

This is the most recent feral ref I have (she's a sandwing seawing)

Old feral ref (use the one above because this one isn't accurate anymore)

Recent anthro ref, I would like If you could try to draw the anthro (body is mid-sized, she's female with a pear body type, and she dresses grunge in blue-green-brown tones) TAIL IS A SHARK TAIL AND NOT A NORMAL THICC SEAWING TAIL OR SANDWING BARB my rant is done now

Use that if you can access it
