

# Vocabulary with Paper Live Help Tutors

## Foreign Language, Grades 6-12

### Assignment Objectives

- Students will use current vocabulary to complete sentences and phrases.
- Students will chat with a Paper Live Help tutor to build understanding of vocabulary.

### Teacher Instructions

- Provide students with focus vocabulary terms.
- Students start a session with a Paper Live Help tutor, and ask for fill in the blank sentences using the given vocabulary.

### Ideas for Use

- Great use as a study guide or practice terms for upcoming tests.
- Perfect for activity assignment in class, or as homework.
- Differentiation Idea: If you teach Spanish, French, or Mandarin, consider having students change the language of their Student Dashboard, to encourage students to work with a bilingual tutor, conversing in the language for the entirety of the conversation, not just for the assignment!
- As an extension activity, encourage students to create their own sentences with the given vocabulary terms and then connect with the Paper Live Help tutor to check for accuracy.

### Student Example:

Vocabulary	Sentence
1. <u>la cocina</u> Definition: the kitchen	<u>Yo cocino el almuerzo y la cena en la cocina.</u>

### Feedback and Reflection from session with Paper Live Help tutor:

*The session was very helpful, I am going to keep reviewing the terms because I got a few of the terms mixed up. The tutor really helped me understand why some of the terms worked better in certain sentences than others.*
