October 8, 2021

Dear Parents/Guardians of CHS Students:

It was announced on October 7, the homecoming football game (scheduled to be held on Friday, October 8, 2021) was cancelled due to Covid (the Peshtigo Football team did not have enough players).

Mr. Liesch (the CHS Athletic Director) reached out to local schools, in state, and out of state schools. No schools are available to play. As a result the game is officially cancelled.

Although the football game will not be played against Peshtigo, all other Homecoming activities will proceed as normal. Administration met with the football captains and senior football players. We collectively decided on a flag football intrasquad scrimmage with modified homecoming game activities/recognitions. We encourage you to attend and show your support for Clintonville High School.
