## THE SCHOOL

Logos Online School is a 7-12<sup>th</sup> grade non-denominational classical Christian school in Moscow, Idaho. The high school core curriculum is composed of all honors-level courses or Advanced (A.D.V.) level courses in lieu of Advanced Placement courses. \*Students must sit for and pass the A.P. exam with a score of 3, 4, or 5 to receive the AP designation on their transcripts for that course.

Our school aims to graduate young men and women who think clearly and listen carefully with discernment and understanding; who reason persuasively and articulate precisely; who are capable of evaluating their entire range of experience in the light of the scriptures; and who do so with eagerness in joyful submission to God. We aim to find them well prepared in all situations, possessing both information and the knowledge of how to use it.

We have 1,586 students in our classes with excellent, dedicated faculty and staff in all content areas. Our pupil/teacher ratio is low, approximately 20:1.

**SAT TESTING** Due to the high academic standards and expectations required at Logos Online School, strong test results have been produced on the SAT that exceed state and national score averages.

Verbal	Math	Average
621	627	1248

**No CLASS RANKINGS:** Although our program is extremely challenging, a significant percentage of our students excel in their studies. Consequently, a typical percentile class ranking discounts the academic achievements of a number of these deserving students. In addition, we desire to foster cooperation rather than competition within our student body. Given these two factors, as a policy, we do not rank our graduates.
