Alright so here I am, going to make a response to this situation of me being accused as a pedophile.

First of all, I am 15 years old. It is not even possible for me to be a pedophile, as I am not over the age of 18.

I hate pedophiles. I really do. There is no reason for me to become one myself. What do I gain out of preying on minors?

Now lets talk about the "CP" part.

People are claiming I asked igna for the CP. I do not engage in this stuff, nor would I even want to look at it. It's disgusting. Why would I ask for it? And igna has it saved so go call him the pedo not me, please.

Now, the "13 year old" I asked.

It was an alt account named Ham that I had for the funnies and I was bored and had nothing else to do. I never asked for nudes or anything. All I asked was if they jerk off.

The same goes to Hollywood/obama, who is 18 years old. If anything he'd be the pedophile if we did weird stuff together.

I just want to respect morals and just state the fact that if you're not 18 or older, you can't be a pedophile.
