<i>Business Purpose</i>	ABC Company is experiencing problems with customer satisfaction ratings after customer service interactions. In order to raise their customer satisfaction ratings, the employees need to be trained in mindset to help boost employee morale and in turn, improve customer service interactions and ratings. All employees must take and pass an eLearning module on mindset within the next month. ● Provide awareness of what mindset is & the different types of mindset. ● Explain the benefits of a growth mindset in the workplace. ● Explain how to transition from a fixed mindset to a growth mindset. ● Raise company morale by providing information on growth mindset to learners.
<i>Target Audience</i>	All employees at ABC Company (retail store)
<i>Training Time</i>	30 minutes
<i>Training Recommendation</i>	● 1 e-Learning course ○ eLearning allows the employees to access the training module on their own time while they simultaneously maintain their job functions ● Course will have a storyline that includes explanations as well as an interactive scenario. ● Audio voiceover narration is included on all slides. ● 2 knowledge checks. ● Learners will be pre-assessed on mindset. ● Questions of different types will assess learners' knowledge of mindset. ● Informal knowledge check in a scenario interaction. ● Various interactions to learn about growth mindset benefits. ● 5 graded quiz questions where learners must score an 80% to pass. ● Summary slide at the end of the module. ● A congratulations slide & an exit button included at the end of the module.
<i>Deliverables</i>	● 1 e-Learning course ○ Developed in Articulate Storyline ○ Includes voice-over narration using Wellsaid Labs ○ Includes 1 mini scenario ○ Includes drag and drop, accordion, and click-to-reveal interactions ○ 2 knowledge checks ○ Final evaluation consisting of 5 questions

Design Document
