SUPPORT GROUP FOR QUEER PALESTINIANS AND SWANA PEOPLE

Free virtual support space led by a queer and trans-identified Iraqi Chaldean clinical social worker to process feelings of grief, rage, alienation, and lack of support in the United States for Palestinians and others of Southwest Asian and North African (SWANA)/Middle Eastern heritage. As queer and trans SWANA people, we live and witness many genocidal acts targeting us and our loved ones while often not having a space that allows us to show up fully in our identities.

LIONS' DEN

How do we reach working class/poor people - the Falahi people

Need to be clear about our actions, are we doing it for ourselves?

MUST prioritize actions that have a material impact on the people who are being impacted.

One action CAN HAVE A GREATER impact than the smaller disjointed actions that are being done

STRATEGY:

- flip the town - Orange or independent
- create and build solid networks of care
 - Bail fund
 - Trust in comrades
 - Rent fund
 - Grocery fund

We are in a building phase - and that's okay

Omar - labour union could be a good person to talk to about strategy

Need to increase membership

How do we activate as a network

Alternatives to policing - what does community safety look like OUTSIDE of policing

- Walls down collective
 - mutual aid,
 - safety line (call this number instead of calling the police)

Regular meetings - first Sunday of each month

- Meetings can be used to
 - Map solidarity orgs - highlight key people
 - Structure what a response can look like - how do we build a fund? Who holds that purse?
