

Grade Level: Grade 2
Week of March 30-April 3

Message to Students and Families:

Welcome to remote learning! This page will be updated weekly, however, you will also have access to archived pages. There should not be a need to print anything; you can have your child write necessary information on paper. A reasonable expectation for daily reading and math work is about 15 minutes per day for each subject. It is not our intent to overwhelm or add pressure to families, rather, we are providing these learning activities as a way to keep your child engaged and productive during their time away from school.

Information for Parents

Directions: Please click these links to view the information

- [Sample Daily Schedule](#)
- [Talking to Your Child](#)

From the Counselors' Office:

[ADA-PEP Family Letter](#)

Elementary Learning Sites:

This website gives elementary students easy access to resources they frequently use in their classroom and the library. It should be familiar to most students. They need to be logged in to their Google account to access it.
