Grooming, coercion, manipulation, sexual extortion and similarly severe misconduct towards 12 year old victim

When Nori was 14 years old she had a relationship with Z, another FPE artist who was 11 at the time. Here, she had lied about her age and stated that she was 12.

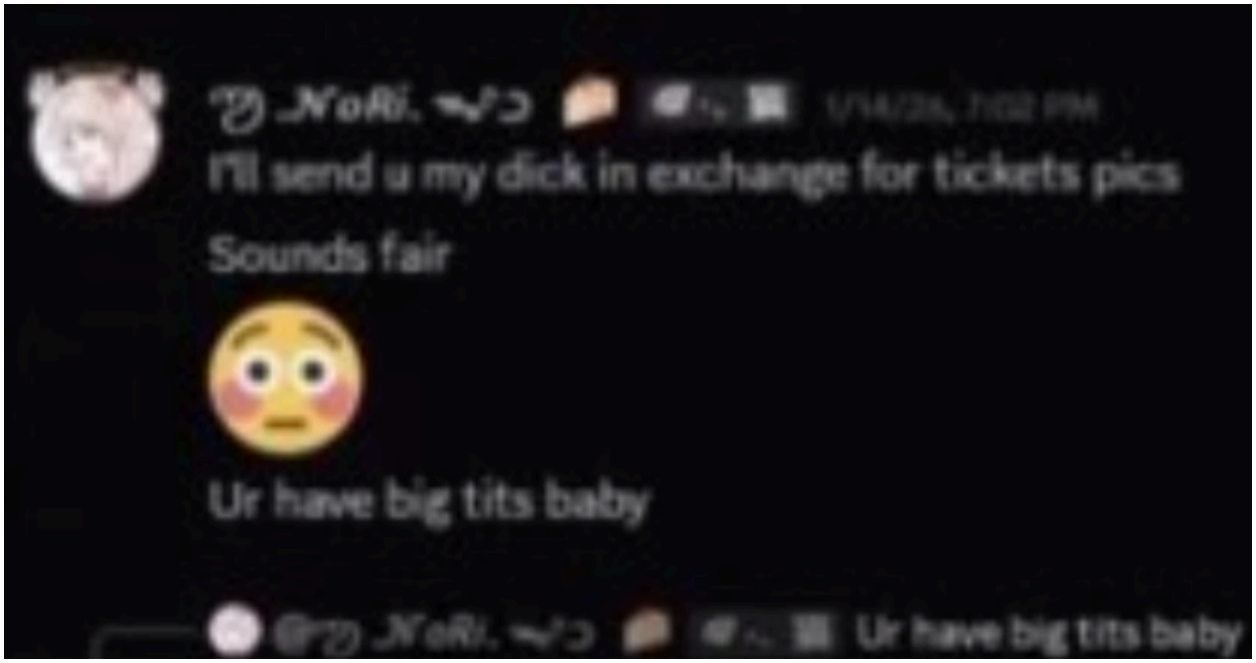

Despite Z's age and the difference between their ages and maturity levels, Nori continuously brought up sexual topics with her such as fetishes, pegging and similarly mature topics.

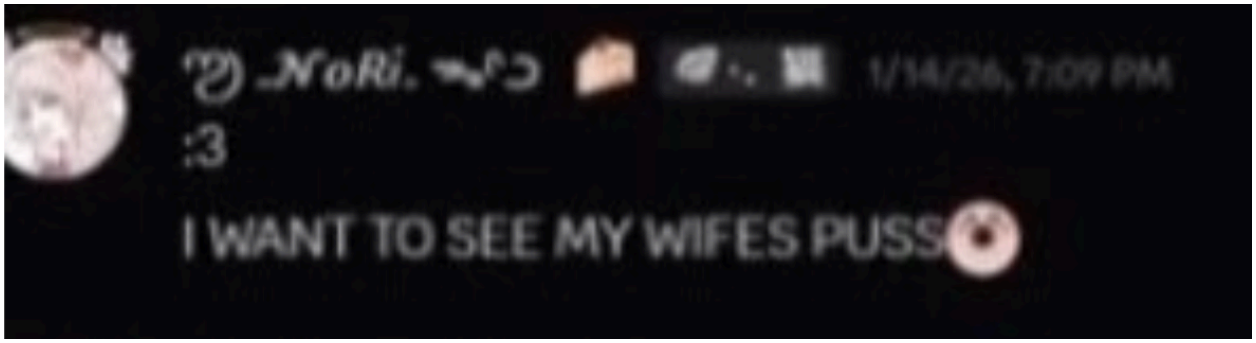

(Nori: Tyyy:3. Ny4n/Z: NPP LOVE :3. Nori: I'm going to peg you with my tentacles Katie:3. Z: PLEASE DO!!. Nori: I'll put my tentacles in your pussy.) - 1/14/26, 8:27 PM

This eventually got to a point in which Z had sent CSEM involving herself to Nori.

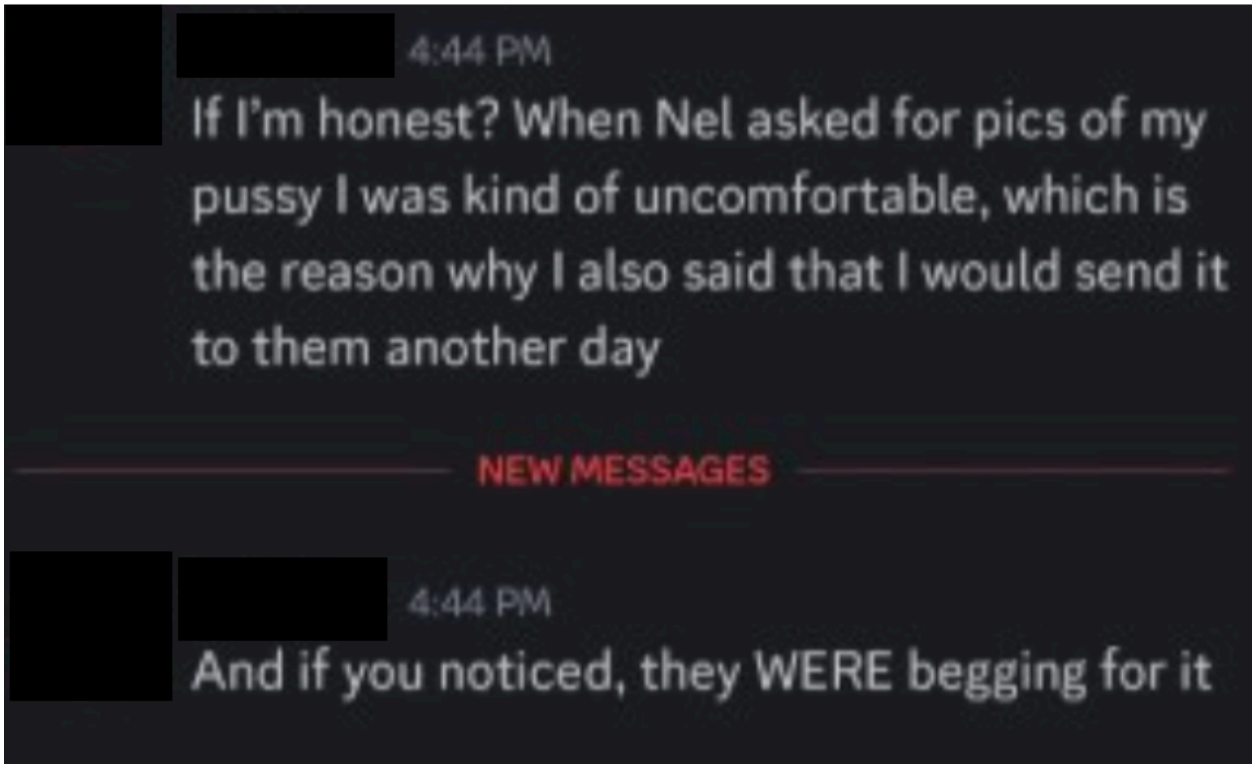

(Nori: I'll send u my dick in exchange for tickets pics, sounds fair. (MESSAGE DELETED - CSEM INVOLVING THE VICTIM) Ur have big tits baby.) - 1/14/26 - 7:02 PM

(Nori: :3 I WANT TO SEE MY WIFES PUSS) - 1/14/26, 7:09 PM

Although she initially went along with these discussions, Z later admitted that she got uncomfortable when Nori had brought it up.

When Z had tried to push it off to the next day because she was uncomfortable, Nori started to guilt-trip and beg for the pictures to be taken that day.

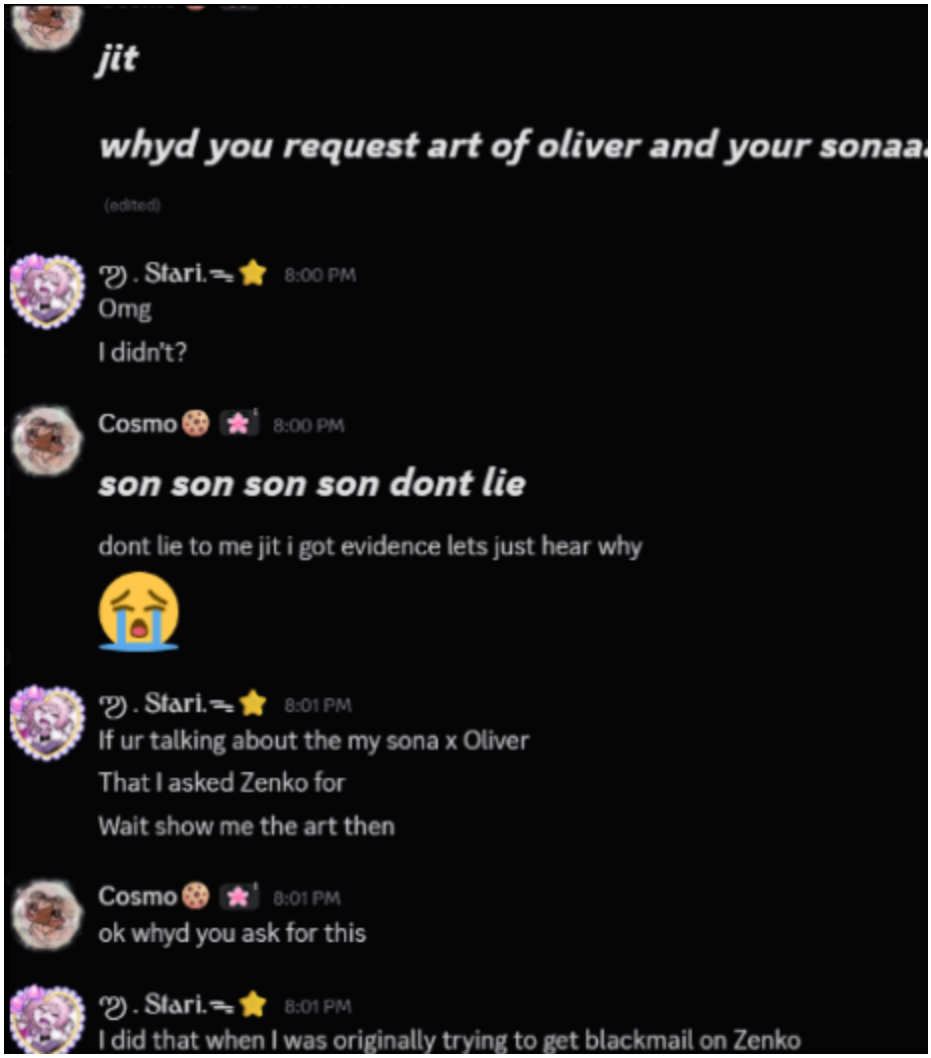

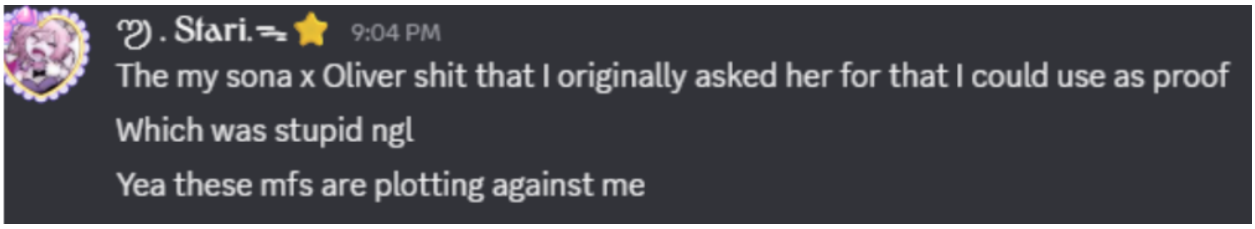

(Nori: Why not today. Ny4n(Z): CUZ!! no :p. Nori: Why wud u do this to me. Z: HEHEHEHE. Nori: Me depressed now. Z: NONONO IMSORYYY :C. I WUV UU DONT B SADD. Nori: T-then..c-can I have it n-noww. Pwetty pweasee… I'll be a good gwirl..) - 1/14/26, 7:12 PM

After, and even during, the time when Nori was actively grooming Z she seemed to realize just how wrong it was as she started building a case on Z.

To do so Nori asked Z to draw darkship porn of her sona and Oliver.

I DELETED OUR CNVERSATION BUT HERES DA DRAWING

HOLY SHIT
-E-EDW4RD-D- 1/26/26, 11:55 AM
YES SHE DID ASK ME TO DRAW THAT

During a time in which Z was under an extreme mental crisis, Z had relapsed into self-harm and had begun creating sexual artworks involving Katie's persona and artworks involving characters that are minors. After returning to normal health through another one of Nori's friends - N, Z had stopped, apologized and sought forgiveness from the FPE community for her own misdeeds.

During this mental breakdown, Nori had the ability to prevent this severe crisis from happening had she reached out, comforted and educated her about her behavior. Instead, Nori privately reached out to Z and admitted that she "wished to run a private proship account just like her" and then requested Z to create NSFW involving Nori's persona and Oliver. Once drawn as per Nori's request, Nori had then used that image against Z. When confronted regarding this by

Nori's friend - Cosmo, she states that it was meant to be blackmail and was to be used as "proof". In other words, Nori had sextorted Z and blackmailed her into silence and obedience.

The above tactic - blackmail/sextortion - is commonly used by predators to silence their victim(s) from speaking out via threatening to leak sensitive information obtained by and in regards to the victim (such as sexual or obsessive behavior towards the groomer, personal information - names, addresses, vulnerabilities, etc.) so as to silence them from speaking out on the abuse.

CSEM Possession and Distribution

Clur has admitted to possessing and distributing CSEM involving images of Z during her pre-teens and similar images of other minors.

Clur has also distributed CSEM among many other individuals within her friend group.

One case of this was seen in Nori's DMs with a friend where she admits to having sent around explicit pictures of Dango's partner to her other friend, Cam.

I fucking repeated the [redacted] incident 

ON GOD I CAN FIND PROOF

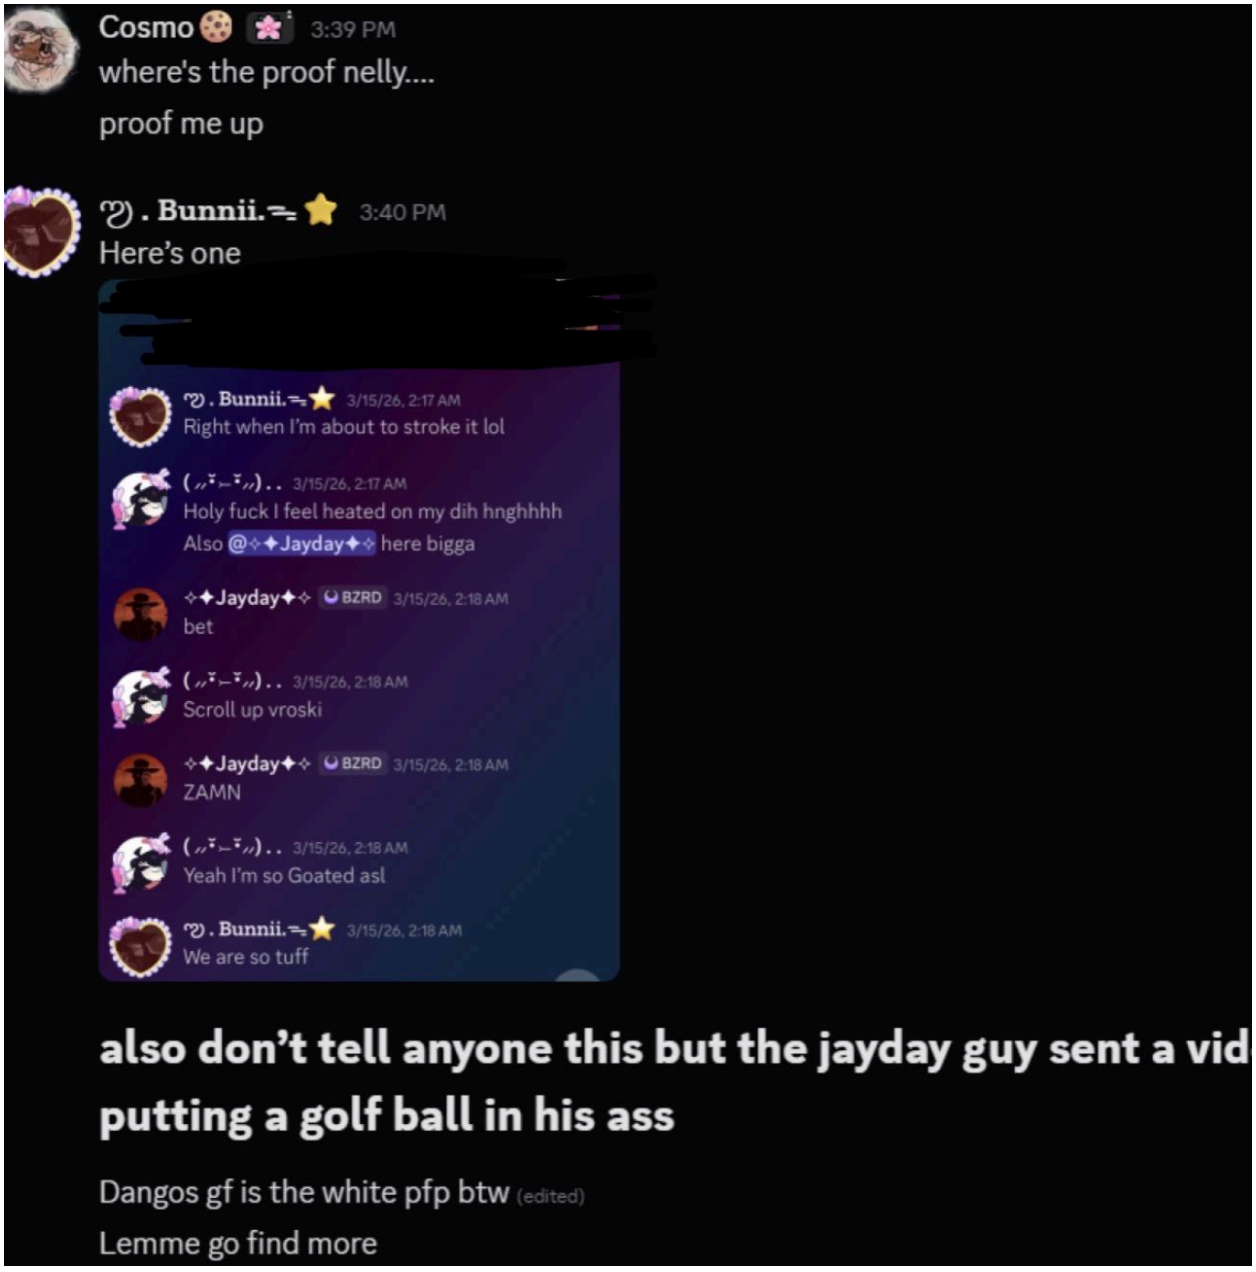

Cosmo 3:36 PM

HOE WHY DO YOU STILL HAVE THOOSSEEE

OK FIND IT

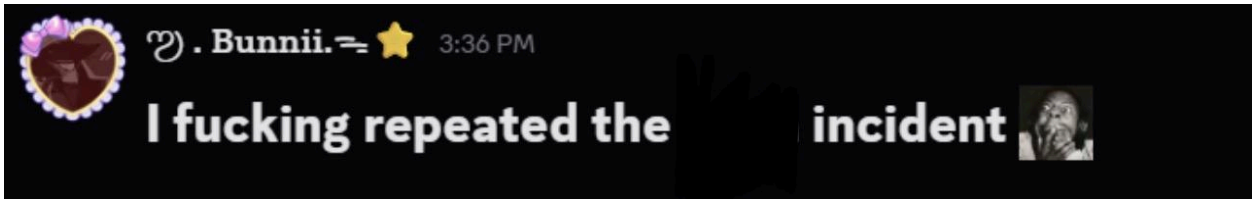

Nori tells Cosmo (one of Nori's friends) that they must not tell another outside party in regards to CSEM possession and distribution amongst others, then reassured that she can lie about the images and say they're "fake".

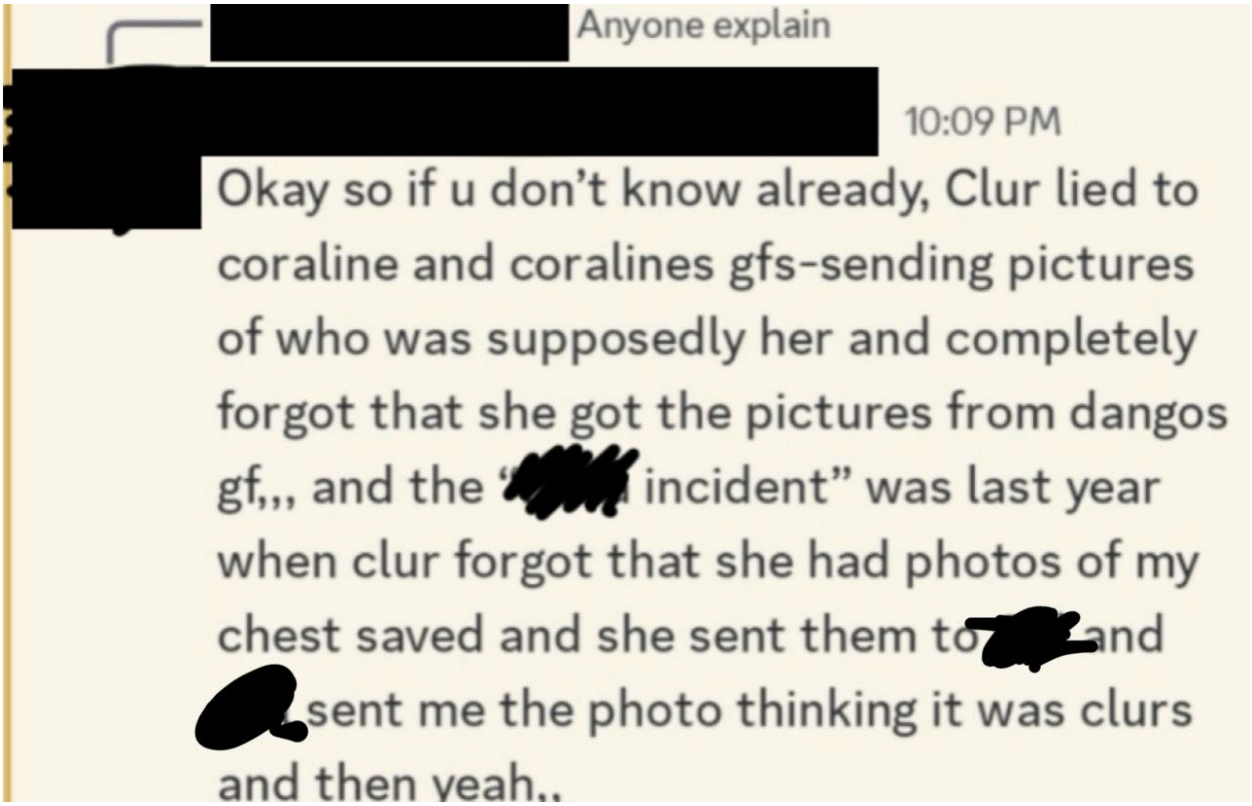

While proving that they were pictures from Dango's underage partner, Nori had once again sent cropped images of the same victim to another outside party - Cosmo.

In this screenshot, Nori mentions that she had "repeated the L___ incident."

This refers to a prior situation in which Nori had saved pictures of L's chest and distributed them to her friend later on. Note that this occurred when L was between 12 and 14 years old.

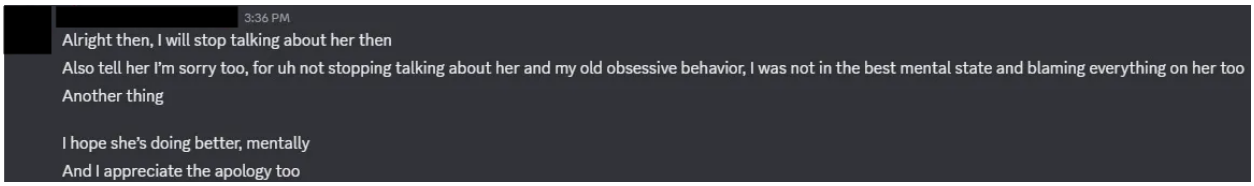

This confirms that Nori has possessed and distributed CSEM involving two, if not more victims whose ages were within the 11-13 age range.

Z's "Apology"

Nori has circulated an image involving the victim, Z, "forgiving" Nori, along with N conversing with Nori regarding the actions Nori committed, denying the fact that it was grooming.

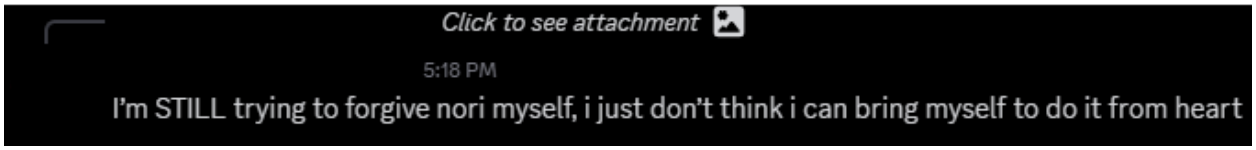

"Alright then, I will stop talking about her then"
"Also tell her I'm sorry too, for uh not stopping talking about her and my old obsessive behavior, I was not in the best mental state and blaming everything on her too"
"Another thing"
"I hope she's doing better, mentally"
"And I appreciate the apology too"

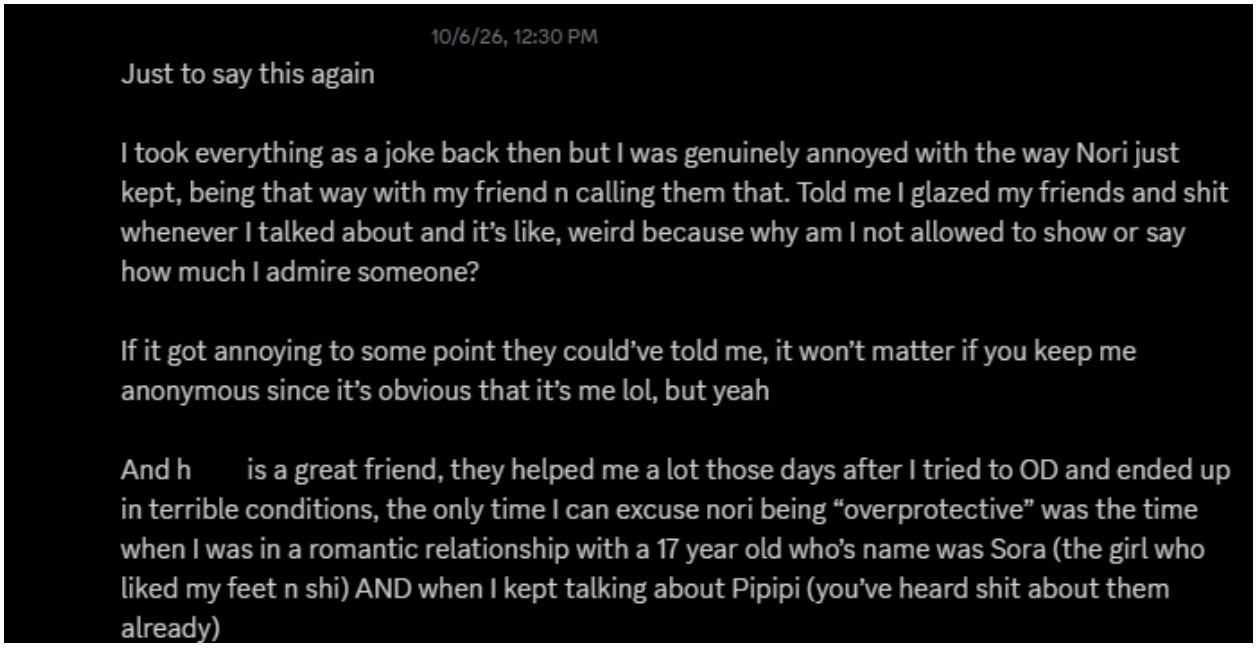

But yea
Replied to You
Be honest u know good and...
Yea no now that u cleared it up yeah
So tell ur best buds that
Seen
U still were doing some really not ok stuff that isnt excusable but it wasnt grooming, you improved on yourself over time though and proved your not like that anymore
Which is freaking awesome sauce
Thank u

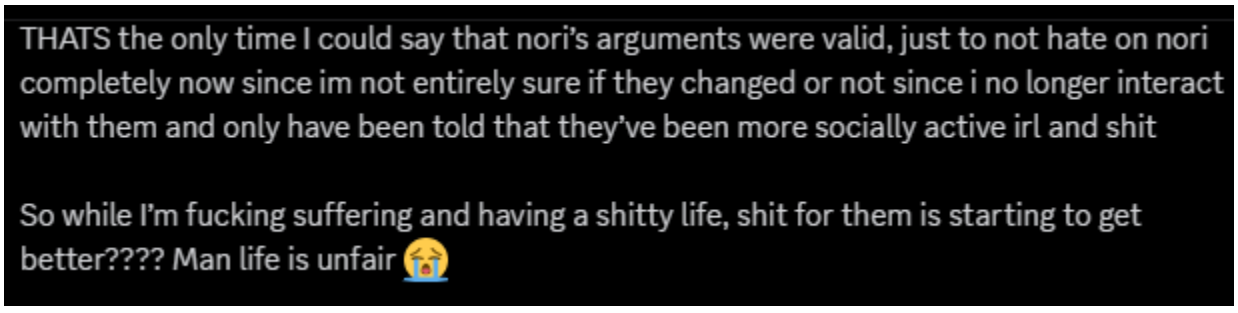

Here, the victim has expressed that they've felt a sense of deep injustice and insecurity after having forcibly "forgiven" Nori.

Below are personal statements from Z.

Please show respect and listen to Z's story before making any conclusion regarding Nori's statements about her being "forgiven".

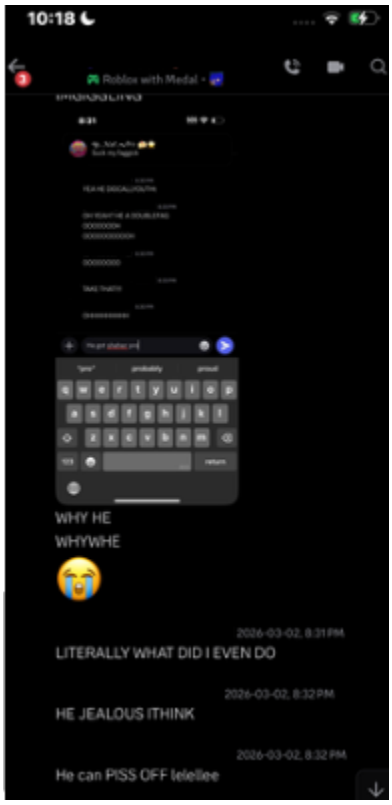

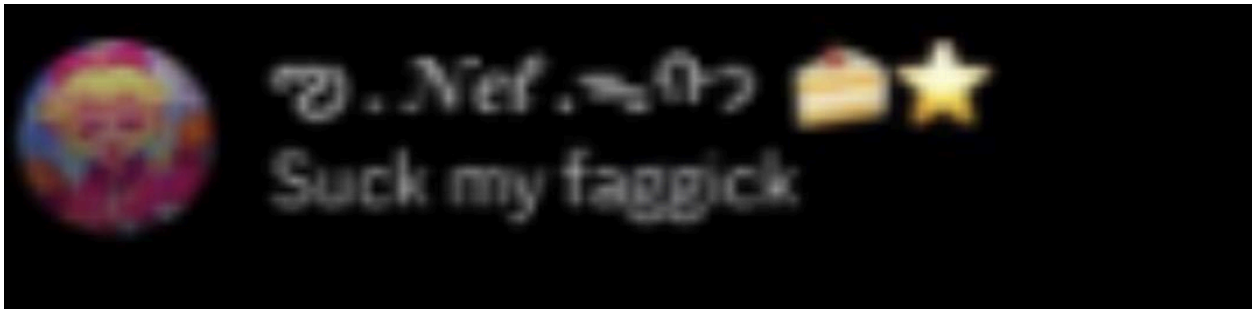

Evidence of said conversation regarding H - one of Z's closest friends.

Images are zoomed in as forensics and evidence only.

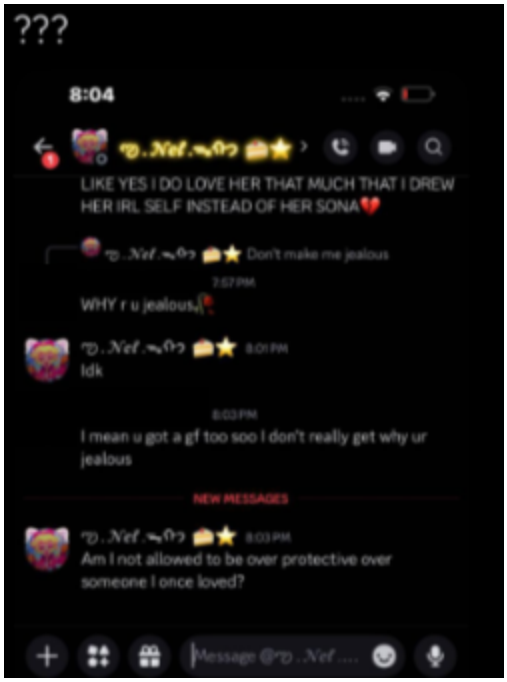

Two people - Z and H - are censored to protect the privacy of both individuals.

Note that Nori, otherwise known as Clur, had also gone by Nel.

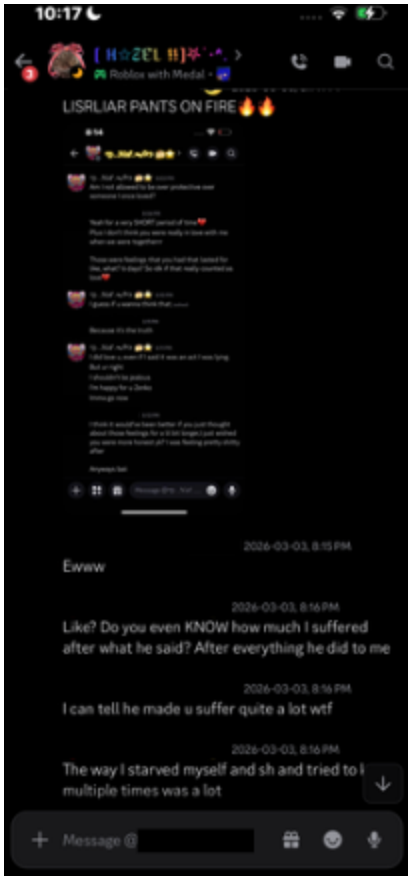

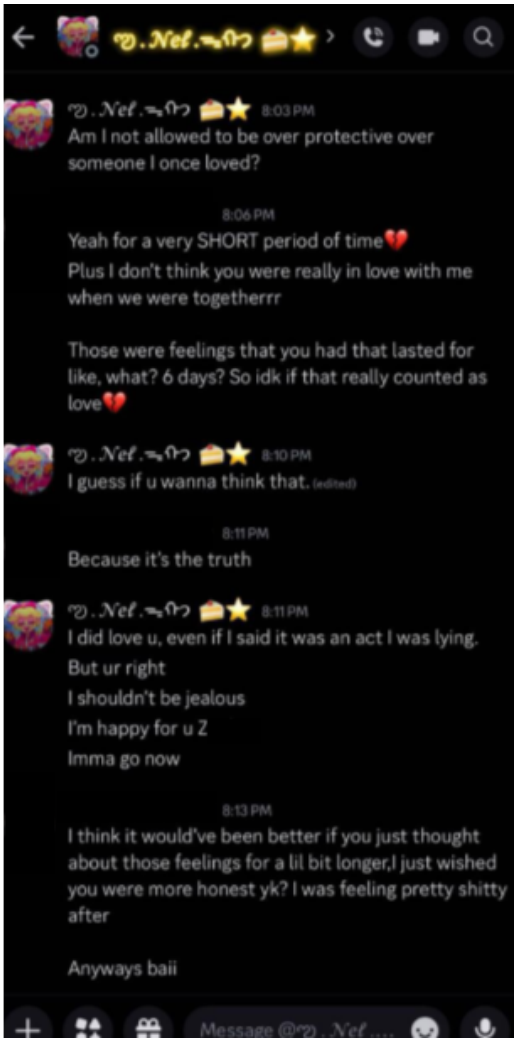

(Image 1: Nel - “Suck my faggick”)
(Image 2: H - “WHY HE” “WHYWHE” “😭”
Z - “LITERALLY WHAT DID I DO”
H - “HE JEALOUS ITHINK”
Z - “He can PISS OFF lelellee”)

Nel - “LIKE YES I DO LOVE HER THAT MUCH THAT I DREW HER IRL SELF INSTEAD OF HER SONA💔”
Z - “WHY r u jealous🥀”
Nel - “idk”
Z - “I mean u got a gf too soo I don’t really get why ur jealous”
Nel - “Am I not allowed to be overprotective over someone I once loved?”
——

(H - “Ewww”
Z - “Like? Do you even KNOW how much I suffered after what he said? After everything he did to me”
H - “I can tell he made u suffer quite a lot wtf”
Z - “The way I starved myself and sh and tried to kill myself multiple times was a lot”)

(Nel - "Am I not allowed to be overprotective over someone I once loved?")

Z then continues and ends her statements regarding Nori's misconduct and how the fandom excuses her behavior and how the fandom acts in strong favoritism.
This is clear evidence that Nori has forced Z to "forgive" Nori after the severe misconducts committed.

When asked about this Nori simply stated that she believed “Cam wouldn’t mind” given previous sexual discussion and imagery being exchanged between the two and that she had warned her before sending it.

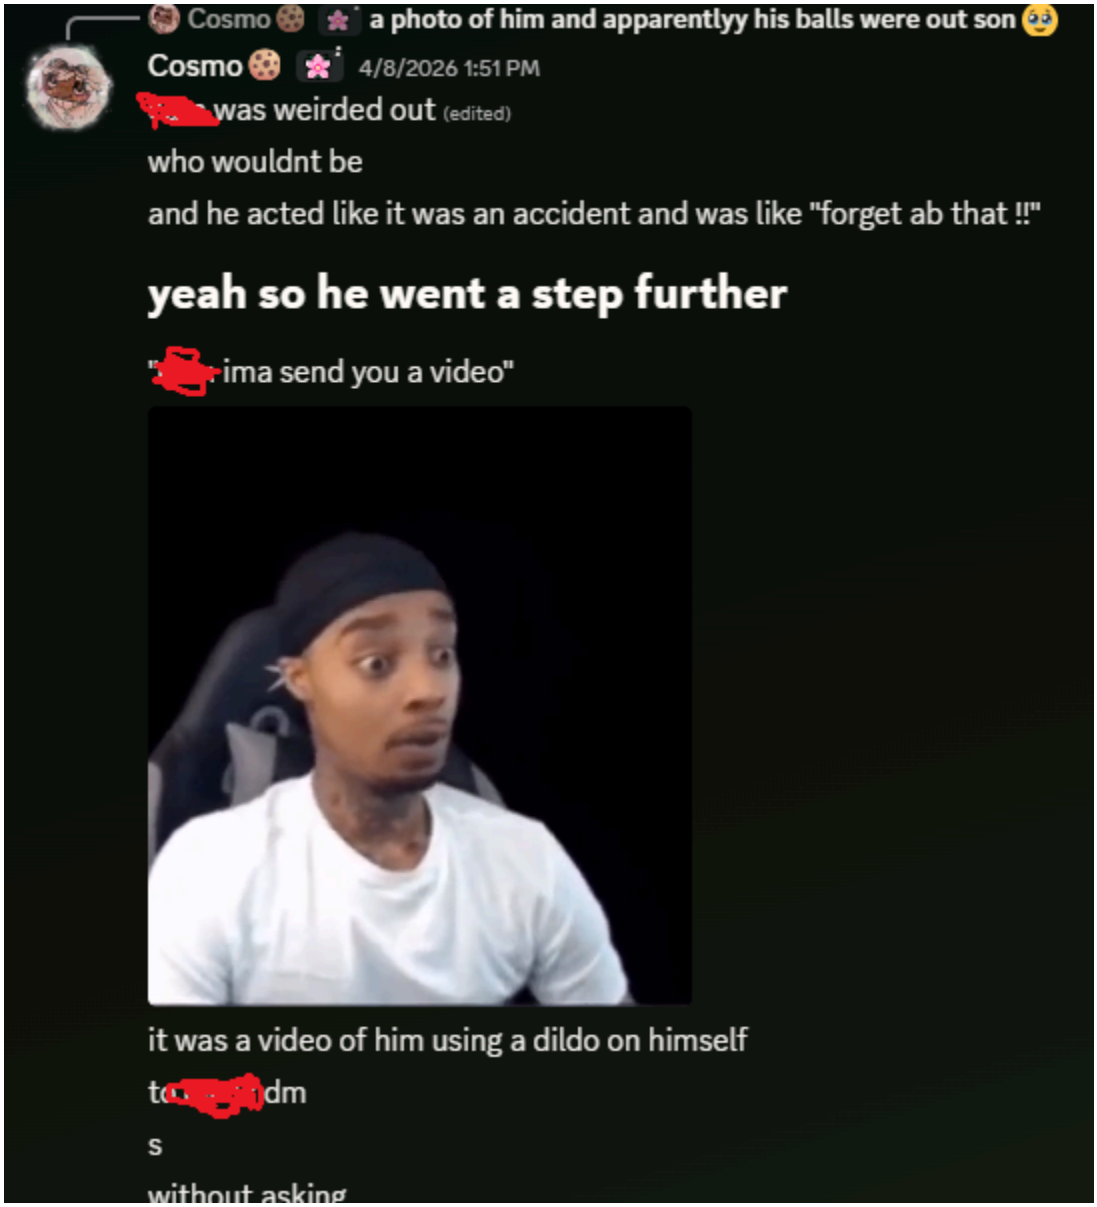

In another interaction between Nori and a friend she had been streaming her Amazon history and, without warning, exposed them to an image of a sex toy.

Another friend of Nori's also confided that she sent them explicit videos of playing with sex toys without asking first.

(Please note that while Nori is referred to with he/him pronouns in this screenshot those are not her correct pronouns)

A statement which Nori herself confirmed happened and acknowledged that it was wrong of her to do so
