Alaska State Organization
Rules Report
Fall Executive Board Meeting October 28, 2023

At the 2022 International Convention in New Orleans, numerous amendments passed at affect state organizations. Our State Bylaws and Standing Rules have been reviewed updated. The Bylaws Checklist for State Organizations has been completed. A copy of our bylaws, standing rules and the checklist has been sent to the International Constitution Committee. They will review the documents and email comments to us.

The updates are listed in red on our website.

An updated Bylaws and Standing Rules Amendment Form can be found on our website. I encourage any member or Chapter who would like to see changes to these documents to please fill out this form and send it to our committee. The deadline for this process is February 1, 2023.

There have been many changes in our Bylaws and Standing Rules since 2018. So, it is time for all Chapters to review their Standing Rules. I would like to have all chapters do this important work during the remainder of this biennium (2023 -2024).

Hope you are able to find a couple of members who are interested in updating your Standing Rules. Compare yours to our ASO Bylaws and see what changes you need to make. After you update it once, it will be much easier to update each time we have an International Convention and new changes are approved.

Do the work and send me your updated Chapter Standing Rules!

Thanks,

Barbara Sell,
Alaska State Organization, Rules Chair
