CLAWSON ELEMENTARY SCHOOL'S
IN-DISTRICT FIELD TRIP
PERMISSION SLIP

Dear Parent/Guardian,

Throughout each school year special field trips are planned to support our curriculum. When field trips are outside of Clawson, your child's teacher will send home a specific permission slip for you to approve and sign.

Since some of our educational field trips are within the Clawson community (the Clawson Performing Arts Center, Clawson Museum, fire hall, police station, post office, park, etc.) we thought it would be helpful to have one permission slip at the beginning of each school year that you could sign for all field trips within the community of Clawson. You will be notified about trips to the post office, police station, etc., and any trip that is more than a few blocks away from our building.

Please read and initial below__

My child may participate in all field trips within the Clawson community sponsored by Clawson Schools during the current school year.

While my child is on any field trip it is my understanding that the school district personnel in charge will take all normal precautions to ensure the safety of all students. I further understand that I have the responsibility to see that my child understands they must cooperate and obey the school district personnel in charge of any field trip to the fullest extent possible.
