Arts, Audio/Visual Technology & Communications

Realistic, Artistic, Enterprising, & Social Career Cluster

The Arts, Audio/Visual Technology and Communications cluster may be the best career cluster for creative people, and it includes journalists, actors, dancers, singers, radio announcers and behind-the-scenes workers. Studying film and media arts or theater and drama could be beneficial if you're interested in becoming an actor, and there are specialized certificate programs you could attend to become a sound engineer or a telecommunications technician. The work environment can be a film, TV or recording studio or theater. Most people who work in this cluster have an authentic passion for music, dance, cinema or fashion.

Careers in this pathway can include:

- Video or Web Producer
- Film Maker
- Graphic Designer
- Television Studio Producer
- Stage Designer
- Fashion/Apparel Designer or Illustrator
- Interior Designer
- Home Furnishing Coordinator
- Textile Designer or Chemist
- Curator or Gallery Manager

Certificate Programs	Military	2-Year College	4-Year College
