

TEMTB - Trail Maintenance What to Bring Recommendations

Volunteer groups that run the trail maintenance at parks do not have enough tools for a group as large as ours so always to bring our own tools. Please bring tools from home used for cutting branches, small limbs and clearing brush. The best clearing tools are a pair of hedge clippers or a sickle like these.

Other good tools commonly used are small hand saws, loppers and shovels like these:

Other recommended items for all trail maintenance events:

- Work Gloves
- A small backpack to carry with extra water bottles and food for during trail maintenance
- Tools for doing trail maintenance (See above)
- Extra tools for all your friends and family incase they forget ☺
- Sturdy Closed toe shoes (boots are best)
- Long pants or very high socks.
- Long sleeve shirt
- Sunscreen and Bug Spray
