The last day to submit your teams information and money is April 21st, 2023

NO EXCEPTIONS

In order to participate your team must submit the waiver and we will check that you have when we see you on April 10/11, 2023

PRIZE:

There will be prizes awarded for 1st and 2nd place. Those amounts will be determined once all teams are submitted

RULES:

Teams will have Monday- Saturday to "assassinate" both of their targets

Targets will be assigned via a random generator

Mackenzie and Gabby are NOT responsible for any consequences that you may receive for your actions in this game!!!!!!!!!!

If a team's target learns who is trying to eliminate them, the targets are able to retaliate them and earn a 24 hour safe period by hitting them with water

If the targets only hit 1 member of the assassinating team, only that member will have to sit out for 24 hours. (this member may not go after targets, but is fair game for who is trying to eliminate them. They also can not retaliate during this time)

If you attempt to assassinate in a safe zone, it will NOT count

ABSOLUTELY NO illegal activity while trying to assassinate your targets

Water must hit your targets in a visible quantity

The inside of homes are fair game once granted permission to enter by the person playing

All school related events are off limits

CARS CAN NEVER GO INTO THE GRASS

NO high speed car chases

NO water gun usage while operating a vehicle

NO shooting someone operating a vehicle

NO cutting other cars off

NO going into homes/garages without permission

NO splat guns!!

NO GOING THROUGH SOMEONE ELSE'S PHONE TO FIND OUT THEIR TARGETS!!

NEED VIDEO OR PICTURES that show other person clearly being shot (unless other team vauges for the kill)

NO parent, guardian, teacher, coach, or coworker involvement (this means no karens on Twitter please)

SUBS:

If you are leaving for a trip or vacation and will be gone from the general FRSD area longer than 18 hours, you must find a substitute to take your place

You will need to inform the commissioners of this AS EARLY AS POSSIBLE

If you fail to do so and we find out you have left, your team will be automatically eliminated from the game

Contact Mackenzie or Gabby as soon as you come back into town to relieve your sub via text or DM the FR assassins Twitter

We will not be doing a sub form this year so please text either Mackenzie or Gabby with days you will be out and who your sub is!!!

ELIMINATION:

Teams will be eliminated if BOTH members are hit with water

Once a team member is hit they may NOT go after their targets. This team member will remain out until the next round if their partner manages to stay in and get both of their own targets out

Failure to hit your teams targets will result in elimination

To move on to the next round, teams must successfully get out both of their targets and have one non-assassinated member remaining

PICS/VIDEOS OR IT DIDN'T HAPPEN!!!!!! For both an assassination or retaliation

Assassinations will NOT count if they're not correctly documented

Photos/videos must be sent via the FR assassins twitter or text for every hit

The hit will be considered official and posted on the Twitter once confirmed by the commissioners

If there is a dispute between teams, we will either need to see video proof or hear from unbiased witnesses (if there was any)

The commissioners will closely consider the situations and make the fairest call possible, and whatever is decided by the commissioners will stand

If there is not enough evidence to come to a solid conclusion, the eliminations will be null and both teams will need to try again

HONESTY IS THE BEST POLICY!!!!!! Just please keep the game fun

SAFE ZONES:

ALL FRANKLIN REGIONAL SCHOOL DISTRICT CAMPUSES are completely off limits at ALL times

The school does not advocate or tolerate any assassination attempts on school property (busses too)

If a team attempts this, both members are open to receive any consequence the school deems fit

Other school campuses are off limits

Buildings of student work places and businesses are off limits. Once the person walks into the building, they cannot be hit

Organized activities such as dance, cheer, frisbee, karate etc are treated the same. As soon as the person walks into the building or onto the field, they can no longer be hit.

The entire day of prom, May 19th and May 20th until 12 PM (in the afternoon) is a safe day if the game continues until then

Places of worship, funerals, police stations, hospitals, weddings and their parking lots are off limits

Haymaker Field and its parking lot are off limits

Charity/volunteer work is off limits

The FR frisbee fields and parking lots are off limits, but the pavilion and playground are fair game

If any other safe zones are mandated throughout the game the commissioners will update you via the FR assassins Twitter

Sundays are safe days in which you will receive your targets for the next round

Please be respectful. No businesses want teenage kids barging in with squirt guns

PARKING LOTS ARE FAIR GAME unless noted above

Creekside Shoppes is off limits

NOTE FROM GAB & MAC

We want this year to be safe, fun, and fair but all players must make this possible!! Some calls will be hard to make but we will do our best to make a fair ruling in respect to all rules & evidence provided. After a conclusion is made by either of us it stands there will be no change of a call unless said otherwise!!!! Be honest in disputes and remember it's just a game 🗡️ 😊

If you need to get into contact with either of us throughout the game please call, snapchat, or text one or both of us!! Please be patient with us. We will answer as soon as we can!!
