

DM Characters

All of my DM characters are NPCs for Trials of the Undercity, so I'll put them below (I don't have favorites but like... I do)

Clara O'Moore (she/her)

Air Genasi

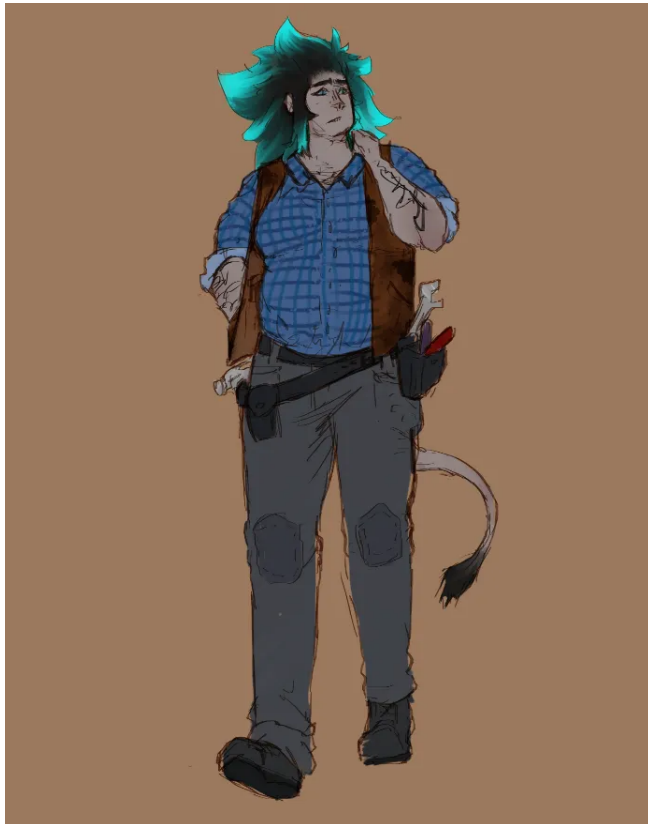

Technomancer 7||Amalgam Sentinel 6 (Branch of Coalescence)

-The current Vessel for Bantau (goddess of technology and progress) as of about a week ago. She is 5'10" and in her very early 20s. She is loud and crass and very smart. She is loud and looks wispy, but always knows what she wants. Her skin is a pale shade of blue and she has white hair tied up in a loose bun, with gold eyes. She usually wears a loose white t-shirt and black jeans with flip flops in a blatant disregard for workshop safety.

Terrance Fortuna (he/him)

Giant/Leonin

Technomancer 8 || Fighter 6 (Echo Fighter)

He is very intelligent, smart, but clumsy and is constantly apologizing. He is a very large man with gray skin. His body is very hairy and his hair grows out in an unruly "mane" of black hair that is dyed a neon cyan. His features are soft and notably feline, and he accentuates his eyes with eyeliner. His outfit usually consists of a vest and heavy work pants with all kinds of

straps over them. The straps and vest pockets are lines with spare parts, tools, and some wearable tech. He always has goggles on his forehead and sometimes loses them.

Kassandra “Kassie” Ayala (she/they)

“Vessel” of Morthal

Tiefling

Bard 8 || Barbarian 8

Her skin is as white as can be, and she has horns that rise straight out of her forehead for roughly six inches. She is in her early 20s and has red eyes. Her hair is kept long and flowing to her mid back and is bright pink. She wears tighter clothes in different shades of black, and over it wears a pink waistcoat. She wields a staff of metal and bone that upon a thought ignites with a hot-pink scythe blade of energy. Speaks very casually and sarcastically.

Tash Lentir (he/him)

Red Dragonborn

Wizard 14 (Bladesinger)

His entire body is a deep, angry shade of crimson and his eyes burn a nasty shade of yellow, and several of his teeth are shattered. He is in his mid to late 20s, and is 6’4” tall. He’s also yolked, if that’s important. He carries around a gnarled great axe that splits into two long hand axes. Speaks wistfully and absentmindedly.

Arcane Overseer Shen Weilai (he/him)

Silver Dragonborn

Wizard 20

Leader of Temcibil

Shen Weilai has ruled Temcibil for roughly 80 years, but does not look a day over 65. An expert in cold, Abjuration, and Divination magics, although he is better than most in just about everything. He rules Temcibil as a solo dictator, a far shot from the old collaborative nature of the country. Temcibil functions as pretty much his personal army, and he is a cruel and unjust ruler. He helps when he can see gain on his side, and is very close to what A’Kelim was as a mortal. He follows him very closely and is rewarded for it regularly. He’s ripped as shit, his silver scales perpetually glisten with frost, and his eyes are all the same solid shade of icy blue, while towering above others at 6’6”. Over these scales he wears a traditional set of white, blue, and platinum wizard’s robes, but covered in glass-like panels.

Jonathan Aneurin (he/him trans masc)

Diving Bell Harvestman

Wizard 15 (School of ???)

Head of Library/Second in Command

Jonathan, as he always reminds people is his name, tries to be a very jovial character, despite his appearance. He is 5’9” and has a very spindly frame. He has four arms and four eyes, and his eyes are a bright solid aquamarine color. During the day he makes a huge effort to come off as smart and full of love for life; talking for hours about his studies and offering help to anyone in the library. In spite of this, he spends most of his night silently sobbing to himself

about a life never lived as he relives the doomed expedition that cost him all of his friends and the love of his life. His spindly frame makes him quite speedy, and he enjoys swinging from the watery globes that circle his library. He wears a strange set of basic leather clothes over his pale tan-blue skin, and a deep blue cloak that he fastens with his two extra arms. Speaks upbeat and slightly caffeinated.

Chrysinth Rivers (he/they)

Human/Aasimar

Blood Hunter/Paladin 5/3 (Order of the Profane Soul/Oath of Vengeance)

A young boy found wandering the Venal desert, leaving ash-glass and pale white-gold blood in his wake. He has amber eyes and unkempt pale blonde hair, appearing no older than 14 or 15 years old, standing at 5'2". He has faint, almost starlike freckles on his face, and a perpetual sort of grey undertone/radiance to his skin. He wears a set of heavy gray cargo pants and a pair of thick black work shoes. He has a plain, albeit somewhat dirty white t-shirt, and wears a dark gray traveler's cloak over everything, as well as a mask over his mouth and nose to keep the ash out. He also wears a black veil over his face from time to time, which is used to speak with Soliria. He has a grey cloth satchel with zippers shaped like stars, and a grey leather belt at his waist with a small black cylinder. This cylinder grows into a roughly 4.5 foot black staff dotted with stars, capped with two rings of light at either end, and topped with two eight inch blades sort of like a carving fork. When it's active, the space between fills with a foot long blade of hard light that channels his Crimson Rites. He wears a necklace with a black leather cord and a 4 point star made of opal. His wings and true Aasimar features have yet to manifest.

Marian Aurael (she/her)

Fire/Earth Genasi

Warlock (Pact of the Fiend) 20/Paladin (Oath of Glory) 20

She died at the age of 38, around 500 years before the campaign began. She had dull grey skin; a face dotted with freckles that look like a mixture of ruby and amber. Her hair used to be a rich honey blonde that faded into a dark orange near the ends, and was usually kept loose. Her eyes were orange, and she stood at 6'0".

(This is how she appears in visions after her death) It looks like she's wearing what was once an ornate, glittery, golden robe with vestiges of flames decorating it. Currently it has burn marks and holes put through it. Trickle of red and orange streak her skin. She is burnt and covered in blood. She has a wicked looking glaive in her hands, a long length of black metal and two blades that jut out of the top and the area between the blades is ignited with this dark bronze colored fire.

Player Characters

Vera Wyxil (No party yet) [she/her]

-She is a 5'8" Lore Mastery Wizard and I love her very much. She has her own lore doc [here](#). TW for child abuse.

Tide (Halloween 2020) [he/they]

-They're a Water Genasi that stands about 5'9" in height and is one of the biggest nerds you'll never meet. They're a Circle of Land Druid. His skin is a pale translucent shade of grayish blue, which allows people to see into his body. The inside of his body doesn't show bones or veins, but rather shows several floating gardens of underwater plants contained entirely inside his body. His hair is a dark greenish gray and is kept about chin length but is usually tied up into a very poor imitation of a bun and his eyes are a dark shade of sea green. He wears a casual blue v-neck t-shirt and a pair of khaki cargo pants, along with a pair of gray sneakers and a necklace with a chunk of coral on the end of it. He carries a staff roughly 6 feet in length, made of a pale, almost ghostly kind of wood.

-His catchphrase is "You wanna hear a cool ocean fact?"

Tomomi Ishihana (Strawberry Lipstick) [he/him]

-He's a 5'10" Earth Genasi and always has a smile on his face. He is an Order of the Mutant Blood Hunter. His skin is a very dark shade of gunmetal gray that has a metallic tint to it, and in his skin across his body and face are small shards of chrysoprase that grow almost like freckles. His hair is a very dark shade of blonde that falls just past his shoulders, and is always tied up into a ponytail, and his eyes are a dull green. He wears a set of scale mail armor and loose fitting pants that are tied off around his mid calves, and he wears a set of black heavy duty boots. His weapon is a simple longsword kept at his waist and his right arm has a shield on it.

-(Art is old but this is him more or less)

-Thank you Koshi

Kajiya Incotan (SydelInds) [she/her]

-She is a Battle Smith Artificer

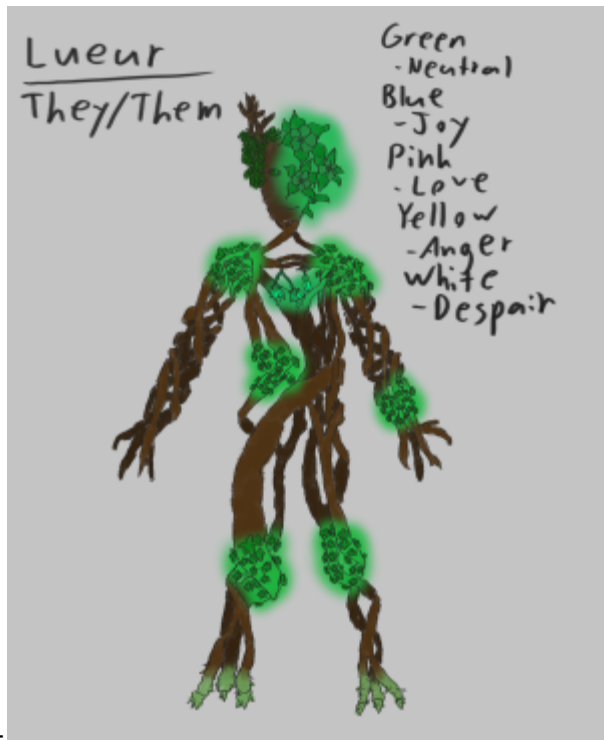

-Kajiya is 6'6" (6'2" without her horns) and built as all hell. She's been smithing since she was old enough to hold a hammer without smashing her fingers, and as a result she's been building muscle her entire life. Her skin is a pale cream color with a faint pink hue and is covered with remnants of old burn marks and scars from blades that didn't move the way she needed them to, and her eyes are a pear color and almost always have bags under them. Her horns are thin and rise a full four inches above the rest of her head, and are tipped with an area of faint green. Her hair is an unruly mess of mahogany that falls just past her shoulders and is usually tied up in a bad ponytail that fails to keep hair out of her eyes for very long. Her armor is a set of scale mail that doesn't cover her arms a lot, where she prefers to simply wrap her forearms in heavy cloth to make smithing work easier. She wears a pair of knee high metal boots to protect her legs better, and she carries a spear across her back with a tip in the rough shape of a flame.

-This is the only image I have, thank you Koshi

Lueur (Sun Killers) [they/them]

-They are a 5'5" Twilight Domain Cleric. They are made up of a loose collection of vines/branches (probably), their legs end in clawed feet made up of thorny vines. The left side of their head/left eye is covered with a collection of columbine flowers, their shoulders/left wrist/knees/lower right stomach are covered in delphiniums, and their chest is a hollow cavity filled with 5-6 fuschias. All of these flowers are bioluminescent and are usually a soft green/turquoise color, but tend to change with specific emotions (yellow for anger, pale white for despair/fear, pink for love, and light blue for strong joy).

Calista (Pantheons) [she/her]

-She is a 5'11" College of Glamour Bard. I lost her description but her skin is cherry blossom pink and her entire aesthetic is glitter. I have like a half finished ref lol
