

OC request RULES!

1/2

How it works:

- Once a month I do a post on Patreon for 5-40\$ Patreons
- People fill out a form that I provide in the description.
- Fill it out correctly and post it in the comments
- I pick the OCs. (Usually 2-5 OCs each month)

Please remind yourself that I'm just 1 person and can't do each and every request.

Rules:

- 1 suggestion per person
- Female only (please no Humans or Ferals)
- I'm not drawing futa or hype fetish.
- Any species is allowed
- Use the form that is in the description.
- Requests will be done in the same month
- You are allowed to suggest OCs from your friends but still 1 suggestion per person
- Artworks can be: Full colored, colored sketches, or just sketches.
- **There is a chance I won't post your request on social media. After 7 days on being on Patreon, you are allowed to post it.**

About ref sheets and ref pictures:

To enter, I either need a full ref sheet from your OC or a collection of pictures you already got.

- MAKE SURE to provide a ref sheet or pictures that aren't heavily shaded

I can't color pick from heavily shaded ref sheets or pictures as long as the ref sheets do not provide a color palette. But even then the chances are high that I misinterpreted something on the design.

2/2

- Make sure you provide me with a full body nude version, either with explicit body parts or without it IF you want NSFW art. (This applies to people who provide me with feral OCs and full clothed charas.)

I'm not here to design your OC. This is extra work that I don't have the time for. If you don't get an anthro version of your feral OC I'm **not** gonna draw it.

- If you got more than 1 OC please make sure to switch them around a bit if you stay longer on my Patreon. It's nice to have more variety to pick from and not only to see the same faces every month.

Thanks for the support!

My goal is to do as many requests as I can each month. I wanna keep this all fair and simple. Every rule is important for me to not get frustrated or burned out. I would love to keep doing those for a long time just to give back to the community.

I'm sorry for those who can't fulfill these rules and can't enter the OC suggestions.
