking to her and a different person in the chat slowly made me form a close bond between her and a different individual to the point we started to think of each other as siblings.

She would even overwhelm me with complements which was something I wasn't used to, I had a lot of self-image issues I was dealing with so I never knew how to handle any of it, this continued for a long time and it made me feel safer and more comfortable than I had been with anyone before. Here is an example below of the kinds of things she would say to me.”

Raijinshou 10/13/2024 12:55 PM

Erm you're super awesome
You like listening to my nerdy obsessions
You like hearing about my OCs
You support me in everything I do
You're super kind and share all the same
interests as me

10/13/2024 1:01 PM

Well you just have cool obsessions and
interests, plus you're a great writer so I love
hearing about your OC's!!!

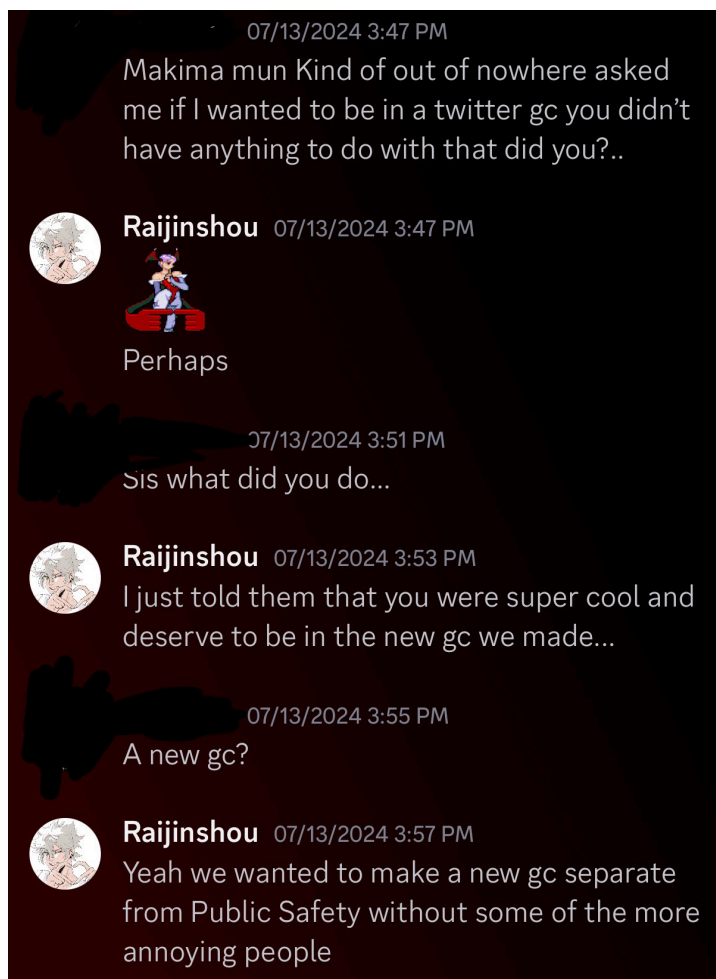

Anon: “One day her boyfriend at the time realized that she was shipping on parody Twitter, and wanted her to stop because he was uncomfortable with it. While we were both sad about it we understood and retconned everything with it. However roughly a week later himmyhours proposed making an account for the character princia, which Leona personally shipped so she immediately jumped on the idea of shipping them together, she would brag about this in front of me but I was uncomfortable with it both because she just had to end our ship yet it seemed like

she was going behind her boyfriends back to do a new one and I didn't like being a witness to that, and for the fact that the ship was special to me so it just made me feel sad seeing someone else suddenly get to have what I enjoyed doing so much."

Anon: "She reassured me multiple times that she wasn't going behind her boyfriend's back on it because while her relationship wasn't my business it concerned me that she was willing to do this kind of behaviour. Not long after this, I started to have issues with parm. While she was friends with him I still felt comfortable venting to Leona about things because she gained my trust very fast. I tried being friendly with Parm because Leona seemed to really enjoy interacting

with them and I loved finding new people to interact with, however anytime I tried to interact with them they would either ignore me or act mildly passive-aggressively towards me. While I don't feel anyone owes me interactions the way he went about it made it seem like he didn't like me, so I would vent to Leona about it because I was worried about him not liking me. She would jump to his defence telling me it wasn't true and that I was probably reading into things too much. Eventually, I got a dm from them on Discord asking if I wanted to join a group chat, I found out later it was Leona attempting to get us to be friends, I was uncomfortable with being added because of how unsure I was whether they liked me or not. But because Leona and I were close I wanted to try for her. However, anytime time I tried to talk to Parm he would continue to ignore me or act passive-aggressive."

Anon: "One of my muses is an evil character, so my muse would poke fun at Leona's Mereoleona quite a lot, however on this particular instance parm qrt'd me with their princia account in character, normally I'm not a fan of people cutting into interactions unless I know them, so since I knew them I gave a few replies to them in character, however, I made an empty threat to kill Mereoleona since it was in character, I would never kill someone's muse without their permission so I didn't plan to follow through, however, they got upset with me misunderstanding things, accusing me of ruining their arc. Their reaction was strange to me since Leona herself told me their arc was just "Yuri" and Parm only made that account to do Yuri with her, while I think making accounts solely to ship with specific people is strange I didn't want to intrude on anything they were doing so I apologized."

Who knew the former wizard king was such a coward...

Hmm... I suppose this means Mereoleona will have to die.

Anon: "I slowly stopped interacting with Leona's Mereoleona account because I didn't feel like I was "allowed to" for lack of a better way of putting things, at the same time I began to see a lot of Mereoleona x princia stuff on my timeline and while I acknowledge it was dumb of me to get attached to a parody ship it began to make me uncomfortable seeing them interact on my timeline, while I was hesitant to bring it up I eventually approached her about it, she apologized about it but told me she couldn't do anything about it which I understood and acknowledged I didn't want her to either."

07/28/2024 3:05 PM

Well they've kinda implanted themselves in every aspect of Leona's life with all their muses, they made it very clear that they didn't want me "messing with their arc" with FunnyBunny and their arc is literally only being gay with Leona so I can't really fight her with my villain characters at least seriously cause if I end up hurting Leona badly enough or kill her somehow that would "mess with their arc" and as for her students they have Reze as a student so I can't be apart of that either unless a muse solely gets private lessons away from everyone else

Raijinshou 07/28/2024 3:06 PM

You can still have interactions with me silly
They only just didn't want you to kill off Leona
That's where it all stemmed from

07/28/2024 3:08 PM

Yeah but with [redacted] that would mean I'm forced to lose and while I don't mind letting you win when I prefer writing in the moment with fights that's not really fun for me

Anon: "I wanted to temporarily block Parm's prinicia account just so I had time to not see interactions on my timeline and give myself time to move on from caring about something I admittedly shouldn't of, only to discover I was no longer following either Prinicia or himmyhours, I told Leona about this because this was enough proof for me to confirm that parm wasn't a fan of me, she responded by telling me that she went to parm with this information, violating my trust as I trusted her to keep my vents between the two of us. While I acknowledge she was trying to do what she felt was right it still violated my trust and confirmed to me that I was right about something I was hoping wasn't true. For obvious reasons I got upset and we fought. This was the start of one of many repeating arguments between us that would happen occasionally in our time as friends."

07/17/2024 10:44 PM

I think I accidentally confirmed for myself that parm doesn't like me

Raijinshou 07/17/2024 10:45 PM

What did you do

07/17/2024 10:47 PM

Nothing, I just saw princia stuff on my tl so I went to the account to mute it since I thought it would help me stop seeing it but I noticed they weren't following me anymore so I checked their Himmy account too and sure enough they unfollowed me on that account too

Raijinshou 07/17/2024 10:49 PM

Well

That's not your fault

I couldn't keep my mouth shut, so I told them about the situation. It didn't feel right to keep it from them. Sorry ..., this is really my fault

07/17/2024 10:50 PM

Oh

Um, what did they say if I may ask?

Raijinshou 07/17/2024 10:53 PM

Well, he didn't say much, but I do remember him saying that it was all a misunderstanding on the ~~Al~~ stuff. But considering how things went, they actually were upset with you after. So I don't really know his stance on you now

07/17/2024 10:54 PM

I left it alone after that so I don't know what the fuck they mean by that

Hell i literally put off fighting Leona so you guys could do your happy arc that I only wish I couldn't give a shit about

Raijinshou 07/17/2024 10:56 PM

I don't know

I really wish I knew how to communicate these things better

I feel like I'm wording things bad and making it worse

07/17/2024 10:58 PM

It's not wording things bad that's making it worse frankly I'm kinda mad you told them at all, I didn't tell you those things so you could tell them I told you cause I trusted you and felt like I could vent to you about things I was worried about

I didn't want to cause so sort of stupid beef or drama that I may or may not have to deal with now because they know and that's probably gonna ruin any chance of my accounts getting any kind of traction because they're more popular than me, and I preferred being unsure over knowing since I didn't have to deal with whatever fallout now might come from this

Raijinshou 07/17/2024 11:02 PM

I'm sorry [REDACTED], I'm so sorry

I broke your trust

I just didn't want you two to fight and I made everything worse

Anon: "We went several days, up to a week without talking but decided to make amends with each other, she would make several promises to me to be better and make things up to me for violating my trust, while I didn't see it then looking back at these screenshots I can't help but feel that things she said came across fairly manipulative which was a pattern that started to surface more and more as time

Raijinshou 07/23/2024 11:11 AM

Hey, I've been a jerk these last few days and I'm sorry. When I feel overwhelmed I tend to just ignore the problem altogether and that isn't right of me. I haven't been joining vc with y'all because I've just felt too ashamed to talk to you directly. All I can really say is that I'm sorry.

07/23/2024 12:16 PM

While I'd like to tell you that you haven't been a jerk and that everything's okay, truth is you have been and its impacted me a lot, it almost seemed for awhile like I was being punished even though I wasn't the one in the wrong... for a bit I started to blame myself too, a bad habit I got from bad experiences in the past. Some past experiences were a little too similar to this, and that frankly made me feel terrified of you. I no longer know what you're capable of and that frightens me. I'd rather not go too deep into how this all has affected me or my past stuff because I don't want to overwhelm you again. And while I don't want you to feel like you're being punished for trying to do the right thing, and I know you are I know you didn't mean any harm, you still breached my privacy and only to prove that my worries about parm hating

went on.”

to prove that my worries about parm hating me were correct.

I never want you to feel like you owe me anything, but I really don't know if I can handle being around you right now. Its difficult because it feels like someone I held so close and trusted betrayed me in a way, and I feel I've lost that trust I had with you. I don't know when I will be either, maybe unless theres actual change and progress, or things are properly made up. You mean a lot to me, don't get me wrong, but I think at the least after all this you kinda owe me in a way. Not anything extreme of course, not in a rude way, just at least trying to make proper progress and consider how I feel about these things.

I would never want bad for you and you know that, I was worried about you worried about everything happening, and I don't want to lose you.

I just hope we could change things for the better, that the both of us can, but I can't do that one sided.

Raijinshou 07/27/2024 6:48 PM

It's alright

You trusted me, and I broke that when I should be the one person you can rely on. I don't blame you for feeling betrayed, but I tried to do what I thought was right. It was wrong of me, and I was stupid to do something without telling you first. I'm also bad at articulating these things, but I never meant to hurt you. I was just upset with myself and how it was all spiraling because of my stupid decision. I'm sorry, ~~What~~ I really am.

You're still a brother to me, and what I did to you was eating away at me, to the point where I couldn't even bare to be in your presence

Raijinshou 07/27/2024 6:08 PM

Well, I was just thinking about how I miss talking to you. I've been giving you space as you said you weren't comfortable with being around me for a bit, but I can't say I didn't miss being with you

07/27/2024 6:10 PM

I miss you too , this really has been hard on me and I'm sure it's been just as hard in you

Raijinshou 07/27/2024 6:16 PM

It has been rough, and I'm sorry I put you through this

I just want us to be cool again

07/27/2024 8:39 PM

Me too!!! Honestly I think there wasn't a moment I wasn't thinking about everything and unfortunately I had to deal with a lot of it... I feel bad that they had to comfort me a lot...

Raijinshou 07/27/2024 8:44 PM

So I heard

I'm really sorry I did that to you

07/27/2024 8:45 PM

It's okay we can put it past us as long as we really work on stuff!!! And I know we will cause I wanna believe in my amazing sis so I will!!!!

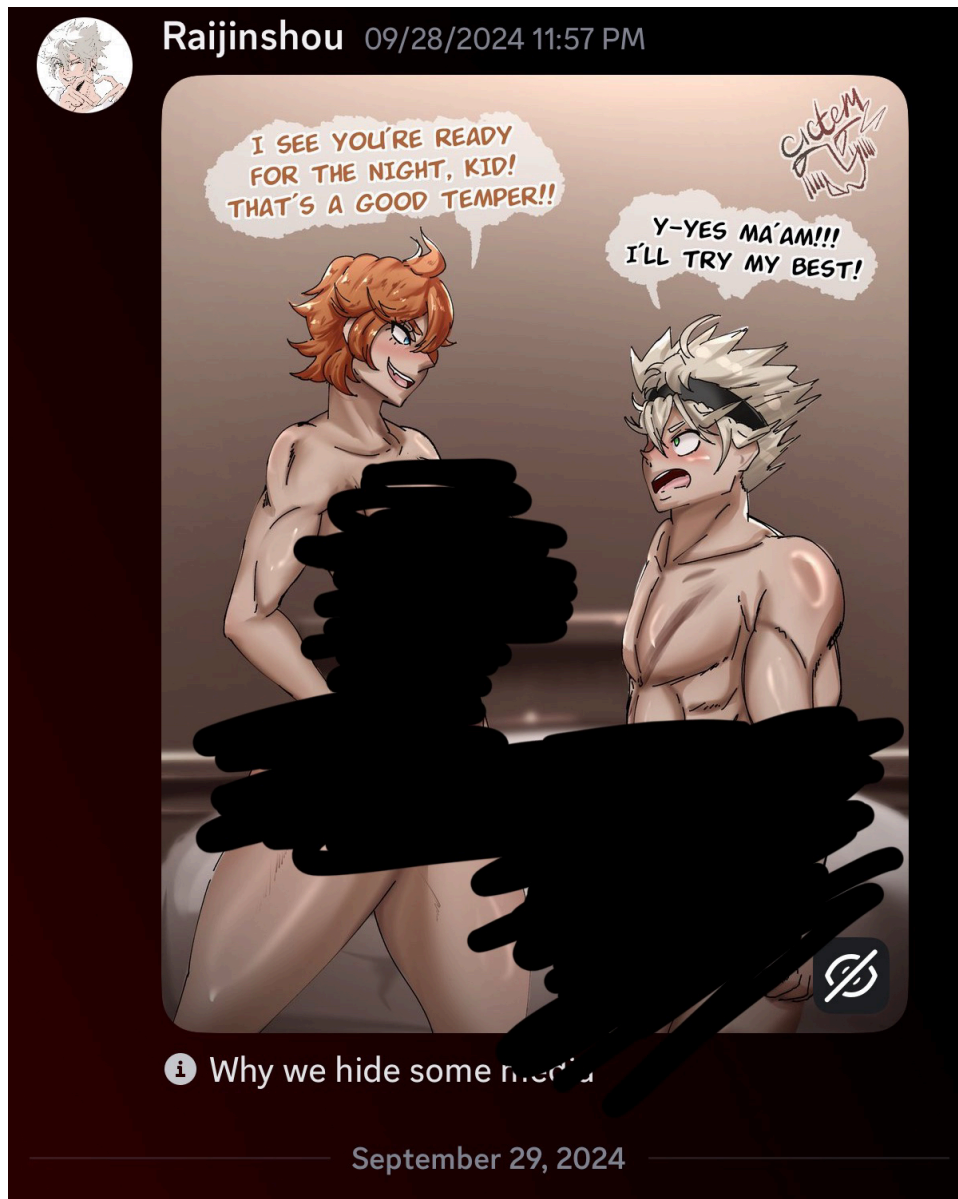

Raijinshou 07/27/2024 8:48 PM

Yeah! We'll do this right!

Anon: “Eventually she started to have a fixation on Asta and even wanted to make an account for him which I heavily supported, however, they would also start sending pornography of Asta, which she admits they use his 15-year-old design a lot, while it made me uncomfortable I didn’t say anything because she was happy and I at the time didn’t want to ruin her mood or make her feel bad so I enabled her sending me images I didn’t like longer than I should of let it happen. I will be providing an example of something she sent me here.”

Anon: “She eventually had the idea to do a parody royal knight exams which she invited me on to help her with first, she asked me to help her gather images and help her with her Asta drive which I willingly accepted. However she quickly hired on parm knowing full well the problems I was having with them, eventually making me feel forced to leave the project since she didn’t want to kick either of us out, she would also talk extensively in VC about how excited she was to work with parm on the project. While I did step away she still asked me to help her anyway and I caved in getting her assets despite trying to step away from the project even

Raijinshou 07/28/2024 2:21 PM

Hey are you still up to help out with the Royal Knight Exams?

• 07/28/2024 2:22 PM

I don't know if that's a good idea if parm is helping out...

Raijinshou 07/28/2024 2:23 PM

Hmm that's a good point...

You can still participate, if you'd like...

• 07/28/2024 2:25 PM

I don't know if that's a good idea either... since they are also participating...

Raijinshou 07/28/2024 2:25 PM

Well they might not

I'm not entirely sure

07/28/2024 2:30 PM

I'll think about it then because I really do wanna participate but I still don't really feel comfortable having anything to do with parm

designing the logo.”

Raijinshou 09/21/2024 2:12 AM

It looks amazing!

Anon: "This is the point where she decides to make the "Darksta account" she would talk in dms about how big of a slut the character was, keep in mind her version is 18, I made a joke about shipping with the character and they took it seriously, so they asked me about some of my muses that could ship with them, I wanted to do a muse that was closer to Darksta's age (the character was 19) but she insisted on a character who was much older than him."

Raijinshou 08/12/2024 1:39 PM

Yaoi...

He's a freak

He'll flirt with anyone probably

But if someone made a Vampire Yuno, he's gonna be all over that

08/12/2024 1:40 PM

Anyone?

Raijinshou 08/12/2024 1:50 PM

I don't think that boy has limits

08/12/2024 1:50 PM

Raijinshou 08/12/2024 2:21 PM

Just know that boy will not be loyal
He is a wild flirtatious machine
Not that I can imagine many people
reciprocating that though

Raijinshou 08/12/2024 2:26 PM

It's ok lol

Who are you gonna do the toxic yaoi with

08/12/2024 2:27 PM

Hmmm idk..

I didn't think this through...

Raijinshou 08/12/2024 2:28 PM

Pfft

08/12/2024 2:29 PM

Uhhhhhhh if you're actually willing to do this with me I guess I can let you pick one of my muses since like... none of them are in relationships anymore

Raijinshou 08/12/2024 2:31 PM

Hmmmmmmm

Well, which ones would be the best candidate for toxic yaoi?

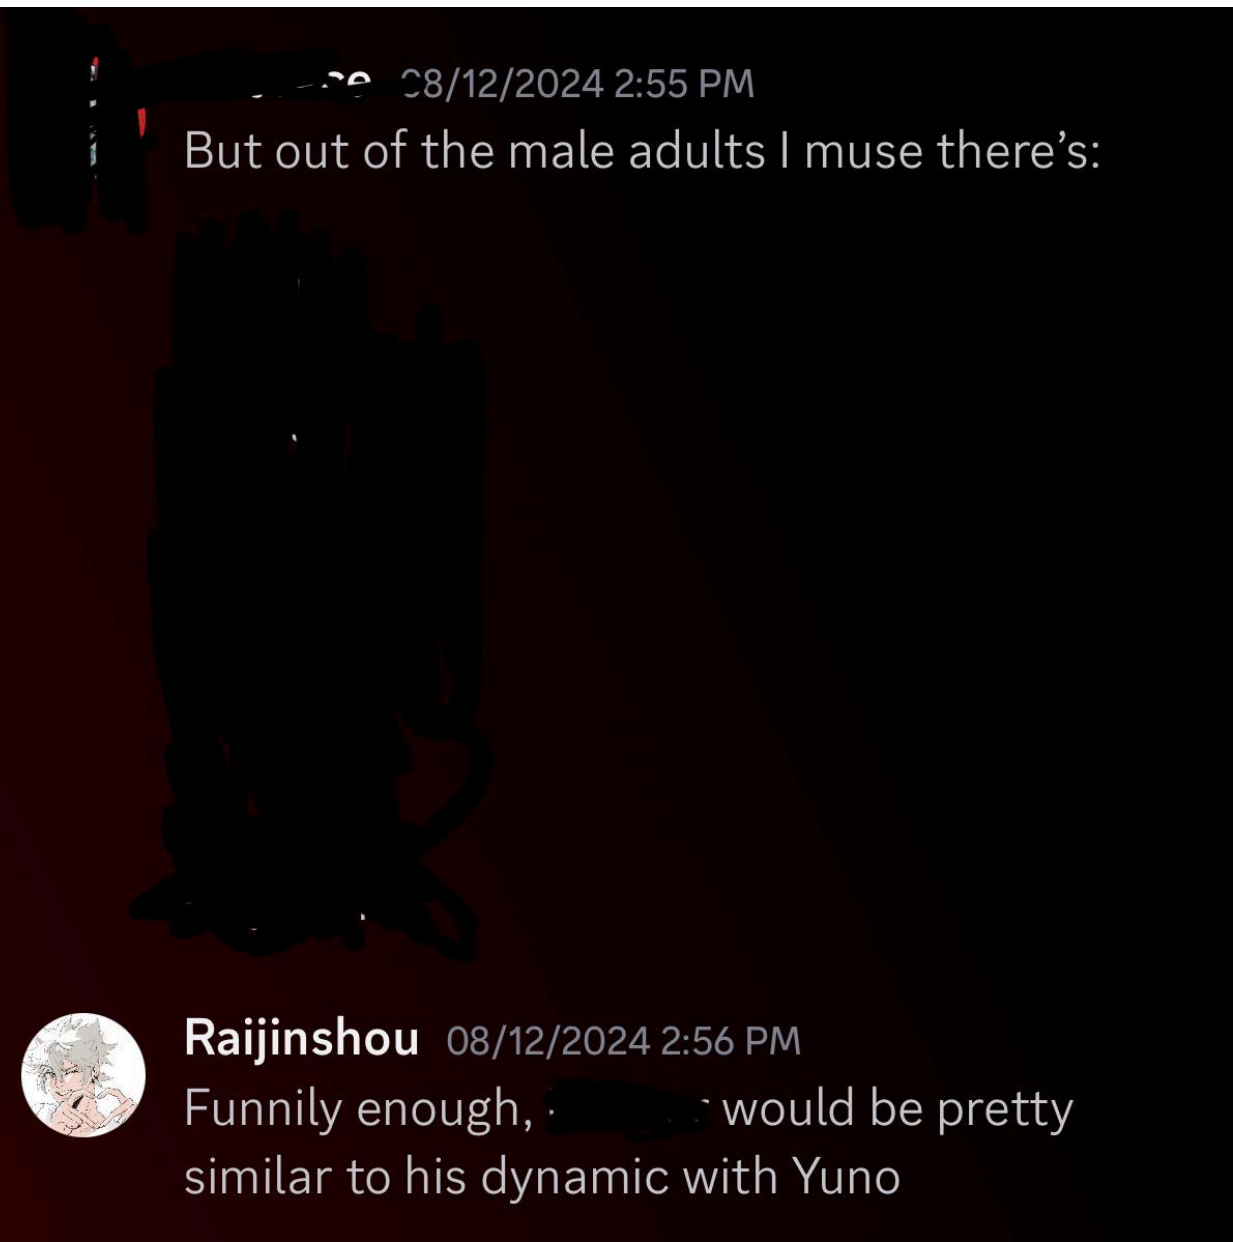

08/12/2024 2:31 PM

Good question

is the only one that has a toxic yaoi ship in the fandom but I might save that one for in case an pops up...

[redacted] 08/12/2024 2:55 PM

But out of the male adults I muse there's:

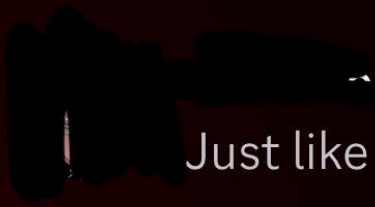

Raijinshou 08/12/2024 2:56 PM

Funnily enough, [redacted] would be pretty similar to his dynamic with Yuno

Raijinshou 08/12/2024 3:07 PM

He's gonna tease everyone he can, he enjoys conflict

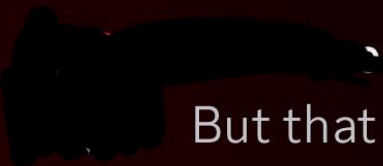

08/12/2024 3:14 PM

Just like [redacted] they'd get along so well...

Raijinshou 08/12/2024 3:14 PM

Agreed!

08/12/2024 3:15 PM

But that means it wouldn't be toxic enough...

Raijinshou 08/12/2024 3:20 PM

Not necessarily true

While they both like to mess with people, [redacted] is a more matriculated manipulator

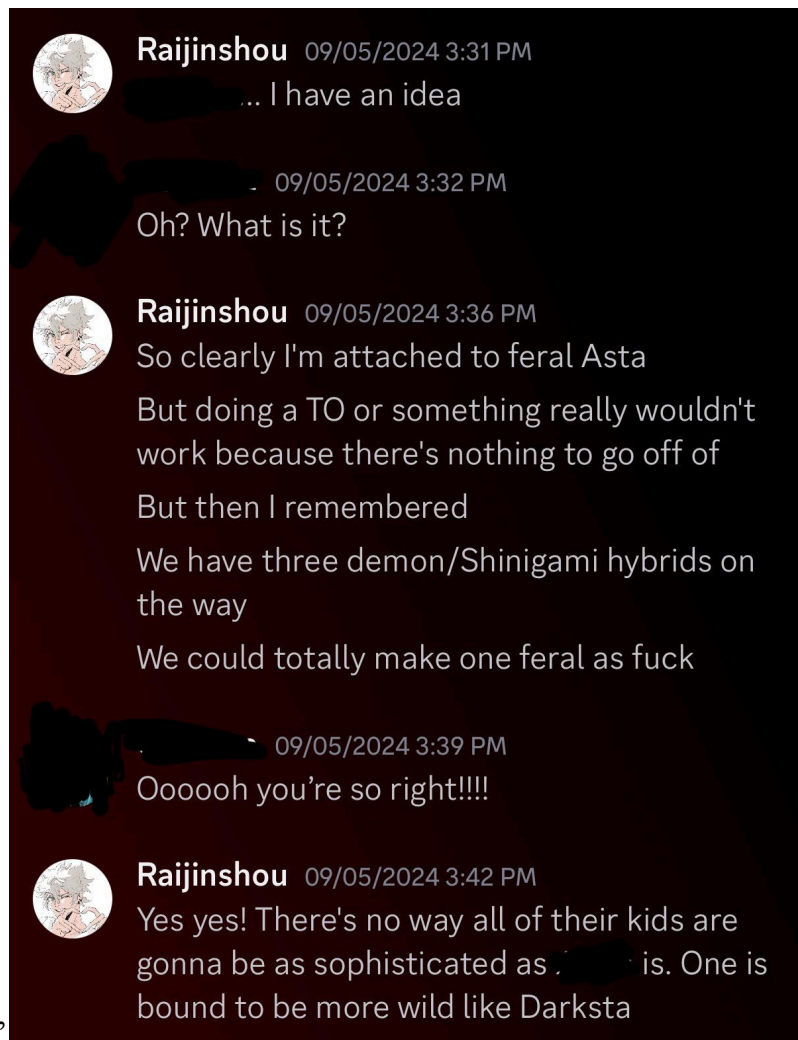

Dark Asta is just chaos incarnate

It would be like if were typing something on your computer, only for your cat to mash on keyboard and mess you up

You get what I mean, right?

Anon: “This ship was something they were really excited about to the point where she even tried to plan OC’s of their kids with me. However she also convinced me to do erp with the two of them in DM’s which involved a heavy amount of snuff which put me in a fairly dark place and mindset but I continued to participate because it made her happy and at the time I went out of my way to do whatever to make her happy. I will not be sharing the erp DM’s due to the quantity of graphic

content.”

Anon: “I woke up to several DM’s from different parody muns who I began to talk to more after a long period of not being in contact about Leona doing something graphic on Darksta because of some drama they got into with DJ (the Darksta

drama DJ mentioned previously) I got fairly annoyed because people expected me to answer for her so I talked to her about it. Later that day I was invited to DJ's discord and when I told her she didn't seem very happy about that. I decided to dm her about it and while she seemed unhappy because of the drama she told she wasn't going to stop me from being friends with them because of my beef with parm making her a hypocrite if she asked otherwise. I also mention defending her to them because I was trying to be supportive though most of us talking about this

• 09/13/2024 11:46 AM

Not sure why this has been on my mind today but are you sure you're okay with me talking to DJ and the others? When I brought up being invited to their discord you didn't seem too happy about it after all that stuff yesterday

Raijinshou 09/13/2024 1:03 PM

I mean, it would be pretty hypocritical of me. Not to allow you to talk to them when you allow me to talk to Parm

I may not like him, but that doesn't mean you have to feel the same way

• 09/13/2024 1:13 PM

That's true, despite everything you still talk to parm so I guess it would kinda make us even there

Though if it makes you feel better I've been defending you when they mention the whole situation from yesterday

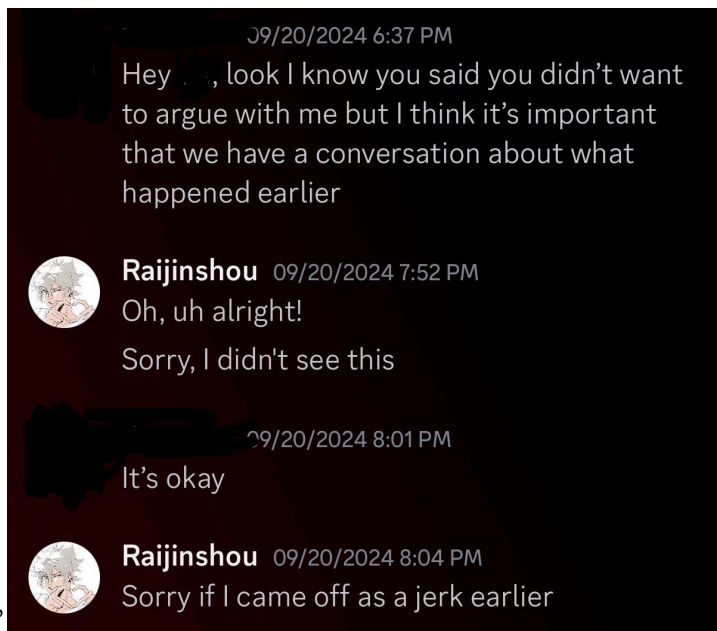

Raijinshou 09/13/2024 1:15 PM

You don't gotta do that

But thank you anyway

situation happened in vc.”

Anon: “Not long after we got into another small argument because they would keep complaining to me about DJ but if I mentioned anything bad about parm they would get defensive, she talked about parm being better than DJ because parm had an exclusive friend group that they would interact with, and complained about how other popular parodies like DJ were “elitist”. After taking a few hours to cool down I DM’d her about what she said since I felt it was necessary to talk about since we both promised to try and be more open with one another. She was upset with “parody elitists” But acknowledged that she was doing the same when I called her

out.”

09/20/2024 8:18 PM

You kinda did yeah, I felt very invalidated by you today and it's been a really shitty feeling. It came across like even though parm has done exactly what dj did to you to me like you either see it as nothing compared to your beef with dj, or it comes across like you don't think parm can do any wrong because even bringing anything up you either get defensive about him or blame yourself for his actions and it's really frustrating... I don't defend DJ for what he does to you so it's a really shitty feeling that you're defending him for doing the exact same thing to me

Raijinshou 09/20/2024 8:19 PM

I'm sorry

You're completely right and that's totally shitty of me to do. I really didn't mean to make you feel that way and that's really immature of me. I care about you and your feelings matter. I was just frustrated and got too upset when I shouldn't have snapped at you like that

09/20/2024 8:30 PM

I'm glad you apologized but I need you to be aware by doing that shit you're being no better than dj, wether you see it a different way or not by your own admission Parm has his own exclusive high elite group and you're apart of it, and as hard of a pill as it is to swallow you are in a sense a parody elite yourself especially with how many follows and interactions you get, by being part of that exclusive group and defending him you are doing the exact shit DJ and his friends are doing, and that scares me because I don't want to see you go down that road, I need you to be better than that regardless of how I or you feel about parm

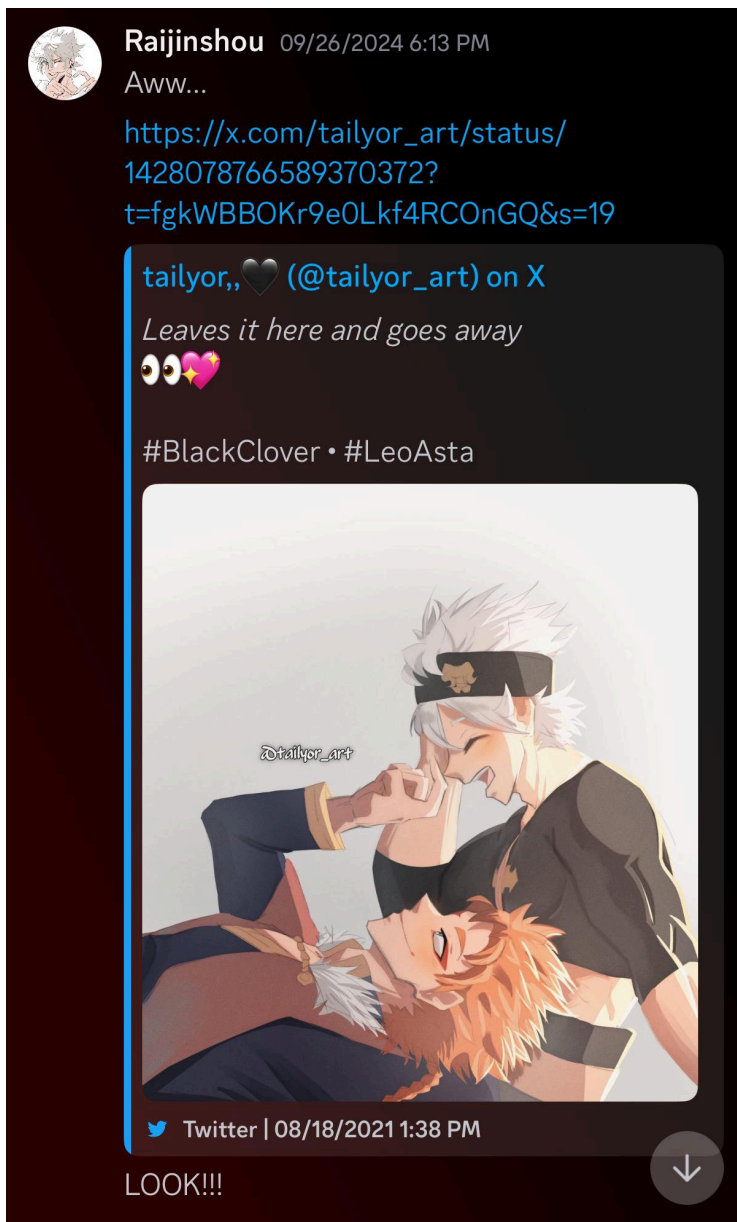

Raijinshou 09/20/2024 8:32 PM

I will. Thank you, [REDACTED] I guess I just got so upset with the whole situation that I didn't realize I was doing the same thing, I don't want to be an asshole like DJ and I swear I won't ever go down that path. You're important to me and I'd never want to drive you out. I just hate having to choose...

Anon: “Leona’s Asta used to date a Yamato account from one piece and she would share with me a lot of cute interactions between the two, i enjoyed hearing her talk about it in vc since she was fixated on it for awhile. However eventually the Yamato account slowly stopped being active so Leona was deciding whether to ship their Asta with someone else or not. I brought up that I was making a Leopold account to her so I said if she wanted to I wouldn’t mind shipping them together since I know this was a ship she was really into. However she told me that she

already promised Parm that she would ship with his Noelle if Yamato stopped being active. So I just said okay and dropped it. A few weeks later the Yamato parody stopped being active however in vc she asked me if I still was interested in shipping, though i was a bit confused, since she said she was going to ship with parm. However when I asked her about it she told me she didn't actually promise him and that it was more of a suggestion so I believed her and agreed. She for a little while after would send me cute fanart and would talk about the ship with me nonstop to the point where I got excited about the ship as well."

Raijinshou 09/26/2024 6:21 PM

Look in the gc!!!

09/26/2024 6:27 PM

Ooo ok!!!

Raijinshou 09/26/2024 6:32 PM

I need them to be canon...

09/26/2024 6:34 PM

Me too...

But dw parody canon will be awesome!!!

Raijinshou 09/26/2024 6:34 PM

True!!!

09/26/2024 6:36 PM

I'll do my best to get the account up soon!!!
After all I think I'm about done with the royal
knight exams!!!

Raijinshou 09/26/2024 6:40 PM

Yay!!!

Raijinshou 09/26/2024 10:12 PM

Need them to hold each other like this in canon!!!

Ah yes. Me. My boyfriend. And his 5'5" boyfriend.

09/26/2024 10:12 PM

they will one day I believe it...

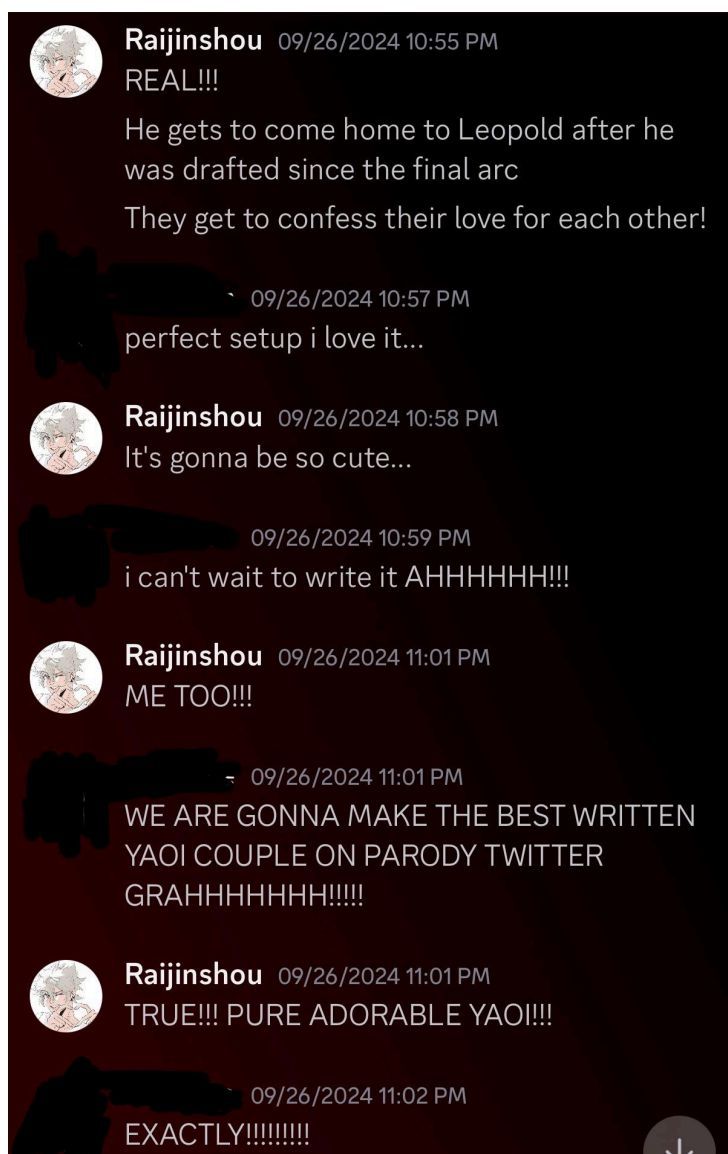

Raijinshou 09/26/2024 10:13 PM

I believe it as well...

09/26/2024 10:13 PM

good... when we both believe there's no way it won't...

Anon: “However this ended up being a lie, Parm ended up getting upset with them because they found out they were potentially going to ship with me instead, and she actually did promise parm the ship. She talked about how she was frustrated that she couldn’t find a compromise because she didn’t want to choose, but also talked about how she didn’t really want to do their ship despite agreeing to it. While I tried to be supportive and tell them that I’d try to be happy with whatever they chose, admittedly i was hoping they would choose me, they claimed that parm and I were equals in her eyes but up to this point she would take his side or choose him when she put me in a situation where it was either me or him.”

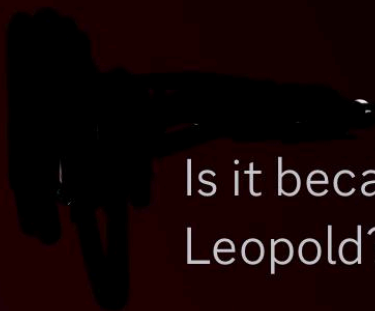

Raijinshou 09/29/2024 3:26 PM

I had a fight with Parm over the whole Asta thing

It went pretty much as bad as our fight

Now they don't trust me

And it's my fault

09/29/2024 3:28 PM

Is it because you wanted to yaoi with Leopold?

Raijinshou 09/29/2024 3:30 PM

Yeah and I had promised them they could ship him with Noelle

Raijinshou 09/29/2024 6:34 PM

I really only agreed to it because I knew Yamato probably wasn't gonna stick around and we were already writing together

09/29/2024 6:34 PM

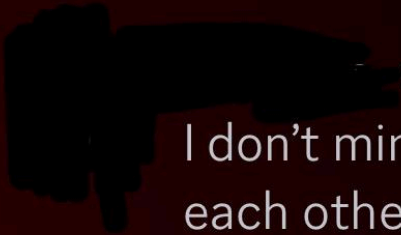

You shouldn't make promises for things like this when you don't want to do it sis...

You're not going to have fun writing a ship that way

Raijinshou 09/29/2024 7:23 PM

Ugh but I do really want to do Leopold ship but I also wouldn't mind doing any of the other ships but neither of y'all like multi ship especially not if you're both involved and I don't know what to do ahhhhh

09/29/2024 7:24 PM

I don't mind multi ships but parm and I hate each other so it just wouldn't work out I know it's frustrating but it's just how it is

Raijinshou 09/29/2024 7:25 PM

I know and it's my fault this is like this

Raijinshou 09/29/2024 7:25 PM

I know and it's my fault this is like this

09/29/2024 7:25 PM

Parm has always hated me it's not your fault

Raijinshou 09/29/2024 7:26 PM

Why did they only started hating you because I said something about it

It's directly because of my actions

09/29/2024 7:27 PM

What kind of person who doesn't already hate someone goes "oh they assume I hate them? Okay I guess I'll hate them now" it doesn't make sense

Raijinshou 09/29/2024 7:27 PM

I wish I could explain it better but it wasn't until I said something that they were against you

09/29/2024 7:29 PM

Their actions tell me they were always against me, I know you trust them because they are your friend but they've never treated me any other way

Raijinshou 09/29/2024 7:38 PM

I really wish there was an easy solution to this

09/29/2024 7:39 PM

I wish there was too, but as long as this stupid pointless beef between me and parm is a thing there's never going to be anything easy about it

Raijinshou 09/29/2024 7:40 PM

I feel like I'd be letting you down too

Because I know you're making the Leopold account partially for me

09/29/2024 7:43 PM

You'd never let me down, but I'd be lying if I said I wouldn't feel a bit disheartened about it

Raijinshou 09/29/2024 7:44 PM

Ughhhhh

It hurts and I want to please everyone at the same time but it's impossible

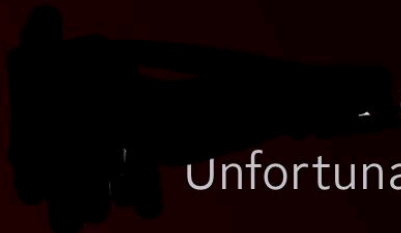

Raijinshou 09/29/2024 7:55 PM

Aughhh

I don't know what to do...

I want both but that's impossible...

09/29/2024 7:56 PM

Unfortunately yeah

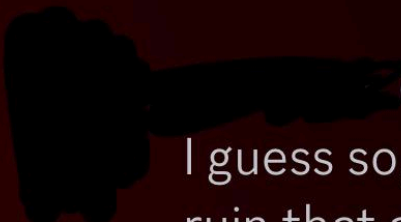

Raijinshou 09/29/2024 7:57 PM

We'd still have roblox and discord stuff if I chose Noelle right?

I mean, that doesn't have to change

But then you probably wouldn't interact with my Asta account

09/29/2024 8:01 PM

I guess so, but yeah parm would probably ruin that account for me too if I'm gonna be honest with you

Raijinshou 09/29/2024 8:02 PM

I feel it would be the same both ways

If I chose you, parm won't interact with that account on anything

If I chose parm, you won't interact with it

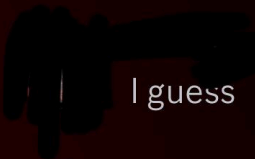

Anon: “However she ended up choosing to ship with parm anyway, getting rid of weeks of planning with me. I felt very inadequate after this. So I talked to a mutual friend who helped me write a message talking about how I felt since I have trouble articulating my feelings sometimes, talking about how it sucked for me that they would constantly put me in situations where she had to pick one or the other and always picking them. She responded by getting defensive over parm saying she spends more time with me, however we up to this point rarely planned to hang out. One of us would be in vc and the other would happen to join since we had mutual friends.”

Raijinshou 09/29/2024 8:07 PM

Ah, sorry.

At the very least you have one of the Asta's right?

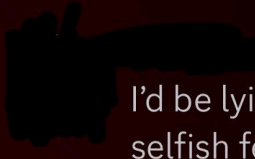

09/29/2024 8:09 PM

I guess

Raijinshou 09/29/2024 8:10 PM

Sorry, you seem dissatisfied.

09/29/2024 8:12 PM

I'd be lying if I said I didn't have my own selfish feeling about it but I told you I'd accept your choice no matter what so I'm gonna try to be happy for you

Raijinshou 09/29/2024 8:13 PM

Ughhh I hate doing this to you especially since I hyped it up so much

Maybe we can still have it on discord? With the bots?

Anon: "It blew up into a bigger argument where she talked about some private things about her and parm's relationship, while I may not respect this individual anymore I will not be sharing those details. I tried to leave the conversation because it was making me uncomfortable but she manipulated me into staying, saying things that relapsed a lot of trauma of manipulation from my past making the conversation more awkward. It worked and I talked to her more as she kept trying to guilt trip me into staying in the conversation."

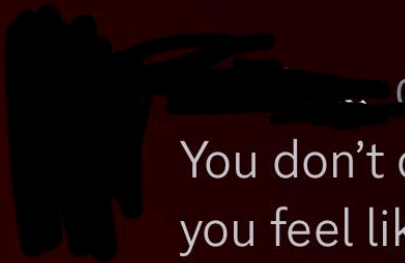

Raijinshou 09/30/2024 11:17 AM

Part of me wish that panic attack killed me
yesterday

I was ready

I wanted to go

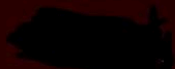

09/30/2024 11:20 AM

You don't deserve to die no matter how much
you feel like you wanted to

You deserve to be loved and appreciated by
everyone around you

But despite that you've broken me today

 I don't think I can do this anymore

09/30/2024 11:24 AM

I don't want to stop talking to you, I love being around you and most of the time you actually make me feel like someone gives a shit about me for once, but when it comes to parm you can't stop hurting me and you get defensive about it every time like you think he can't do anything wrong

I do believe you care about me but you can't stop showing that you care about parm more and I just need to take a break from it all because it's just too much for me to handle

Raijinshou 09/30/2024 11:26 AM

Fine

Do what you need to, I won't stop you
I've defended you as much as I've defended parm. How do you think the conversations are on the other side? That's why I'm in so much pain because you both think I'm choosing one over the other

If you have to take a break from me, then do it

I've been a burden to you this entire time anyway

Raijinshou 09/30/2024 11:30 AM

I'm a burden to everyone

That's why they always leave me

Today would've been my second anniversary

09/30/2024 11:31 AM

I just want to feel like you at very least care about us the same, but you always choose parm... you can say differently all you want but when your actions say something else that's what matters more

Raijinshou Today would've been my second anniversary

09/30/2024 11:31 AM

I'm sorry about that, I really am. You deserved better

You aren't a burden on me, you don't have to believe that but it's true, the only burden here is the tension between me and parm, it always has been and it always will be

But I guess in the bright side you don't really have to worry about choosing for awhile

Raijinshou 09/30/2024 11:35 AM

You're one of the things I look forward to every day

Talking to you helps me so much

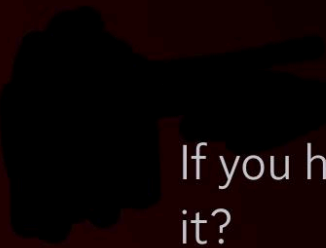

Raijinshou 09/30/2024 11:35 AM

You're one of the things I look forward to every day

Talking to you helps me so much

And I hate all that I've done to you

09/30/2024 11:37 AM

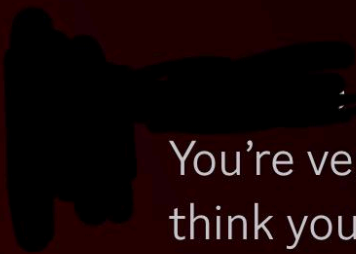

If you hate it so much why do you keep doing it?

Raijinshou 09/30/2024 11:37 AM

I don't know

I wish I could answer that but I don't know

09/30/2024 11:50 AM

You're very self destructive you know that? I think you do it because you want to push me away so you don't get hurt instead, at least that's how this sort of stuff usually is

No matter what promise me you'll work on that because that's not cool to do to yourself

Raijinshou 09/30/2024 11:51 AM

Yeah, you're definitely right

I'll do what I can

I'm sorry for all of this

Anon: "I eventually shared with her some of my trauma, making it clear that what she currently was doing was not okay and I did not want to feel like I was being manipulated. She in response talked about some shared trauma which I censored because again I may not respect them anymore but it's not my place to share that information. She kept insisting that she wanted to change herself for me but I didn't want that so I shut her down immediately."

Raijinshou 09/30/2024 12:08 PM

I've never wanted to make you feel that way.
God I'm so sorry. My own selfishness and self
loathing always gets others hurt and you're
the one I didn't want to hurt most.

[REDACTED]
[REDACTED]! We're similar in that aspect
and I would never want to make you relive
that through me

I'm so sorry

I've been a horrible friend to you

09/30/2024 1:40 PM

I wish I could believe you but we both know
unless something changes this is just going
to keep happening over and over again

Raijinshou 09/30/2024 1:41 PM

Then how can I change for you

Raijinshou 09/30/2024 1:41 PM

Then how can I change for you

09/30/2024 1:43 PM

I don't want you to change for me that's not something I could ever ask you to do

Raijinshou 09/30/2024 1:44 PM

Then what can I do to make you trust me

09/30/2024 1:53 PM

I wish I could tell you, I want to trust you more than anything but especially after today I really couldn't tell you a solution no matter how hard I tried

October 2, 2024

Anon: "Roughly a week later we were talking about things trying to build back up our trust when we brought up an old ship where she admitted to me that she never got permission from her boyfriend at the time to ship again, meaning she lied to me about going behind her boyfriends back, I called her out on this and she admitted to me that she was a compulsive liar, making it harder for me to trust her and straining our relationship further. She also lied about starting the ship when she had to make a new account, with prior evidence above when she talked about shipping with Princia her "@BrachiumAbyss" account was her original.

Raijinshou 10/06/2024 3:33 PM

In truth, the reason I never told you when I could ship again was because I never got permission to do it again. I just made a decision out of my own selfish desires. Of course, he eventually just didn't care about it, but I wasn't public about it

[REDACTED] 10/06/2024 3:44 PM

So that night I brought up concerns to you about that very thing you're telling me you not only lied to me but made me believe that [REDACTED] and Mereoleona ended for absolutely nothing?

Raijinshou 10/06/2024 3:47 PM

I didn't lie then, but I did go back on my word. I did plan on stopping ships for good, but then I lost access to that account and had to start over. From that point, he didn't really have any knowledge of what I was doing, nor did he really care, so I just started up another ship. So no, I didn't lie and if I never lost access, I likely wouldn't have done ships again for a long time. (edited)

10/06/2024 3:55 PM

you told me you didn't do that behind his back, that was a big concern of mine and you told me that you didn't go behind his back

Raijinshou 10/06/2024 3:59 PM

I know, I'm sorry. I did do it behind his back and that was a breach of trust. I'm sorry and I can't exactly fix that now.

10/06/2024 4:01 PM

This isn't the first time I've caught you lying to me, are you that comfortable lying to me? Do I dare ask what else you've lied to me about?

Raijinshou 10/06/2024 4:02 PM

I'm a compulsive liar

I always have been

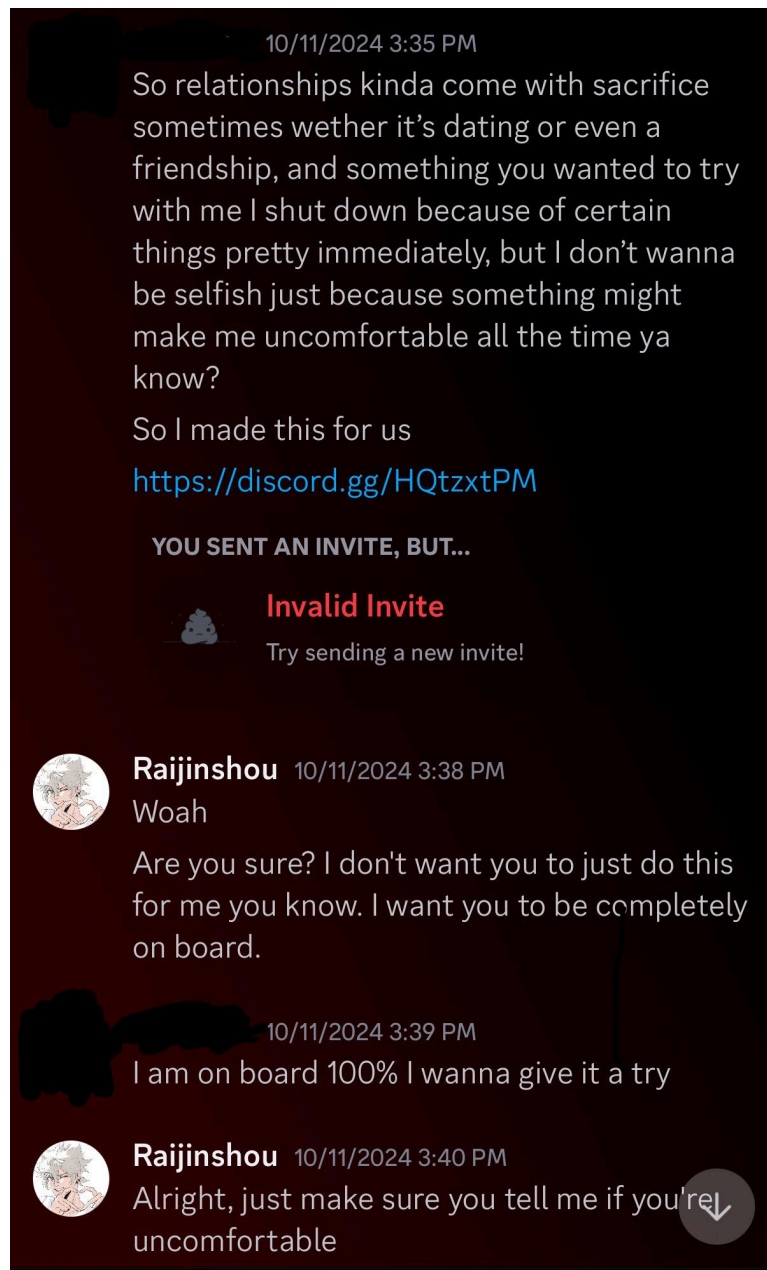

I wish I could tell you I've never lied to you, but that just wouldn't be true

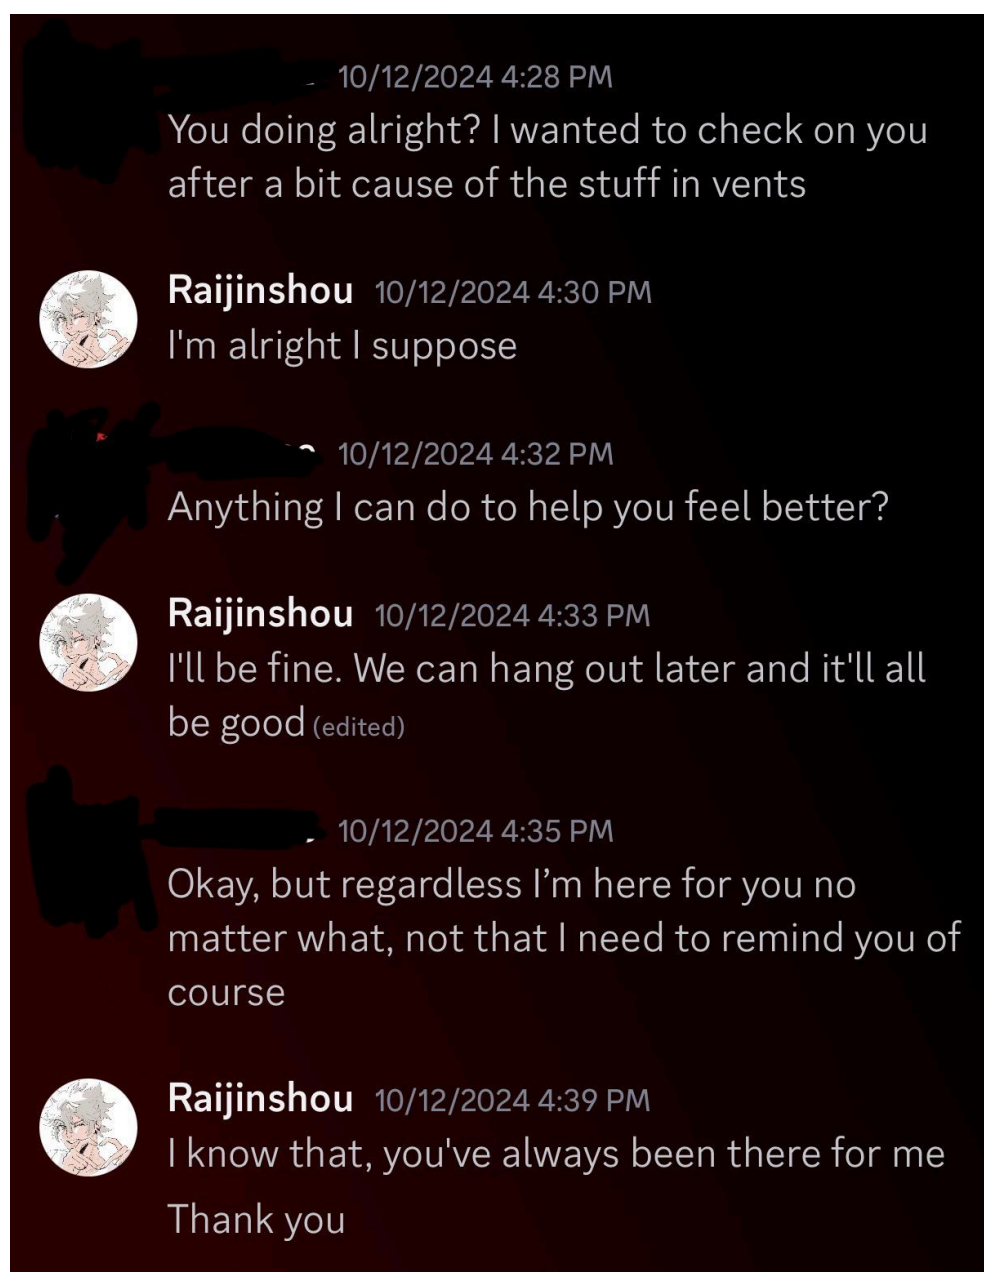

I'm sorry, and I don't deserve your trust

10/06/2024 4:03 PM

So you understand how much harder you've now made it for me to trust you

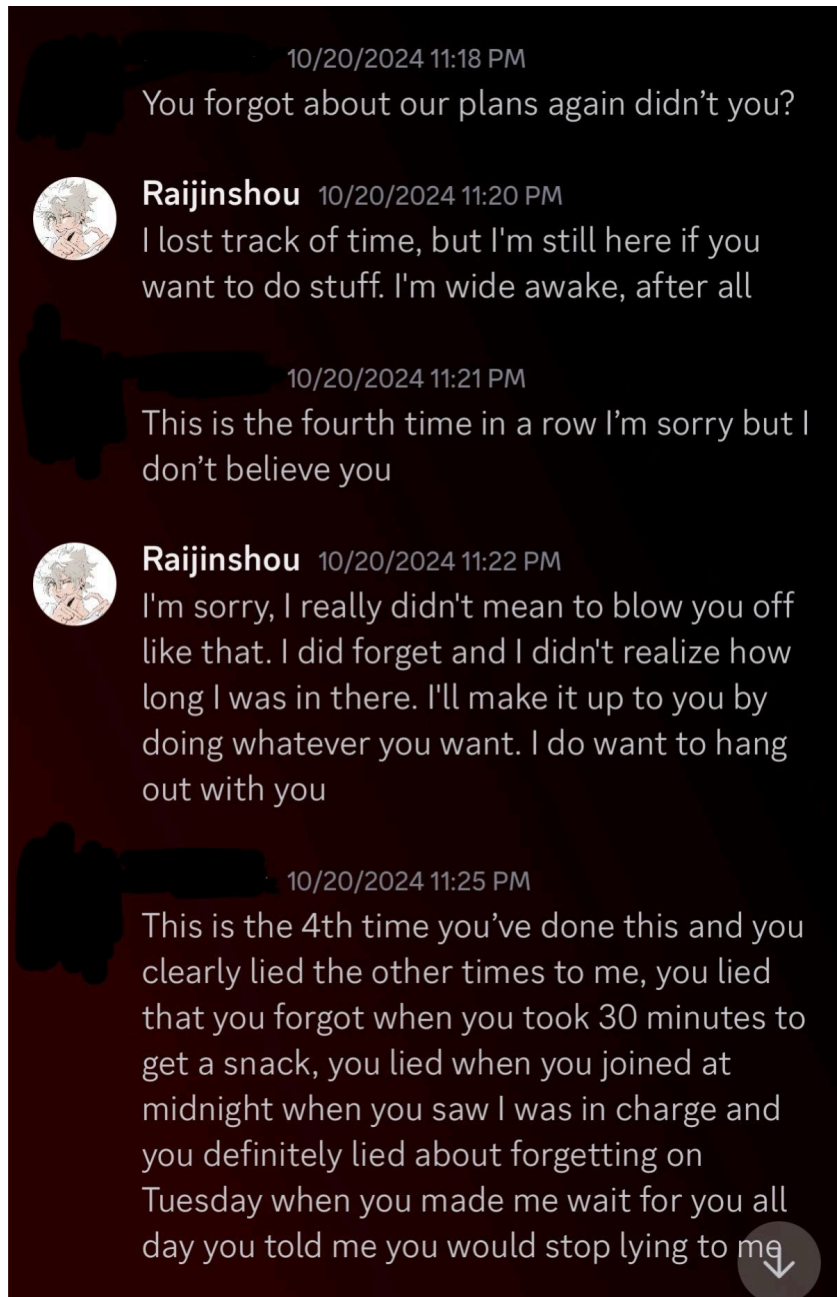

Anon: "After a little while despite mutual friends being in agreement that it was best we ended our friendship I wanted to give Leona the benefit of the doubt because she was having a hard time with personal issues so I put off trying to fix our friendship and just had a period of trying to do whatever to help her feel happy. Despite telling her it would be hard to compromise on things, since it was something she really wanted me to do, I tried compromising and doing things she suggested."

Anon: "Around this time is when she formed her jump force team and began hanging out with a lot of the parody muns that run those accounts. While it would normally not be a problem she started to forget plans she made with me 4 times in a row, 3 times were plans she instigated and she started to talk to me less. If I were to bring up that she flaked on me she would make an excuse about how she didn't lie, when I called her out for the 4th time in a row she admitted that she forgot about plans. At this point, I was getting fed up but she kept apologizing to me

telling me once again she wanted to make things right between us. I was fed up about the way she was treating me so I warned her that this would be her last shot at trying to fix things with me since I kept noticing patterns and I made her well aware that she was doing a lot of the same stuff that we keep arguing about. She promised to make the next day about me to try and ‘make things up to me’.”

Raijinshou 10/20/2024 11:28 PM

I didn't lie back then I just got distracted. I did forget the other times, but I swear I didn't lie to you on any of the other times. I did forget and I hate saying that despite it being the easiest answer. I'm really really sorry and I don't want to lie to you after I've tried to gain your trust again. I promise we can spend time tomorrow just please remind me because I will get distracted. I never want to hurt you and I want you to feel like you can trust me, but I always mess it up. I'm sorry.

Anon: “She upheld her promise, however she has a tendency of relapsing into saying and doing things that she knows upsets me or has hurt me in the past. So I came up with an experiment and suggested it to her, I did not tell her to do it but suggested it keep in mind. She not only agreed but was enthusiastic about the idea, I warned her however that this was her last shot because the strain of trying to fix what was already a doomed friendship was finally taking a toll on me and I couldn’t keep it going if things went bad again.”

10/22/2024 2:36 AM

I want to keep seeing this kind of effort from you so I want to do a bit of an experiment with you if you'll allow it

Raijinshou 10/22/2024 2:36 AM

Hm? What kind of experiment?

10/22/2024 2:39 AM

For a little while I wanted to see our roles be reversed in a sense, I'm not going to put in much effort for a little while so our relationship is going to be heavily reliant on you, if you want to talk to me? Then you're going to have to reach out, if you want to do anything with me on parody twitter? You need to initiate. If you want a good morning text? Make sure you say good morning first. If you want to hang out? Make sure you plan things with me. (edited)

Raijinshou 10/22/2024 2:41 AM

I can do that. I won't let you down.

10/22/2024 2:42 AM

Good, I'm hoping it'll give you a bit more of an understanding of what I've had to deal with and it'll show me how much effort you're willing to put in

Raijinshou 10/22/2024 2:42 AM

I think it'll help me. Thank you

10/22/2024 2:44 AM

Just know though since you agreed to this, if I barely hear from you after this and it puts more strain on things then there will be only one person to blame

So please show me that you're willing to put in the effort you're telling me you want to

Raijinshou 10/22/2024 2:45 AM

I will. I promise I won't blow this chance.

10/22/2024 2:45 AM

Good, thank you. Love you tons and I hope you know that no matter what happens from here on out 🤝

Raijinshou 10/22/2024 2:48 AM

I love you too, I will make right all the wrongs I've done. I will make you proud.

Anon: “They went back to rarely talking to me, at most sending a few messages at night and morning, only asking me how I’m doing and then dropping the conversation. The most however that we talked during this experiment was them encouraging me to join jump force, telling me that they really wanted me to be apart of their parody team. However a few days later when she asked me how I was doing i admitted to her I wasn’t happy with how the experiment was going because it felt like she was only putting in the bare minimum and it was putting a toll on my mental health. she told me she wasn’t going to let me into jump force because of Asta’s ship with Noelle and it potentially making me uncomfortable. I was still under the assumption that she wanted me on her team so i attempted to compromise with her but she refused. She also told me she was going to ask me to hang out after I got off work but didn’t end up doing it still. I was fed up at this point and attempted to cut her out for my mental health, this is when she started to accuse me of keeping her on a leash and that I “wasn’t her only friend” so she didn’t have to spend that much time with me. She also kept using Darksta as leverage against me, I made her aware of how uncomfortable it made me but she kept doing it anyway.”

Raijinshou 10/22/2024 5:42 PM

True...

Well [redacted] is already friends with Asta, so there's that

10/22/2024 5:52 PM

That is true...

Raijinshou 10/22/2024 5:52 PM

Its really up to you

10/22/2024 5:59 PM

No guarantee I get in though even if I know you so I'd have to think about it

Raijinshou 10/22/2024 6:00 PM

Always worth a shot. Means you'd be in the gc

10/22/2024 6:02 PM

True, would also give one of my accounts a purpose to be active

Raijinshou 10/22/2024 6:02 PM

Yeah! I'm sure we could get you in

10/22/2024 6:06 PM

Don't feel forced to add me though only add me if like everyone wants me in ya know? ↓

Raijinshou 10/22/2024 6:07 PM

Yeah of course! I want you to join, but I'll run it by the others. We're gonna make sure to have questions for everyone who wants to sign up

10/22/2024 6:14 PM

Okay!!! Maybe I'll try with so I could have something unique for the team, I'm gonna work on his drive more too in case that's a requirement

Raijinshou 10/22/2024 6:15 PM

I don't think it's a requirement, but I'll see with the others on if you're in or not

10/22/2024 6:20 PM

Fair enough, I'll make a comment on your post in a sec

Raijinshou 10/22/2024 6:22 PM

Yay!

Raijinshou 10/24/2024 1:59 PM

I'll be completely honest, it's going to show up on your feed and I really can't help that. If you don't want to interact with my Asta because of it, then that's fine, but I can't just not have my interactions with them. It's the reason I didn't get back to you with because I wanted to talk to you about it, I just got caught up with other things. I'm sorry, but it's just at a level where it's inevitable. That's why I mainly wanted to interact with you on Darksta, since that's completely on it's own

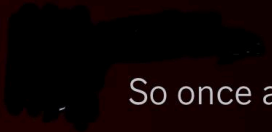

10/24/2024 2:03 PM

I know you can't help it and I'm not asking you to just not interact with them obviously but I more mean in gc settings when I'm active because with Asta it hasn't been that bad. But if you really think that's so impossible then whatever I'll just block your Asta on my accounts and be done with it
And I asked you to stop holding Darksta over me so please stop

Raijinshou 10/24/2024 11:58 PM

I did say I wanted to hang out with you, but in all honesty, I kinda want to be alone today. I am still going to interact with you on twitter, I just haven't been on Darksta much today

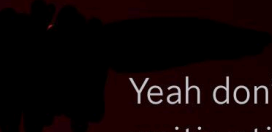

10/24/2024 11:58 PM

So once again you lied to me

Raijinshou 10/24/2024 11:58 PM

I didn't lie, I just changed my mind

10/24/2024 11:58 PM

Yeah don't bother with Darksta I'm not waiting till Tuesday anymore I'm fucking done

Raijinshou 10/25/2024 12:04 AM

Alright man, if that's really how you want to be about this, then I can't be bothered to even fight about this. You are not my only friend. I know I've fucked you over in the past, but this is ridiculous to have me on a leash threatening to cut me off if I don't constantly check in with you. I'm sorry for what I've done to you, but I just don't have the energy to continue trying to please you. Telling me again and again that I'm not doing enough to have a normal relationship with you just puts me off the whole thing and doesn't make me want to communicate because it feels like a goddamn chore to have a normal conversation with you. I just want to be friends, but you keep putting me on these little quests like it's going to do something. That's just not how I function, and forcing it out of me is only going to make me act up more. If you really want to end our friendship because of this, then fine, I won't fight you on it. I just don't want to deal with the constant arguments again and again.

Anon: “We ended things there and then, I have rarely reached out to her since. After reflecting on a lot of this information the thought of her alone gives me panic attacks and I just want her out of my life for good. I’ve even found out from

several friends that she's been spreading weird misinformation about me, including that she's paranoid about me, she keeps telling others that I'm controlling despite me never forcing her to do anything, and she's been telling people that I was being condescending towards her which wasn't true at all. (I will provide proof of her saying at least one of these things to someone below) she will even stop interactions between me and other people just for being on her jump Force team. I'm just sick of dealing with her and I want to get away from it but she keeps finding ways to crawl back into my life when I've made it clear I want nothing to do with her anymore. I just hope that this thread helps her become a better person but right now she's a danger to everyone including herself."

Alright so like asta mun didn't want to be affiliated with you for some personal reason

Which is definitely on my part which I should've asked them before editing and posting

3:51 PM

Yeah we aren't on good terms, I assumed it would be fine since it was maka and not her though

If you don't mind me asking,
who is doing this to you?

I have my suspicions though.

Mereoleona Vermillion · 2:04 PM

~~it's not~~

Okay, good. Sorry, I've just
been a bit paranoid myself
about him

Thank you all for reading through all of this, I apologize if it is lengthy but I did not want to cut Anon short and it felt necessary to get all the facts straight.

Parm

The next person I think we should talk about is Parn (@Himmyhours) a 30-year-old man who runs more accounts than I can get images for, I'm sure there are more accounts but here are the ones I could find images for.

Shipping With an Aged Up Denji account

On Parm's main parody account (@HimmyHours) they ship with an aged-up Denji, and in the Chainsaw Man manga, there is a scene that shows Himeno taking Denji while he is drunk and trying to have [sex](#) with him. AU's is nothing new on parody

Twitter, neither is aging up a character, however, I think it is extremely gross to age him up and ship him with Himeno. Denji is sixteen when Himeno tries to sleep with him in the anime, and they brought him up to 19 to make it less weird. I do not know a lot about the Denji account so outside of this I will not bring them up, but the fact they are okay with this is strange to me.

Oh and here is that same Denji account being hypocritical of the same thing Parm and them do

For the record, both are bad, you can't call out one while aging up a 16-17-year-old to date a 22-year-old woman who tried to molest him.

Parasocial Relationships

I will start by saying most of this will be speculation compromised of a few witness testimonies, I will try to provide any evidence if I can. They joined a mutual discord with Leona and anon #2, however they would never talk in that

discord. Leona decided eventually to leave said discord and parm followed suit. There is heavy speculation that parm used the GC to keep an eye on Leona. Second, there is a testimony from Leona herself that Parm blocked their Darksta account saying “they didn’t want anything to do with it.” heavily implying that they blocked it solely for anon #2 shipping with them since they jumped to Leona’s defence about the Darksta incident. There is also proof of Parm’s Noelle joining jump force, heavily implying that Leona chose parm over anon #2 again, potentially lying about the reason they didn’t let him into jump force. Asta’s parody relationships are 90% accounts ran by parm including his mother, both his girlfriends, and a teacher. This behavior seems to also be consistent with her other accounts as himmyhours is Mereoleona’s boss, Principia her wife, and she is also teaching magic to Himmyhour’s Reze magic.

Being a toxic member of the community for no reason

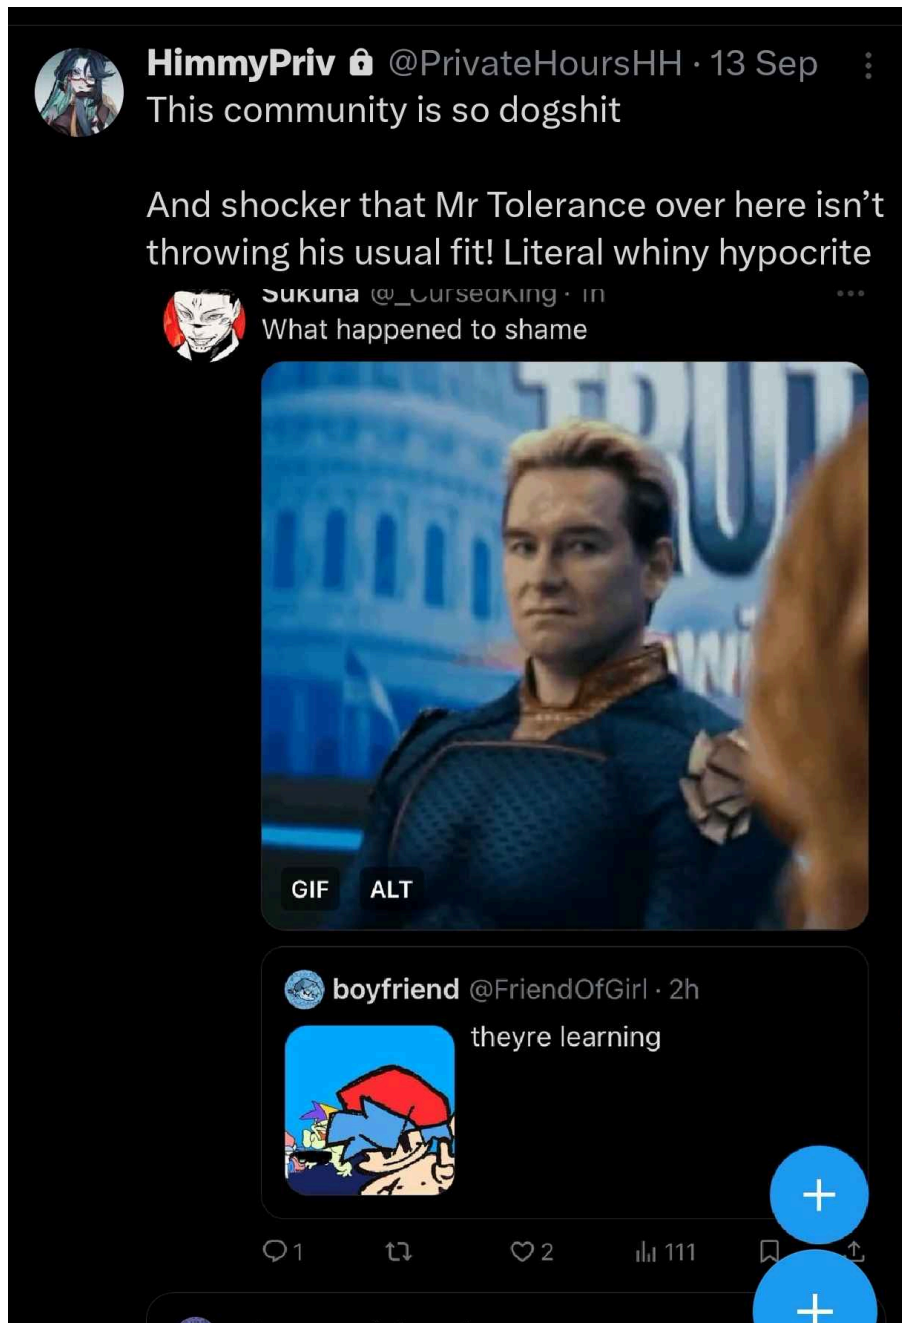

While Anon #2 was mentioning Mecha Sonic as they were some Parm and Anon both talked to, Parm went out of their way to say how much they disliked Mecha. Similar to a few cases with Leona this isn't directly shitty, but it helps show their character which is why I want to include it.

Either way I hate Mecha and
this community would greatly
improve is he was gone!!!

Being Dangerously Dumb

They think I'm not making fun of this account, just because I am not repeating the same sentence does not mean I don't think it's weird, go off tho, unc.

In the drive filled with all the images and extra stuff, there is a screen recording showing a minor who follows the private account, It should be obvious why this is bad, as they are nearly 30.

The link to that drive is [HERE](#).

Asking for your help

I am aware of how lackluster this section of the document is, but I do feel the need to include parm as they are so close to Leona, **If you have any personal experiences with Parm please come forward either by dming me and keeping yourself anonymous or QRT with all the evidence**

Closing Statement

I appreciate everyone who took their valuable time to read this, and I do apologize that you had to see any of this, I did not take joy in having to spend months of my time putting this together, but I felt the need to bring awareness to this, as I would feel like an accomplice if I did nothing.

As a 17-year-old within the parodying community I was disturbed by all of this, and seeing other people I saw as friends interact with them knowing everything made me want to make this.

I do not want to celebrate the fact I found this information, I instead would like everyone to be happy that this person will most likely be gone in the coming months, but without making jokes about it, as I don't view this as a joking matter.

Thank you again for reading this, and please repost this to spread the most awareness we can - Mr. Tolerance

Also stalking a 17-year-olds account is kinda weird, but that's just me tho 🤔
