

SHIFT Project History At-A-Glance

Project Name Generation Conscious Laundry Refill Station	Project ID Number?	Chartfield
---	---------------------------	-------------------

Project Description / Scope:

This project proposed the implementation of Generation Conscious laundry detergent refill stations around campus. The refill stations, installed to be conveniently accessed by students, dispense laundry detergent sheets that are toxic free, hypoallergenic, biodegradable, and without the plastic wrapping or packaging of typical store-bought laundry detergents. Each sheet is \$0.20/sheet, which is ~15% cheaper than Tide Pods on subscription from Amazon. This project will allow more students to reduce laundry costs, thus improving hygiene and freeing up limited funds for other basic needs like food and housing.
