Kimbab Family

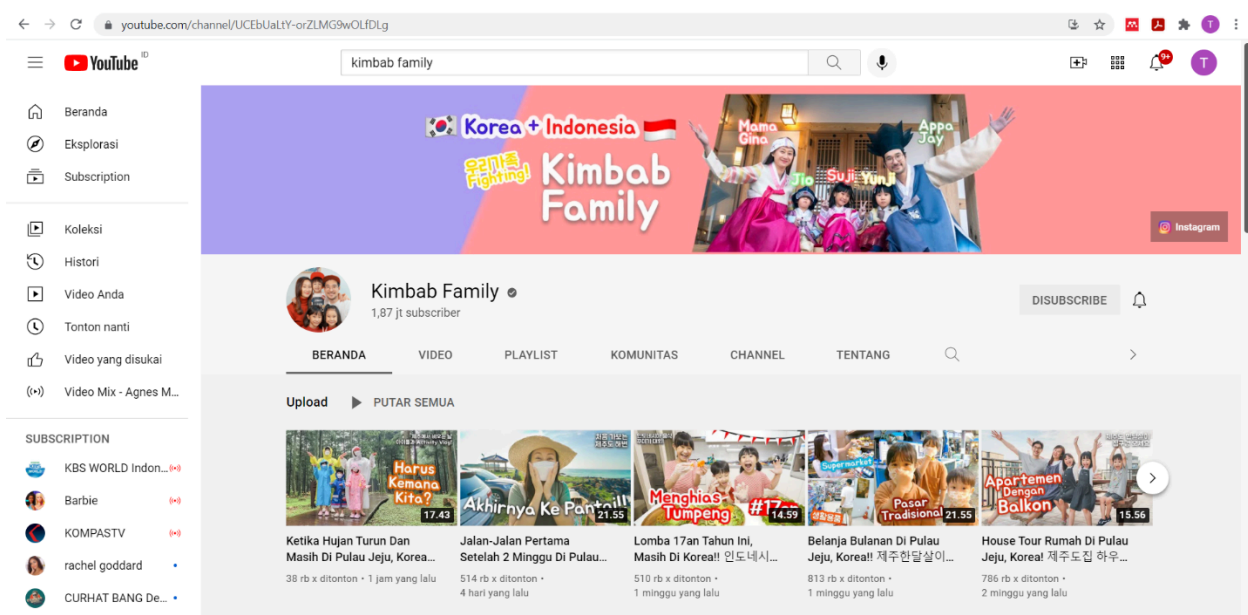

By : Tantri Dena Ambiko

What is the Kimbab Family? Kimbab Family is a multicultural family from Indonesia and Korea that lived in Seoul, Korea. Kimbab Family has created its name by their favorite food from Korea, Kimbab. Kimbab Family has 5 members, Jay Yeon (Father), Gina Selvina (Mother), Suji, Yunji and the smallest, Jio. Based on their Youtube Channel, Kimbab Family, they are a really lovable family. *Appa* Jay, known as the father of 3 Mini-Yeon, has good parenting with them, and also *Mama* Gina.

They share their daily routine as a multicultural family in their vlogs and its fun challenges. Based on their vlog, *Q&A Tentang Parenting! 30만 구독자 기념 Q&A*, Mini Yeon-Squad are never get some languages special course when they are still baby. So how They get the double languages? *Appa* Jay and *Mama* Gina just talk to Them in their mother languages everyday. Both of Them, use bahasa Indonesia when *Mama* Gina asks their children, and Korean when *Appa* Jay turns. That also makes Them comfortable whenever they practice it as a habitual conversation.

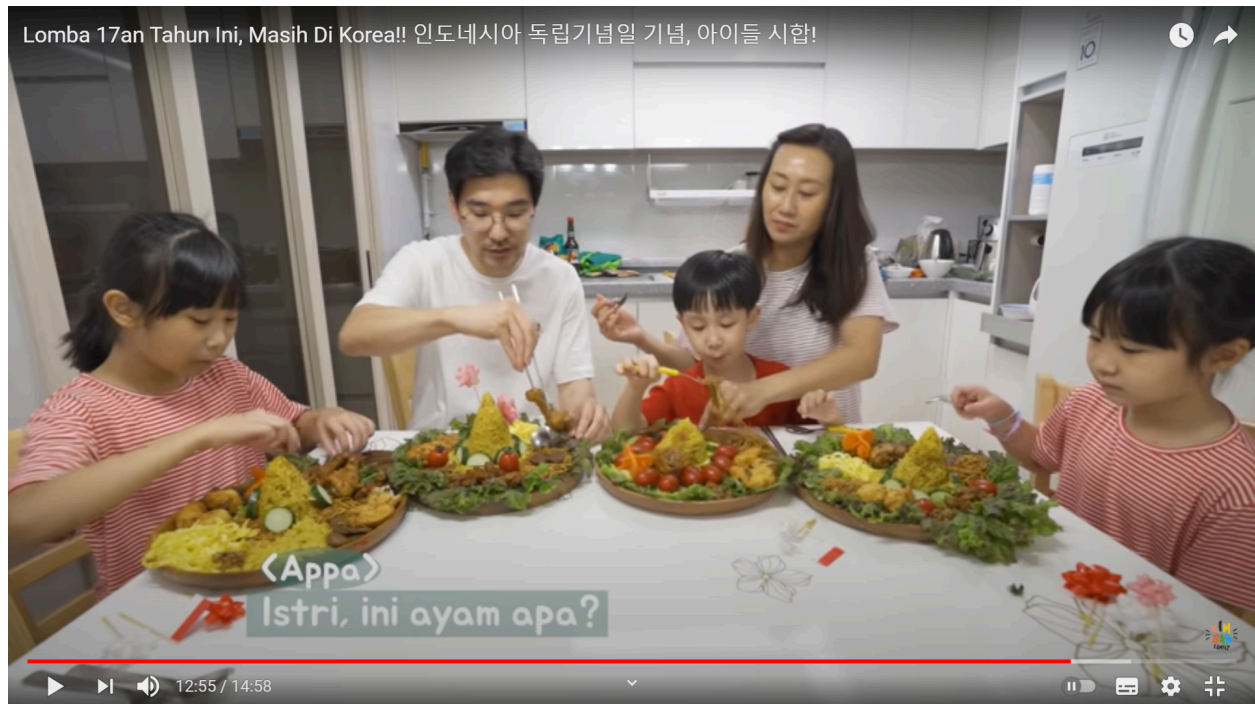

Kimbab Family as a multicultural family also makes some fun challenges. The newest challenge is the Decorating Tumpeng Challenge, to celebrate the 76th Indonesia Independence Day at Jeju, Korea. Tumpeng is known as a traditional food from Indonesia that is commonly used to celebrate something. On this vlog, children decorated Tumpeng as prettier than *Mama Gina's*. After that, *Appa Jay* or *Pak RW*, will give Them a score by seeing its Tumpeng. At the end of its vlog, They appreciated all of their creative Tumpeng by eating and sweet small talk together.

Based on the Kimbab Family, having a multicultural family isn't a big problem. As humans, We have social skills, and it's so worth it to apply in our life. The collaboration of attitude, how to talk better and appreciate could make it be a lovable family. If someday, You get a nice multicultural family, How about You? For your new journey, please fill the task at <https://forms.gle/rwse3TrEJYv8JDXW8> and Good Luck!
