

Congressional traitors in alphabetical order. This list is as complete as I could make it, but it's a bit of a moving target. I'll update as needed.

It is impossible to find email addresses for members of congress; you must contact them through forms on their official websites. Furthermore, many give the caveat that you must be a constituent to contact them this way, and they request a zip code to prove it. Suggestion: use the zip code of their local office if you need to show local cred.
