

Petition To Rep. Peter Welch From Concerned Vermonters: Investigate Election Fraud

January 4, 2021

To: the **Honorable Peter Welch**, Vermont representative to the U.S. House of Representatives:

Whereas

America and all other republics depend on the real and perceived integrity honesty and accuracy of elections;

More than a third of Americans believe Vice-President Joseph Biden's 2020 declared electoral victory is not legitimate, according to a [Quinnipiac University poll](#);

Well-informed, thoughtful public figures have published evidence casting serious doubt on the legitimacy of the 2020 presidential election;

The consequences of a large minority not accepting the constitutional legitimacy of a sitting president are abhorrent to any thinking American;

When you were asked at a Dec. 22 press conference "if you were persuaded either before or after Inauguration Day that the 2020 general election was a victim of significant electoral fraud, would you call for and support a House investigation?", you answered, "There is no basis for that. We just saw Attorney General Barr, the appointee of President Trump, state that he would not appoint a special prosecutor. Because there was absolutely no evidence to support the allegation that there was any significant electoral fraud. It's not there. So the answer is no...."

Congress has supreme legal authority to resolve contested outcomes of presidential elections;

Therefore

We urge you to publicly support prompt, open, impartial, and thorough investigation by the U.S. House of Representatives into allegations of 2020 presidential election fraud.

We, the undersigned:
