Misha Collins (Castiel)

Just print this out and hand it to him

We should all send the link to him. Maybe he will just start to answer here.

- What is your opinion on the popular fan theory that Cas is trans (because angels don't have a concept of gender but in the end he identifies as a man)?
- In the apocalypse world when you met apocalypse Cas, why didn't you steal his wings and grace? If that's another version of Cas surely that would count as his own grace unlike when stealing other angels and put Cas back at full power?
- Why did Cas keep baby trapping Dean?
- Can you make Jensen release the tapes?
- When do you think Dean first realized he was in love with Cas?
- In season 5 Cas carved angels cant find us stuff on Sam and Dean's ribs, but by season 8 Cas & Naomi could find Dean again so when did that stop working?
- **Why final**
- How awkward was Cas and Jimmy's meeting in heaven? Follow up: thoughts on CasJimmy?
- What was gonna be Dean's reaction to Jimmy in heaven and how long and did he figure out it wasn't Cas or was Jimmy like dude wtf?
- Misha how do you think Cas having Jack and becoming a for real father changed or influenced his relationship with Claire?
- What would Cas think of Jack becoming god??? specifically with the whole leviathan thing
 - Rewording this: Considering Castiel's disastrous stint as God in Season 7 and how much he regretted his actions, what do you think his reaction would be to Jack becoming God? Would he be upset with the Winchesters for allowing it to happen?
- In the billions of years before 2008, what do you think Cas's life was like? What do you think he did that warranted his memories being erased by Naomi, as revealed to us in season 8? Did Cas ever have any friendships with other humans, take a vessel other than one we've seen, or fall in love with another human before Dean?
- If Cas and Dean had met each other in heaven in 115x20, how do you think that would have played out? What would they have said/done?
 - **WHEN** Cas and Dean meet each other in heaven. (ASK JACKLES THIS TOO)
- **Can u share the gay Cas essay? Pretty please???**
- How would Cas feel about the fact that Garth named one of his children Castiel?
 - How do you think Cas would react to meeting Garth's kid Castiel. (this way Misha has less time to flounder)
- What's your favorite Destiel moment in the entire series?
- Was there any special preparation that you did before filming the confession scene in 15x18? (°_°)
- In your opinion, when should Cas' birthday be celebrated?
- When would you say did Cas first realize how deep his feelings for Dean really went?
- What would Cas and Deans first kiss be like?

- When do you think Dean and Cas had their first kiss?
- **Why weren't you and Jensen in the CW thank you video**
- In 15x09, when Dean finds Cas again in purgatory, Cas cuts Dean off after he says he has something to say telling Dean that he already heard his prayer. Why do you think Cas wouldn't let Dean apologize face-to-face, or was he afraid of something Dean might say (someone rewrite this question to make it make sense you know what I'm trying to get at)
 - Rewrite: When Dean finds Cas in purgatory in 15x09, Dean wanted to tell him the ending of his prayer, what do you think Dean wanted to say, and why do you think Cas stopped him?
 - About the same scene: When Dean finds Cas in purgatory, Cas is sitting down hiding the flower in his pocket. Do you think Cas would've kept waiting there for Dean even after the portal closed if he didn't make it back in time?
- If you could tell Cas one thing, what would it be?
- If you could choose an earlier moment in the series for Destiel to become canon, when would it be?
- You mentioned purposefully playing into Cas being in love with Dean during season 15 when you knew it would be canon, but did you ever lean into it before that point? Did Destiel factor into your acting decisions pre confirmation?
- In the Season 5 episode "The End", what was the deal with alternate timeline Dean and Cas' relationship?
- Did endverse Cas and Dean fuck? Did they know each other carnally? Have you read DtA???
- If you could have chosen a time before season 15 for Cas to confess his feelings to Dean, when would it have been?
- Gun to the head you have to add an offscreen Destiel sex scene when and why?
- What do you think Cas was thinking when listening to Dean's mixtape? Do you think he picked up on the romantic implications of making a mixtape for someone?
- What songs would Cas put on a mixtape for Dean? (he's already answered this one if I'm not mistaken)
- Where are Dean and Cas going on their honeymoon?
- Have you listened to 'The Night We Met' by Lord Huron? **HAVE YOU LISTENED TO THE NIGHT WE MET BY LORD HURON????**
- Is he aware of the #deancaswedding and what does he think their wedding vows would be?
- If you could apply any piece of media to make narrative analysis and edits of supernatural to, which would you choose and why? **WHAT IS YOUR ____NATURAL NICHE MISHA?**
- Did you hear about the wedding we organised for Dean and Cas on Tumblr/Twitter, and if you did what did you/do you think about it?
- Do you think any other characters knew that Dean and Cas were pining but felt they couldn't or wanted to say anything?
- You mentioned that until now Cas was in denial. If not for this moment and the empty, when do you think Cas would have had his realization/confession moment?
- Misha have you and Jensen explored each other's b[GUNSHOTS]
- What shenanigans would Cas get up to at his bachelor party?
- Now that Cas is officially canonically queer, what scenes/arcs just hit different for you upon looking back?

- When you got buff was it a conscious decision on set to hide that for Cas?~~genuinely asking i have no clue how to phrase that without it just sounding horny~~
 - Potential rewording: Did you feel as if you had to maintain a certain physicality for Cas? Did that ever conflict with your own presentation?
- I don't know something about the major Bobby vibes and season 2 psychic kids in his idea for a Cas spinoff
- How would you picture Cas's dad relationship with Jack going if Jack was actually a baby?
- How do you think the confession would go if Cas had all the time he wanted to make it and to hear Dean's response?
- **What was Cas's favorite human trait he learned from Dean? (or others)**
- In an alternate universe where the last few episodes didn't happen and Cas ended up living as a human, what sort of hobbies do you think he'd pick up? Would he like to pursue a job or would he be a full time stay at home dad for Jack?
- Thoughts on Jackles spinoff?
- know that you're happy with the way Castiel's arc ended, but is there anything you'd change about it if you could?
- I know you've said that you were satisfied with Castiel's end, but in an alternate ending where Cas did get to come back post confession what would you like for him to get to do? Would you have preferred he be shown in heaven with Jack or on earth with the Winchesters?
- I don't know if you remember literally anything about it, but Stonehenge Apocalypse is my favorite Bad Movie. When listening to Bridgewater I can't help but think about how different Jacob and Jeremy are and want to know how you think it would play out if they were like, locked in a room together and given some supernatural or conspiracy topic to discuss? ~~What if they kissed~~
- Hi Misha! Given that angels are genderless celestial bodies, what are your thoughts on the inherent transness of an angel occupying a vessel? And following on from that, Dean and Cas have hot t4t sex right? remember if you disagree with me you're transphobic.
- Who is Cas' favorite pop girlie?
- If Cas could say "Fuck" at any point in the series, when would it be?
- What kinks is Cas into?
- If you had to choose for a moment for Cas to confess his love to Dean that wasn't the scene in 15x18 where would it be and why?
- If Cas had been in the finale, what would you have liked his role to have been?
- Why lamp???
- WHY BARN????????????
- Since most if not all of Cas' previous romantic experiences have been both negative and with women, how do you think his first relationship with a man that he's in love with would go?
- The show's implied a few times that angels don't have or perceive gender the way humans do... since Cas is one of the few angels to have extensive experience with humans, especially a human like Dean who does his best to perform heteronormative masculinity to such a high level, and since Cas was human for a short time, how do you think that's impacted his view of gender and his relationship to his own gender?
- How has being a father impacted Cas' view of human relationships?
- What was Cas's thought process for showing up naked on Dean's car covered in bees?

- If Cas had been allowed to return post confession, how would you have liked for his reunion scene with Dean to have played out?

- You've spoken about how you worked on the confession scene for a year before the filming - what did that scene look like in the beginning and how does that compare to how it ended up on screen/how did it evolve throughout that time? <- okay i love this one
- Fans have heard that Jackles asked for someone to video you guys during the filming of the confession, before any editing had been done on the scene. Have you seen the videos? Do you have any of your own or were they sent to you? Could you ask him to send them to us? Thanks bestie.
- Do you have a Tumblr url?
- What's your Tumblr url?
- Hypothetically, IF you had an SPN Tumblr *wink here*, what would your url be? (Bonus: give examples so he doesn't have to "make something up" on the spot)
- **Misha drop your Tumblr url.**
- You said that Dean had 'love in his eyes' during the confession. Were there any other scenes in which Cas could see this?
- Do you think Cas would have ever confessed his love for Dean if it hadn't been for the Empty deal/Billie wanting to kill Dean?
- Was Jimmy supposed to be in heaven during the finale before plans got changed due to covid? (he already answered this question, yes, Jimmy was supposed to be there)
 - WHY was Jimmy supposed to be there, he barely has a connection to Dean. Why wasn't Cas allowed? (you know why)
- Misha drop your AO3, bestie.
- Have you read any new fics since 2008?
- Do you know about sobsicles? **Don't ask about fic unless its your own guys. Thats rude to the creators <<<<!!!!!!**
- What do you think Dean and Cas would name their hairless cat?

- How much money will it take to get you to read So Says the Sword by komodobits?
- Fuck, marry, kill: Dean, Crowley, Sam.
- ***Did you know about the Jackles prequel?***
- Do you think Cas is the big spoon or the little spoon?
- What's your favorite fic and why is it 'Down to Agincourt'?
- What do you think the dynamic would've been if Cas had possessed Dean a la the Adam/Michael storyline? (this is worded bad but those vibes)
- Thoughts on Jimmy being the gayest little bitch I've and you've ever seen?
- Thoughts on Dean/Jimmy??
- What do you think would happen if Cas met John Winchester given the complicated history he had with his children? (Maybe we could give the 300th episode as a setting example?)
- What is your favorite thing about your character that the fans have come up with about him that never got show acknowledgment?
- If Castiel had a hairless cat, other than 'Catstiel', what name would he give to them?
 - And why is it Phyllis
- Was Cas ever jealous or envious of Dean's other love interests over the course of the show? If yes, who was he most affected by?
 - the correct answer is yes he watched him (poorly) rake leaves Misha make it make sense
- What, in your opinion, is the four letter word?
- What made Cas go to the gym and get jacked?
- So did Dean and Cas ever explore each others bodies and if so when?
- Would you ever return to the role of Castiel if the opportunity presented itself?
- **So you mentioned how great it is that we're now allowed to discuss how long the gay angel and Dean have wanted to fuck each other... so in your own honest opinion, when do you believe that they first wanted to fuck each other and why is it season 8?**
- Did Cas know Jesus and if yes did they fuck?
- Did Cas and Judas have an affair and is that the *real* reason for Judas' betrayal?
- If Cas and Jesus did fuck, who topped?
 - He already answered that question, he prefers it on top.
- Did Jesus help Castiel experiment with anal plugs, if yes what was his preferred guage?
- Did Jesus introduce Cas to poppers? What's up with that?
- What do you think that Cas thought about Dean going to heaven in 15x20 so early in his life?
- Why did Cas let Dean be Beyonce if he was still in denial about loving him. That's love.sations with Jensen about dean and cas's relationship?
- **What kind of discussions did Misha have with Jensen regarding Cas's confession scene/queerness?**
- If Cas had to say 'fuck' once, when?

- **What was the whole deal with in The Look in 4x10 when Anna kissed Dean**
(Misha doesn't know this Show good luck explaining that.)
- If Cas was brought back in a female vessel now that the show is over in some possible canon continuation and got to share a kiss with Dean how would you feel?
- What the hell was this show about? Answer fast.
- Thoughts on how abhorrent the coloring/lighting was during the last handful of seasons of the show?
 - Follow up: the coloring/lighting is VERY unflattering. I know you don't watch Supernatural, but I know you watched 15.18 Despair. How did this make you feel.
- What was the actual source of Castiel's happiness in the end: confessing to Dean OR seeing the love in his eyes?
- When it was first decided that Cas would confess to Dean, how did you imagine that going? **Were various Dean's reactions discussed?**
- What is your opinion on the DCLCU?
- We have rarely seen Castiel outside of his trademark outfit. What outfits do you wish he wore in the show?
- What do you think Cas was feeling when he sacrificed himself for Dean at the end of season 4? Do you think his feelings changed between his season 4 and season 15 sacrifice?
- Castiel and Dean's relationship has always been very violent, with lots of angry accusations. If not for your character's death, do you think they would ever hash things out and completely clear the air?
- If Cas could have met Dean at any point before the events of the show, what would he have said to him? Follow up, what is your opinion on Psalm 40:2 by ao3 user unicorn poe
- Do you think Cas should've had more shirtless scenes?
- When Dean called Cas his brother in the season 11 finale, what were you going for with Cas' reaction in that shot?
 - Separate but related:
 - How did you feel when they removed your shirtless scene from 12x19 The Future (when Cas holds Kelly's hand and Jack gives him the strength to take on Dagon, but he sees images in his mind)
 - Is it saddening that you got buff and THEN they took away your shirtless scenes.
- Which part of the Carver era did you like best and was it the fact that you got to wear less/different clothes?
- What the fuck happened with "Emmanuel" and Daphne??? Does he ever call her to let her know he is gay but he wasn't murdered?
- We've come to understand that several scenes in the last few episodes were omitted; were any of them scenes that you were looking forward to? Would any of those scenes have changed our impressions of Cas or the end of his personal story arc? Are there any scenes that were filmed and then cut that you found disappointing?
- Will you change your name to Mxsha, to be more inclusive?
- Mr. Mollins, please ask Jackles to release the tapes.
- Who did yFeeobJeCtJeC o **cheers ill drink to that bestie** 🍷
- Would you help us start a Desticule union
- Did you guys just not have OSHA?

- If Cas went to a gaybar what would he do?
- Hello Misha, when Destiel reached the milestone of 100K fanfictions on AO3, you tweeted out that you like being on top. Care to elaborate on that in the context of Dean and Castiel?
- Does Cas grow tomatoes?
- Please go on a tangent about sexuality and sexual identity again it was nice yesterday <3
- So the Desticule has collectively decided that in an alternate post 15x20 world where everyone is alive, Cas and Dean have a lakehouse together where they raise Jack. What are your thoughts on that? Also where do you think this lakehouse would be?
 - To add onto the alternate post 15x20 world, where do you think cas would work and why is it at a library?

- What was your thought process in 14x15 when Cas read the 'surprisingly passionate' letters directed to some guy and made A Gesture indicating he was in fact imagining said guys dick
- So in the script for 15x18 it says that when Cas looks at Dean he thinks Dean is "still beautiful", when was the first time Cas thought Dean was beautiful and why was it when he pulled his soul from hell?
- Was Cas the stripper at his own bachelor party?
- Do you think Cas secretly bought a cowboy outfit to "show off to Dean"?

- Does Cas explode all of the lights in the bunker when he and Dean have sex for the first time and also the answer is yes
- How are your hips doing?
- You've said one of your favorite books is 'The Life and Times of Michael K' by JM Coetzee. Did you interpret the doctors obsession with Michael K at the end of the book as a romantic obsession? (I read it as queer. I wondered if you got that from it.) Also, have you ever tried growing your own pumpkins?
- How many books did you read in quarantine and what were your favorites of the ones you finished?
- Do you have any advice for someone currently navigating the end of a long-term romantic relationship?
 - Bestie I'm going to answer this for u right now. Basically what you need to remember is as much as you loved them they have no bearing on how great you are. So keep doing you and you'll be fine as great as they were you are a whole and wonderful person outside of them and you will continue to be so even without them
 - Seconding: remember that, while you did grow a lot while you were with them and maybe even into someone you liked better than before you met them, that potential was in you the whole time. You didn't need the feather to fly, Dumbo :)

- Do you have any projects on the horizon that we can look forward to? (Already pre-ordered your poetry collection and looking forward to the PBS show!)
- What are you personally doing to mitigate the effects of climate change?
- Who are you rooting for in the 2022 midterms? Any candidates exciting you yet?
- Do you think it is safe for actors and actresses to be openly queer these days in Hollywood? Or is there still good reason to keep quiet? And if so, do you think it's worse for cis-men or cis-women to come out? Who would suffer more in terms of their careers?
- Who (currently in the industry) would you most like to work with on a project? (Film or TV or something else.)
- Are you and Darius Marder going to make a movie together?
- **Have you hugged Jensen since you filmed your final scenes on Supernatural? (The weekend of the Las Vegas con 2020.) Have you been able to see him at all in person since COVID messed everything up?**
- Have you been able to apply anything you learnt in your Sociology degree at UofChicago in later life? Has anything you learned about in that course stuck with you?
- We, the fandom, were promised 10 more seasons of supernatural as a puppet show filmed in Jensens backyard. When will the project finally be available for us to watch?
- **What exactly are you flaunting father of two**
- Would you ever want to work on a fantasy/horror/sci fi type television show again? (What kind of TV do you like to watch?)
- Have you ever been to Sweden? If not, my friend Annika says "please come to Sweden". (If you have already been to Sweden, please come back. It's nice.)
- If you could go back and tell pre-COVID shutdowns Misha one thing what would you tell your earlier self? (What would late 2021 Misha tell early 2020 Misha?)
- Ideally, where would you like to visit for your foodie travel show? Is there any state or region of the US that you've never been to and are curious about?
- If you could go back in time and spoil one thing from the show for your past self, what would it be and why?
- In Season 9, you've stated that you were directed to play Cas as a "jilted lover". Does this mean you were aware of Cas' romantic feelings for Dean at the time?
- Who do you play in the movie 'Encounter'? And how did you come to be in that film?
- Have you read Madeline Miller's 'The Song of Achilles' yet?
- What cheers you up when you're feeling down?
- Have the things that make you happy changed over the years? What is something that used to make you happy that no longer does (and something new you've found that has been making you happy recently?)
- What/who do you want to be when you grow up?
- In your opinion, do you think the difference between the show writers/producers vision for the show and the vision the fans had of it was too wide a gulf for anyone to be truly happy with it? Did you ever think "the fan interpretation of what we're doing sounds more interesting"?

- Would you ever want to work on a CW show again?
- If you could live anywhere in the world, where would you want to live?
- How do you personally identify? He/him
- **Was there a moment where you were concerned that Jensen was going to say no to doing the confession and how Cas' arc would have been handled if he had said no?**
- Will Cas be in the prequel? How do you imagine Dean and Cas together/interacting/meeting/kissing/fucking/whatever if so?
- Do you think we can be sure Cas is alive? Because the only thing that was said is that "Cas helped" but that could mean anything considering that by proxy Cas would have helped just by the fact of him raising Jack.
- If you had an opportunity to have Cas cry openly at any point in the series, other than Despair, which moment would you choose?
- Do you think Cas would be happy for Jack when he finds out that he's God?

- Mr Collins what do you know about Perfume Genius and how do you feel about the future?

- What do you think Cas' kinks are and why is one of them piss?
- Will you watch The Boys when season 3 airs?
- When Cas and Dean met again in heaven, was Dean finally able to see Cas's true form, or did he only appear as the Jimmy vessel?
- How does it make you feel to know that you created a character that people loved so much it literally changed and defined the way the whole show of Supernatural turned out?
 - Follow up question: do you have any thoughts on Castiel's unique existence and free will in the show determining the outcome of the battle against god (the writer) mirroring Castiel as a character's influence on the writers of the show in the real world
- Maybe Castiel was the real God we made along the way?
- Do you have any ideas / suggestions on how we, as members of the audience and, well, "consumers of the end product", can influence the general situation in tv shows, to change "it's amazing that Dean didn't just say fuck off to Cas' confession" to, let's say, treating atypical characters like human beings they are?
- In 15x20 we learn that Cas is alive and in Heaven. What state do you think he's in (full-powered angel, an angel with waning power like when we last saw him on earth, a human-like soul etc)?

- Do you think Cas contacted Sam again or did Sam spend the rest of his life thinking Cas was in the Empty?
- How long do you think Cas was in Heaven before Dean showed up? Long enough to witness his death? If so, what do you think his reaction to Dean's death would have been?
- Do you think Cas being resurrected offscreen reduces the emotional impact of his death in 15x18?
- How would Cas have dealt with watching Dean die (instead of it being the other way around) earlier in the season (because 15x20 doesn't exist)? Would he have lost all joy in living, too?
- At what point were you informed that you had definitely been cut from the finale? As late as August 2020 you were talking about going back to film, and Charlie mentioned during various GISH chats that you were in Vancouver quarantining, so it gave people a lot of hope.
- What was the onion field scene and what happened with Uriel? Why was it cut?
- How do you think Cas felt when like two days after he sacrificed himself for Dean and the whole world, Dean got killed on a nail while hunting and died like the Daddy's blunt instrument that he believed he was, young and with no other life than that of a hunter?
- Would Cas feel conflicted about being back in Heaven after everything that happened?
- The network advertised you as being in the final two episodes. Do you think that was a shitty thing to do? (As it made a lot of fans believe you would appear and that Sam and Dean would save Cas.) Or is that just how networks work?
- When you and Jensen and Jared did the EW photoshoot in Malibu, did you at the time believe all three of you would be in the final episodes?
- Are you doing okay? I know life has been super difficult and weird these past 18 months. Is there anything we can do to help? WE LOVE YOU, MISH!
- **PLEASE BRING YOUR FOOD SHOW TO PINE RIDGE! (south dakota) Meet Sean Sherman and learn about native foods! XX**
- If Cas had a do-over on one choice he made or one thing he did, a chance to do one thing differently or make a different choice, what would he change and why
- Don't you think that Cas deserved to live his life and be happy, given that queer joy is always more subversive and important than queer tragedy?
- What websites do you frequent? And what apps do you use most often? What's the first thing you always check on your phone when you wake up in the morning?
- Which state is the best state out of the 50 united states of America? (the correct answer is Massachusetts, but I will accept either Hawaii or Washington)
- What was your favorite subject at school? And which subject did you hate?
- Please recite a nice poem for us, Misha.
 - not the piss poem. Recite your favorite Mary Oliver poem.
- In an alternative universe, do you think Cas and Aaron Bass could have had a thing? I feel like they would be good for each other, what about you? Their ship name is Cass if it changes anything
- What kind of honey does Cas prefer? (eg wildflower, clover, etc)
- What question would you most like to ask us?

- As a person who grew up poor, did you ever have a moment as an adult where you thought “holy shit, i’m rich!” And do you get used to having money or does it always feel like it might disappear at any moment?
 - Most beautiful thing you have ever seen
 - Are you still a NPR fanboy?
 - Hi mish! you know more than us that you have a life full of adventures and anecdotes. That is why I ask you if you can write an autobiography. ps: I already bought your poetry book and with the simple fact of buying it I was inspired and wrote 6 poems, I had not written any poetry since 2016
 - You should learn Spanish, I am a volunteer to teach you
 - What do you think Jeremy Bradshaw's reaction would be if he met Cas?
How would your reaction be when he find out that an angel has a relationship with a human (Dean)?
 - What would be a question that you would love to answer but still haven't been asked?
 - What's your favorite poem that you've written?
 - What is your writing or editing process? Are you a planner or do you write from the heart? Is it only poems or any other genre as well?
 - You're the only person connected with the show who is willing to openly acknowledge that Cas is queer (and even you don't like to use labels). No one else is willing to even talk about it. When Destiel trended above the US election and above anything else that SPN has ever put on television, no one at the CW or at the show had a single word to say about it. In fact, they seemed to be going out of their way to erase Cas's queerness as soon as he came out--referring to him as “the third brother” in the retrospective that aired before the finale, removing the scene of Cas saying “I love you” from any of the “previously on” segments, and of course, cutting you from the finale, because it would apparently have been too gay for Dean and Cas to ever speak to each other again. It feels like there are a few people like you and Robert Berens trying to tell a queer story with all the respect and dignity it deserves, while so many other people who are in positions of power over the show are actively trying to shove Cas back into the closet. How does it feel to you?
- Why does Cas think that the one thing he wants is something he knows he can't have? He never actually asked Dean out or anything, did he? How does he know what he would say? Why does he just assume he can't have him?
- Some people think Cas' confession was about wanting to have a friendship with Dean, who is already his friend. Do you think this is because Americans are critically illiterate or is it the homophobia?
- What is a fan question you've already answered that has lived rent-free in your mind since it was asked? Would your answer change?
- Do you think Cas ever cured Sam's wife of her Blurry Face Syndrome?
- Did you think it was weird they wouldn't let your character be gay until an entirely different actor had signed off on it?
- Exactly how much of your laughter at Jared and Jensen's horrible 'pranks' was forced?
- How are you feeling in retrospect about your decision to make your poor children sit through the SPN finale? Is this still the only episode they've ever seen (the worst episode of the entire series, the one that ruined everything that came before it, and that you weren't even in)?
 - SOMEBODY has to ask mishka if cas was jealous of benny via seasonfifteendean

- In season 8, Cas says that he was 'being bad cop'. We never see any other character say this before, so it is implied that Cas learnt it from a movie/TV show. How much of Cas' personality/speech patterns come from the media he consumes?
- Dean has said/done some things that are very harsh to Cas on numerous occasions. How do you think this shaped the way Cas loved him?
 - Follow-up: do you think Cas ever had the 'why did i have to fall in love with *him*' discussion with himself?
 - Follow-up again: do you think Cas ever should have stood up for himself in these scenes? If yes, how would you have wanted him to?
 - Follow-up again: do you think Cas ever brings these moments up to win an argument against Dean?
- Many people have said that bringing Cas back from the empty somewhat ruins his last words to Dean. Do you agree? Do you wish that he stayed dead and Dean instead mourned him like he did in season 13 (assuming the writers let him mourn)?
- Jensen has warmed up to the idea of destiel in the last couple of years. Were you part of the reason for this change? If yes, thank you bestie, we salute you.
- Do you think Cas even wants to meet Dean after Dean barely seems to think about him after his death? Do you think he feels cheated or betrayed in some way?
- After the finale, tiktok and tumblr headcanonned that Cas had moved on from Dean with a frat-boy angel named Chadstiel. What are your thoughts on this?
- Were there any times you considered leaving Supernatural like Mark Sheppard had? If yes, why did you stay? If no, you are a very brave man
- If lazarus rising Cas met despair Cas, what do you think they would say to each other? Do you think they would even talk or would LR Cas just throw hands?
- What's your favourite destiel fanfic trope?
- If Cas had been in fan fiction how would he react to them 'exploring the nature of destiel in act 2'? Would he have forced Dean and Sam to stay and watch?
- You played Cas as autistic. Do you think he had any special challenges that he faced when he was human specifically due to this that other angels did not?
- Many people love the concept of Godstiel (God Cas from season 6 if you don't know) and wish that he had been the lead villain instead of the leviathans. What are your thoughts on this?

- How did Cas go from 'Castiel' to 'Steve' in season 9? Why not call himself Charles or something? Is there a specific reason he chose this name?
- Did working in the gas-in-sip make Cas more receptive to unions? Do you think he brought these thoughts to heaven? Did the angels ever unionise against God, Dmitri???
- It is said that Godstiel forced the KKK and other hate groups to disband. What other awful groups/people do you think Godstiel removed? Which do you wish he did?
- In season 9, human Cas was removed from the bunker without anything, yet he was able to secure a new name and a job. Did he have someone helping him? If not, how did he get the papers necessary to get a job? Where did his proof of citizenship/visa come from? Where did he get social security number?
- It is said in the finale that Cas helped Jack remake heaven. What specific changes do you think Cas made?
- Do you think Cas actually liked any of the girls that he had a 'relationship' with. Or was he just lonely?
- It's said that Cas couldn't eat PB&J because the 'molecules were too overwhelming'. Yet he was able to eat burgers/red meat fine in season 5. Why? Don't say that he was ignoring the taste because of famine as he specifically said 'these make me very happy' implying he can taste them fine
- aside from the 15x18 confession scene, what's your favourite cas and dean moment
- they say what happens in vegas stays in vegas. which of your castmates would you be most likely to get elvis impersonator vegas married to (i am going to the vegas con so this is not just random I swear)
- (Since mentioning the confession scene is a big no no) What do you think/hope Humanity's response would have been if there was more time after the declaration?
- What cologne does he (and Castiel) wear?

- It really felt like the character of Dean was just thrown in the garbage in the finale and all of his character development erased. How are you planning to fix this in your upcoming SPN projects?
- When they first told you Dean was going to die in the finale, did they mention that he was going to die a completely pointless death via vampire clown mimes in the stupidest, most disrespectful way they could possibly think of? Or did that come up later?
- Why do you think Sam just stood there like an idiot and let Dean die without providing first aid or lifting a finger to help him?
- Jared has said that Dean's death was a success story because in being pointlessly killed via vampire clown mimes Dean was actually "sacrificing himself" to remove the burden of his existence from Sam's life so that Sam could head to Blurrytown and get with a faceless nameless wife, which Jared apparently thinks was the point of the entire show. Why does Jared suck so much?
- **JACKLES THE TAPES**
 - Are you aware that dean and cas got gay married on valentine's day?
 - Dean and Cas were both punished by the narrative for being queer by being killed off. What message do you think this sends to LGBTQ fans?
 - Can you please consider doing some solo panels so we don't have to sit through Jared to hear from you?
 - In the finale when Bobby says that "Cas helped" with heaven, why doesn't Dean ask something like "Is Cas here? Is he all right?" You would think he would want to get explicit clarification on whether his best friend who sacrificed himself for him is still suffering eternal torment in the

Empty or not. Instead he just goes for a drive for 40 years. Doesn't this make it look like Dean stopped caring about Cas as soon as he knew that Cas was queer? (exactly! Exactly!! How is this a positive ending???)

- Why didn't Dean ask Jack to bring Cas back?
- Dean deserved better. Dean deserved to live. (We should all get this on T-shirts.) → I second this. -> **thirded**
- Jensen, can you and Misha make your own con so people can ask you things with both of you on the same panel please?
- has dean seen brokeback mountain? (the answer is yes) and how did it fundamentally change him as a person?
- Jensen will you accept this tin hat, courtesy of the Jensen Longcon Release the Tapes Ackles movement?
- ~~Do u and danneel need a third~~
- Since your silence is no longer sexy, why did Misha and Bobo need your permission to go ahead with the confession?
 - Follow up: why did you agree with it if Dean wouldn't get to talk about it after?
 - Follow-follow up: why did you start your production company right after the finale was done filming?
 - Follow-Follow-follow up: Why did you name your production company Free Will Entertainment then changed it to Chaos machine?
- What was your thought process behind agreeing to direct for Walker?
- Have you read Misha's poetry book and if so, what do you think about it?
- In 15x18, we see Cas confess his love to Dean, who then in the next two episodes seems to not give a shit about him and is only acknowledged by other characters. This is a very big difference between Dean's reaction to Cas' death at the start of season 13 and in purgatory during s15, where there was just a chance that he might lose him. The only real difference between those scenes and the last two episodes is the fact that Cas confesses. Due to this, many people are reading Dean as homophobic (a very valid interpretation according to what aired) and I would like to get your thoughts on this? [someone smart pls reword this thank you]
- you've acknowledged this a little on twitter, but given that John Winchester is such a controversial character that many fans, if not most, view as an abusive father, how will the prequel balance the character pre-Mary's death with the one we know from the main series without trying to justify his abusive and neglectful actions.
- why didn't Dean ask Jack to bring Cas back even though he asked Chuck like 30 minutes earlier in the episode? we know Jack does eventually bring Cas back, so it has nothing to do with Jack's "hands off" approach
- It's great that you're so excited about the prequel. I think a lot of fans wish they were more excited, but there are a few reasons why that's hard. One is that so many people were so incredibly hurt and betrayed by the SPN finale that it's hard to want to emotionally invest in anything having to do with SPN ever again. Also, a lot of people feel like if there's going to be any new SPN content out there, it should be something that fixes the disaster of the finale, or at a very minimum it should be something involving characters that people actually like, like the Wayward Sisters. Finally, people don't want to see a child abuser like John glorified or excused in any way. What would you say to fans who have these concerns?
- Jakkals you thought you could thirst trap us but I haven't forgotten. The tapes. Hand em over (10th September)
- Also how did you de age 15 years
- Dean more than once on the show expressed a wish to retire or semi-retire. At the end of season 13 for example he expressed a wish to be able to have more time enjoying himself with his family and to go to the beach with Sam and Cas. That's why the show's decision to

pointlessly kill Dean off in the finale at age 41 without giving him a chance to just live his life and enjoy it seems so incredibly cruel and ugly. You say that nothing ever really dies on SPN. Do you think there's any possibility that Dean will get another chance to live his life?

- You've said that after you were very rightly upset about the proposed direction of the finale, you talked to Kripke and he told you that you were too close to it and that you had to think about the fan reaction. What in the world did they think the fan reaction was going to be to such an ugly and depressing end for Dean? How does it feel to know that you were absolutely right in the first place and everyone else was wrong?
- After being homophobic for ten years, what motivated you to about-face and have your wife suddenly start tweeting LGBT pride stuff? Was it motivated by personal growth like going to therapy over your masculinity issues or because you realized your show was ending and you needed a way to keep up the parasocial relationship with the fans you exploit to keep you rolling in millions?
- Have you ever read 'Ship It' by Britta Lundin? What did you think of it and how does it make you feel to know it got her a job on the same network as you? Have you ever met her and looked into her eyes and Known she was imagining Misha fucking you?
- Have you heard "Country Song (Pandering)" by Bo Burnham and when did you realize it was about you?

--What was the acting choice behind not seeming concussed, bleeding out, finding it difficult to speak coherently, take deep breaths, or any other sign that Dean was actually near-death and wouldn't have survived any attempt to keep him from dying during his big speech about the importance of brotherly love?

--When did you realize Wincest was the writers' endgame, and did they ask you for permission to fridge your character like they asked you if it was okay for someone else's character to be gay in your direction?

--What are your thoughts on Jared saying Dean would not approve of him and Eileen ending up together?

--Was your objection to Dean/Cas for the last ten years just ship warring disguised as no homo-ing, because you actually OTP Dean/Benny?

--Why are you only ever friends with white men who sexually harass your fans at conventions (Steve, Ty) and how do you feel about the fact that you bringing them into the environment that allows them to prey on women reflects badly on you?

--Free will has always been incredibly important to Dean. He's the one who coined the name "Team Free Will" and he spends all of the last season desperately trying to find a way to be free from Chuck, and is even willing to sacrifice Jack in order to be free. Then as soon as Chuck is defeated and he actually is free, Dean dies in a stupid accident in the most demeaning, degrading way imaginable. Doesn't this send the message that free will is a bad thing, that you shouldn't try to be free, and that you're safer living under the thumb of some dictator? How does it feel for that to be Supernatural's legacy?

--Dean seems suicidally depressed in the finale and seems to really want to die, to the point of telling Sam not to do anything to save him. What brought this on? Why does he just give up and die? Isn't this a horrible end for a beloved character who has struggled with self-worth for so long?

--Dean mentions he read Slaughterhouse-Five, what other books of Vonnegut do you think he's read? What other authors do you think are his favourite?

--Why does Dean watch tentacle porn if he lives in a universe where these things exist and can actually kill him? Is it a coping mechanism or is he just insane?

--When you found out that Misha had been cut from the finale, did you try to convince the producers to change their minds?

- when writing songs, do you ever take musical inspiration from Supernatural?
- how long do you think dean cried when he and cas first had sex?
- was the jexy jwinkle a jacting joice?
- idk how to formulate this but someone about the chaos machine/lgbt representation thing
- Do you think the writers were mad at you for not liking their idea for the finale when they originally presented it to you, and that's why they retaliated against you by making Dean die in the stupidest and most completely pointless way they could think of? They might as well have made Dean randomly slip on a banana peel and break his neck. I have never seen a worse or more pointless death for the main character of a TV show. Dean deserved so much better. Do you think it was because the writers were mad at you?
- how does known casgirl danneel feel about cas's ending
- how would you pitch supernatural to someone who's never seen it
- at what point in your supernatural career did you realise you had to start playing gay to keep the lights on
- tell us your thoughts on sam and eileen
- what was going through dean's head during cas's romantic homosexual love confession? please support your answer with reference to the text
- they say what happens in vegas stays in vegas. which of your castmates would you be most likely to get elvis impersonator vegas married to (i am going to the vegas con so this not just random I swear)
- Are you aware that (especially queer) fans are being hurt by you and Jared saying that Cas' ILY was not romantic (and Jared calling him junkless)? That it is erasure of a queer character and its representation for the LGTBQIA community?
- Would you agree that nobody would have issues talking about the ILY as romantic if it had been delivered by a Castiel in a female vessel?
- Do you think Dean really didn't feel Jack was family or was he disengaging as a coping method, because he thought Jack was going to die?
- Have you apologised to Robbie yet for comparing him to a Shakespearian traitor? If not, could you please make a public apology now, in front of all of us? It's the least that Robbie deserves and also I think it would be funny
- If you think a "junkless" angel can't feel romantic love because they can't perform the narrowest, traditional definition of "sex", do you think eunuchs can't experience romantic love? (Like Greyworm loving Missandei in *Game of Thrones*. Tangent: Do you support castrating men to be harem guards?) Parapalegic men? Women with any internal reproductive organs removed? People with reproductive system birth defects? Like if you got cancer and had to have your genitals removed, would you stop loving Genevieve? Or do you think if you don't have ejaculatory (not just orgasmic or satisfying) PIV sex with your wife every single day until you die, that during the last period of your life when you happen to not be having sex, that that means you won't love her anymore during your last days when you aren't having sex? Because you'll be a *sexless* geriatric? (If you need to excise all this stuff to keep the first question, go ahead.)
- Do you think asexual people can't feel romantic love? Virgins? Do you think an engaged couple practicing abstinence to wait until marriage aren't romantically in love because they aren't having sex? Do you think a chaste married couple aren't romantically in love because they aren't having sex? Do you think crushes aren't romantic?
- Why do you think adults make jokes about kids liking each other, or get excited over the idea of their children having crushes? What kind of feeling are those adults ascribing to kids in those situations? Platonic crushes like in queer platonic relationships? Or romantic crushes?

Elementary schoolers are obviously pre-pubescent and so shouldn't be sexual. If children have romantic feelings, are they sexual because they're romantic? Like if a boy is straight before he *both* "is a teenager" *and* "knows he's straight", then does the boy being straight as a child mean he is sexual as a child? Because his sexual orientation exists before his sexual behavior? Because his sexual truth exists before his sexual knowledge? How do you think understanding of "romance and sex" develops in different people if it doesn't just get turned on like a light switch at exactly age 18:00:00:00:00 for everyone?

PLEASE PUT ANY NEW JENSEN QUESTIONS UNDER THIS LINE

I'm starting to move them to a new doc, everything above this line has been added and is not being sorted through. thanks!

**NEW as in after 11:00 AM PST on Nov. 8 2021*

- Given his resemblance to Misha, what would you think of Alex Calvert playing young Jimmy Novak in the prequel?
- If more younger versions of *Supernatural* characters can appear in *The Winchesters*, could you try to get Kathryn Newton to play Amelia Novak?

~~Jared Padalecki (Sam Winchester)~~

Guys do we even have any actual questions for j*r*d

there are a handful of real questions contained below, though they're few and far between lmao we dont. You could reword a few to make them acceptable i guess

I think we should still ask some of the Eileen questions even if they're a bit rude and confrontational. I think we have a right to be rude and confrontational about that tbh

12. What kind of woman do you think Sam ended up marrying, since it was not Eileen?
13. You referred to sam and eileen's relationship as 'ambiguously romantic' despite their onscreen kiss, by this logic what qualifies as explicitly romantic?
 - Well. he did fuck his rpf wife on screen.

14. Was the wig itchy. It looked itchy
15. Why do you hate eileen? (ableism)

33. jared did you read that one post on reddit from a crew person on set did you know he was talking about supernatural and how often did interns quit the show
34. Hey Jared, how does it feel knowing that your character Sam would actually despise you in real life?
35. You mentioned that walker wont be a 'quote conservative' or a 'quote liberal'. Since your character is in texas, what are your thoughts on this statement post the six week abortion ban bill?
36. Was it an artistic choice for Sam to have so little personality that the main thing people remember about Sam as a person is he wore a purple shirt with a dog on it one time
37. i have a jared autograph next year can someone give me suggestions on what he should sign, no i dont want to do it but it comes with jackals and mish there was no option for no jarpad have him sign something you can burn after <- so true actually this is a good idea
 - Print out the interview with Shoshannah Stern where she talks at length about how meaningful it was for Eileen to 1) be a character and 2) be a love interest for the main character and ask him to sign it <- a safer tweet route, less likely to get banned and as likely to make him uncomfortable nice (this one <<<)
 - Get him to sign his GUTTED tweets pls <- if i do this and he gets me banned from creation cons i wonder if i could sue for homophobia
 - Have him sign a photo of Robbie Thompson or one of Robbie's best tweets

38. When was the last time you acted on the show? (s7)

39. GUTTED </3 #Bravo coward

40. Is your wife single?

41. What r ur pronouns?

42. How often does your wife peg you? And before you get mad, you're the one that share the dildos picture ok

- She clearly doesn't fuck him often enough, maybe if she jangled his prostate more he'd be less of a dick
- Did you resent that Dean is the only brother the writers and the audience cared about and that's why you stopped acting, or did you not care and just stopped trying because you figured out you could ride Jensen and Misha's backs to being a millionaire?
- Was your hairline taken away as punishment for your being annoying crimes? Do you have, like, one hair fall out every time you say something bad?
- Have u stopped running away from your children to your outhouse?

43. Have you ever listened to the (un)official destiel anthem The Night We Met by Lord Huron and if so do you realize that it is perfectly within your range? (HINT HINT)

44. Why did you say you were of the opinion that dean was a secondary plot device for sam and died so that sam could live his life because sir what the fu-

45. Why would you remove someone's eyes like that, man

46. sam. are you in there. SAM EXPEL HIM

47. Let's just really only ask questions about Eileen so he feels like those actresses that only get questions about their love interests ←--- YES

48. Would it have been impossible for Sam to lead a happy life if Dean were still alive?

49. How much did Sam tell his wife and Dean Jr. about hunting?

50. Would Sam approve of Dean Jr. becoming a hunter?

51. Did Sam keep in touch with people from the hunting world after he moved to the 'burbs?

52. I really love the AKF idea. So how does it tie in with a depressed character who struggles with his self-worth to die and for you to call it his happy ending?

53. How important is the phrase "Family don't end with blood" for you and in relation to the message of the SPN finale?

54. Why didn't Sam use his phone to call an ambulance but rather let his brother talk himself to death for 15 minutes?

55. How hard was it for Sam to adapt to a normal life after decades of hunting and trauma? Do you think being married to someone outside the life helped or hurt this process?

56. The finale seems to completely erase all of Sam's personality and characteristics and reduces him to being absolutely nothing except Dean's brother. Every other Same storyline, like him being a leader of the hunters or becoming a witch, was completely thrown in the garbage. So were all the relationships Sam has built up over the years. He had zero people there to comfort him at the funeral, and in his later years he seemed to have no one and nothing in his life other than a Dean replacement whom he literally named Dean. He did nothing except hang

out with his replacement Dean (in a hideous wig) and wait to die. Isn't this a horrible ending for Sam after all of these years? What in God's name could you have possibly liked about it?

57. Why did you allow the phrase "always keep fighting" to be used in a finale that is pro-suicide and promotes the message that it is impossible to be happy in life, so you might as well give up and die?
58. We can all agree that the biggest let down in the finale was that not enough versions of 'Carry on Wayward Son' played back-to-back. If it had been down to you to rectify this mistake, what artists would you have chosen to perform the 3rd and 4th consecutive versions?
- Why do you make fun of Misha for working on the show less than you even though he and his character are just as (if not more, in some cases) loved as you with less work on his part?
 - When I was 13 this show helped me find a reason to live. Seven years later it told me that I would only find peace and happiness through death and that, potentially, my death would release the burdens of those I love. Was this your long con? How long have you been pro suicide?
 - The finale really gutted me, and your support of it really made me understand Caesar as he was being betrayed by Brutus. but bravo on your new show I guess.
 - Why stop at Shakespearean betrayals? Why not go biblical? I dare you to call Jensen Judas.
 - Referencing question 47 here: Can there be those questions actresses get about their diet and how they fit into their costumes and such? Or how he felt sharing the screen with those talented actors surrounding him? **YES THERE SHOULD BE**
 - Sam's relationship with Eileen was so groundbreaking and meant so much to so many people. I appreciate the effort you went to to learn some sign language. That's why it hurt so much to see Eileen completely erased at the end of the show. She disappears (offscreen) in 15x18 and is never seen or mentioned again. We are literally left with no idea whether she's dead or alive. Regardless of whether you think their relationship would have worked out in the long run, it seems completely out of character for Sam to not even check on her at the end of 15x19 to make sure she was all right. It's like he suddenly stopped caring whether she was alive or dead. Was there some scene that was cut that explained what happened to Eileen?
 - Do you think Sam sometimes wakes up at night and thinks "Maybe I should have given him first aid instead of just standing there and letting him monologue for 15 minutes while he bled out?"
 - Do you plan on doxing the divorce attorney that your beautiful wife will inevitably hire when they irritate you?
 - If you think about it, Chuck basically got his wish for Sam and Dean to kill each other. First Sam kills Dean by not giving him any first aid and letting him bleed to death for no reason, then Sam is so upset about losing Dean that he stops combing his hair and seems to spend much of the rest of his life just sitting around waiting to die. Didn't Sam and Dean deserve so much better than this? How does it feel to know that Chuck won?

--Sam never got to say goodbye to Castiel. How do you think losing Cas affected him?

--Do you think Sam knew that Dean and Cas were in love? Do you think Dean ever told Sam about how Cas sacrificed himself to save him by confessing his love?

--Why didn't Sam tell Dean he loved him, or really say anything at all to comfort him, as Dean was dying?

--What is your favorite salad?

--Did you have on underwear when you were wearing Sam's costumes?

--At what point did you decide to let yourself go?

--Did you think it was subversive to have the main character (Dean) die while his less attractive or interesting sidekick (you) survived? Do you ever get haunted by the ghost of Sam (who deserved better)

--Will you give Gen my number so I can ~~lure her into a divorce~~ console her after your death?

--Shoshannah has said on her instagram that she believes that Eileen and Dean would be besties. How does this make you feel?

--Do you ship Dean and Eileen together? Why is the answer yes?

--What are your thoughts on my personal headcanon that Sam's blurry wife is actually Cas in a female vessel. Remember Jared, you're already on thin ice so i'd be careful

--why did you joke about forklifting your coworker's car? Were you jealous because everyone loved him more?

- 1) You said in an interview that Dean wouldn't have wanted Sam to end up with someone in the life, which implies that Sam only got out of hunting and had a kid because Dean was dead. If Dean had lived would Sam have stayed in hunting?
- 2) If Dean had lived would Sam have gotten together with Eileen?
- 3) Would Sam have preferred to stay in hunting even with Dean dead, but felt obligated by Dean's memory to get out?
- 4) In "Last Holiday" when Sam and Eileen went on a date, Sam comes back without his tie. Did they have sex or just make out?
- 5) Does Sam think of Jack as a son?
- 6) What did Sam feel when he was betrayed by his best friend Ruby? If Ruby returned, would he forgive his best friend?

60. If you think a "junkless" angel can't feel romantic love because they can't perform the narrowest, traditional definition of "sex", do you think eunuchs can't experience romantic love? (Like Greyworm loving Missandei in *Game of Thrones*. Tangent: Do you support castrating men to be harem guards?) Parapalegic men? Women with any internal reproductive organs removed? - Thoughts on cas x crowley x dean????
- Was it your choice not to return as Crowley after he was killed off? If so, what led you to choose not to come back?
 - he chose not to come back. he could see that things were starting to go poorly (mistreatment, disrespect, etc) for him, and he wanted to leave before they started treating him like they did misha.
- Why didn't you quit after they made you wear a collar and lick the floor?
 - How did you cope with committing to and acting the scenes they gave you, and still getting screwed by the writers?
- Are there any Crowley storylines you would have liked for the show to have explored? Do you have any personal headcanons that the average fan may not know?
- What was the best and worst part of working on set for the show?
- Did Crowley and dean have sex, please confirm.
- It's canon that Dean and Crowley had an orgy with triplets. How would that scene be tagged on pornhub? #5gaykabob
- The Crowley who shows up in s4 has a beautiful mansion and clearly enjoys the finer things in life. Why does he spend all his time/make his throne room in the lowest rent dungeon in hell in s10+?
- If you didn't die at the end of s12, what do you think Crowley would think of Jack
 - Would his experience with Amara influence this in any way?
- Crowley spinoff please please please please please
- So like, what did the writers/directors say a human soul is in spn. Also, why does human blood do anything to a demon? Hypothetically, we know the writers are just bad.
- Did you enjoy filming the scene where they made you wear a collar and lick the floor
- Thoughts on dean and Crowley summer of love, and jealous cas
- Do you prefer deanbenny drowley or destiel??
- What do you think of the almost love triangle-like dynamic between cas crowley and dean in season 10? Do you think Crowley and Cas were in a way competing for dean?
- Looking back on it, when do you personally think crowley started developing feelings for dean?
- Since the writers clearly just ran out of ideas for Crowley, what would *your* ideal Crowley storyline look like if Crowley hadn't been killed off?
- What does Crowley think of Chuck's books?
- Would Crowley ever seek out John Winchester in hell? For what reason?
- Thoughts on spn canon saying that trying to escape trauma can make people deserve hell (Bela) and being the victim of further trauma in hell makes you a demon?

- When did the writers say Crowley got the apparent lobotomy he's suffering from post ~s8?
- You implied that you wrote fanfic. Username please?
- Which one is better: doctor who or supernatural? Love you king, thank you for both.
- Why does Crowley have an English accent if he's Scottish and why doesn't he really plum it up to spite his mother when Rowena is in the picture?
 - mark has actually answered this question before by saying that Crowley is english and Fergus is Scottish. It's quite strange but he's very insistent.
 - On this though - IS the reason for the distinction to spite his Scottish mother?
- Loved you in the X-Files king <3
- What are your thoughts on some sort of spin off with the McLeods?
- Cram, drowley, crobby something else or are you a multi shipper or-
- I think crowley could've done better (than Dean). your thoughts on this?
- What are your thoughts on how the show ended? Are you happy your character left when he did, or would you have liked to be a part of it?
- Fans have wondered whether the real reason that Crowley sold his soul wasn't for the reason he stated in-show, but rather to get his son on the boat out to the States, which later ended up sinking. Do you think that idea is plausible?
- In the season 8 finale, with the completion of the trials to close the gates of hell, Crowley was partway through the process of becoming human. If that process had finished, what do you think a human Crowley would have been like?
- Have you read Good Omens by Neil Gaiman and Terry Pratchett? If you have, who do you think is the better Crowley - yours, or Good Omens Crowley?
- I'm sorry the producers treated you like complete crap when you were on the show. It's clear that they treated everybody like complete crap and you were probably lucky to get out when you did. Why do you think they are such terrible people?
- Love you in Doom Patrol, king. Do you think Crowley and Willoughby would get along?
- Loved you in Leverage, what do you think Sterling does on his days off?

- So you prefer directing or acting as Gabriel? Are there any storylines with Gabriel you would have liked to explore
- **Jensen said some of his reactions were cut out. Do you agree with that?**
- What were some of your favorite or most challenging episodes to direct?
- Why the fuck does Dean fall at the wrong angle bestie?
- Were there any shots that you wished you could have included during the confession scene?
- How many cameras did you use for the confession scene?
- Thoughts on how they color edited 15x18 Despair? Do you know if they color graded it super ugly on purpose?
- **We were previously told that a lot of the 15x18 confession scene ended up on the cutting room floor. As the person who directed it, how do you feel like the final cut of the scene differs from your original creative vision? Were there any shots cut that you would have liked to have left in?**
 - **ASK THIS. PLEASE**
- Did Gabriel and Sam ever explore each other's bodies?
 - Did Gabriel, Sam, Eileen, and Rowena ever explore each other's bodies?
- We saw from your portrayal of Gabriel in 9x18 "Metafiction" that Cas and Gabriel had a closer brother relationship than was shown in previous seasons. What other [acting choices? Person choices? Actorly headcanons?? } would you have liked to see/act out.
- Thoughts on Gabriel's dabnatural appearances sucking soooooooooo much fucking ass 🔥🔥🔥🔥🔥🔥🔥🔥
 - Literally. King. How did u get thru that shit??
- Does Gabriel notice the Winchesters just kinda watching while he sacrifices himself in apocalypse world by fighting Michael at zero power instead of using the thirty seconds he buys them to go through the portal that is LITERALLY steps away, and what trickster comeuppance for that would he enact?
- **What do you think Gabriel planned/did at Castiel's bachelor party?** (I'm not sure how to word this to make sure it's clear that Castiel is marrying Dean)
 - Maybe: "When Dean and Cas got married, what do you think Gabriel did at Cas's bachelor party?"
- Are there any arcs that you would have liked to appear on as Gabriel that you think the character would have added sufficient chaos to/wrapped up earlier than the boys did?
- If Gabriel did end up becoming king of Heaven, what do you think it would look like? Would you have enjoyed exploring that on the show?

- Why are you at a con? Are you aware that no one likes you?
- how does it feel knowing that destiel is spn's only legacy?
- Jensen once said that he has a whole binder of notes when he is directing, while you just show up with nothing but a single page on which there is only doodling. Do you think this is why his episodes were more engaging?
- Did you give Jensen your wife's eps to direct all the time as a punishment or did he just draw the short straw?

Shoshannah Stern (Eileen Leahy)

- Your ideal ending for Eileen?
- If there were a spin-off series about Eileen, what do you think would be the focus?
- Is there a character on the show that Eileen never met but you wish she had?
- SPARE HAND IN MARRIAGE MA'AM??????
- It's been mentioned before that the "thank you" signing scene was improvised by you on-set. Is there any other moments that were improvised or that you came up with during filming?
- Did you get to keep Eileen's car?
- Were there any plans for you to return for the series finale or any other episodes and can you talk about what your role would've been?
- What's your dream role to play?
- We learned that there were a couple deleted scenes with Eileen in the final season. Are there any moments or scenes that didn't make it onto screen that you wish had?
- How do you think Eileen coped with being in Hell for 2+ years (decades in hell time) and how do you think she adjusted upon returning to Earth? Did you play into any of that or did the writers choose not to address it?
- What are your thoughts on Jared Padalecki's comments that Dean would not approve of him and Eileen ending up together?
- Do you think Eileen is the Blurry Wife at the end of the finale or do you think her and Sam went their separate ways?
- SOMEONE TELL HER ABOUT THE EILEEN CHARITY CAMPAIGN IF SHE DOESN'T ALREADY KNOW
- You deserved so much better than what you got and I hope you know how much you inspire people.
 - 1) You said that you think that Eileen and Dean would be besties. What best friend activities do you think they do together?
 - 2) Would Eileen let Dean use the shuriken/ninja stars on a hunt?
 - 3) In video chats, you are often sitting in a room with a wall of lovely decorative plates behind you. Can you tell us something about your collection? Maybe how it got started?
 - 4) Do you think Eileen would be happy hunting from a home base like the bunker or is she an incurable rambler?
 - 5) You're quoted in a Vanity Fair article as saying that you met Robert Berens at a con and had the best, most profound conversation with him about Eileen and that he'd obviously put a lot of thought into the character. Any specifics on what you two talked about?
 - 6) The last time we saw you on Supernatural, Eileen said that she didn't know what was real anymore. Offscreen, Eileen and Sam resumed texting at some point, and even went on a date. Do you think Eileen would have gotten back in contact with Sam? And if so, why?
 - 7) Is there going to be a season three of This Close?
 - 8) Has Eileen given sign names to Dean, Castiel or Sam, and what might they be?

- How did Cain not hear tfw planning how to kill him when they were right next door in a loft style barn, and why did he die like a little bitch
- Was Cain more of a cat or dog person in your opinion?
- Cain is of course most well-known for killing his brother, but in Supernatural his storyline centred around his OC wife Collette. Given they didn't even cast Abel, was it difficult to find a balance between the well-known story and what was in the script, or was it like acting a brand new character?

- Some fans think that the show would have ended much better if Amara had been the one to take Chuck's powers from him and become the new God instead. What do you think of that? What would Amara have done as God?
- Since Abaddon was one of Cain's Knights, and he was the way he was because of the connection between the Mark of Cain and The Darkness, was Abaddon technically working to free Amara this whole time?
- What are your thoughts on Abaddon/Amara and how they should have killed the Winchesters and Chuck and ruled everything?

- Does being a monster affect Garth's approach to hunting other "monsters"?

 - The scene where Chuck reveals his divinity to Metatron and the music cue is a very churchy choral harmony: too obvious or just right because it is extremely too obvious?
 - After discovering Chuck was God, how much time did you waste wondering about predestination in the spn universe before cashing that paycheck and keeping it moving?
 - Was God intentionally mirroring real world inequalities/prejudice when he made all his main archangel players (Michael for heaven, Lucifer for hell, Gabriel the wildcard) white and the extra one we don't really care about but is apparently the worst of them all when he takes control of heaven in s6 (Raphael) black? - Since Benny, Dean, and Cas were in Purgatory together and Dean made Benny help him look for Cas, how do you think Benny would react to hearing about Cas confessing his love for Dean? Bonus points if he is jealous :D
- Given that Benny and Dean fucked in purgatory, what finally broke the sexual tension?
- You played Bella Swan's stepfather in Breaking Dawn, what are your thoughts about Twilight Natural? HE WHAT ([OH NOOO](#))
- do you think Benny effectively utilized girl power when he fucked Dean up against a tree in purgatory? how about when he drank him dry in 30 seconds like a Capri Sun?
- Given Benny definitely smokes weed, who is in his blunt rotation?
- What does Jensen smell like
- Did the writers/directors address whether the souls of humans get turned into vampires go to heaven/hell and there's a different, vampire self that goes to purgatory, or if it's just the shittiest possible world where people get doomed to an eternity of death in purgatory for something that just happened to them by bad luck?

- Can you elaborate on benny's decision to stay in purgatory and some of his reasons/feelings behind that

- When did you find out Lisa would return in Season 5? HOW THE FUCK IS THIS THING FORMATTED sorry everyone
- How do you think, after having her mind erased, Lisa reacted to pictures of some strange man all around her house
- If in an alternative universe, Lisa/Ben's memories were not wiped, how would you have liked the story to go? Do you think Lisa would be okay with Dean training Ben to be a hunter? Or do you think she would have filed for an immediate restraining order?
- Dean and Lisa were obviously very close during the time they lived together. Do you think Lisa ever felt the loss of him even though she didn't exactly know why?
- In season 5 it's implied that a big reason why Dean goes to live with Lisa is because it's what Sam told him to do. Even though he and Lisa were happy, do you think this was fair of him?
- What are your thoughts on Cas removing Lisa's and Ben's memories without consent? Do you believe that they should have had some agency, and if yes, what decision do you think Lisa would have made?
- Dean does have a very separate life that is dangerous. Do you ever think Lisa resented him a little for bringing that life close to her and her son? Do you think Dean ever secretly resented her for not allowing him to hunt? If yes to any, how do you think this affected their relationship dynamic?
- Do you think Dean ever would have been truly happy living with Lisa and Ben forever? Or did you (and Lisa and Dean) always know that it was supposed to be a temporary thing?
- How do you think Lisa and Ben lived after Dean was gone? Because despite them not remembering, all their neighbours/friends did, and a couple of Dean's possessions were probably still in the house. Was it awkward or did they manage to live a normal life again?
 - Follow-up: do you think Lisa/Ben had any mental health issues due to this?
- If Lisa had to be brought back into the storyline for whatever reason, how would you have liked it to play out?
- Lisa is barely brought up in the narrative after season 6 despite playing a decent part in Dean's life. How do you feel about this?
- Do you think Lisa and Dean actually liked each other at the beginning of them moving in together? Or was it that they were both alone and the other was just there?
- It's headcanonned that a big reason why Dean liked Lisa was in fact because of Ben (and Dean's desire to have a normal family) rather than Lisa herself. What are your thoughts on this headcanon and how true do you think it is?
