COURSE DESCRIPTIONS

PROGRAM: Bachelor of Science in NURSING

FIRST YEAR LEVEL

FIRST SEMESTER

Course Code: BSNG-1101

Course: NCM 100

Course Title: Theoretical Foundation in Nursing

Course Description:

This course deals with nursing theories as applied to nursing practice on the aspect of the metaparadigm: person, health, environment, and nursing. Likewise, it includes other theories relevant to nursing. The learners are expected to use these theories as basis and guide in nursing practice.

Course Code: BSNG-1102

Course: CN-AnaPhy

Course Title: Anatomy and Physiology

Course Description:

This course is designed to assist students in the physiologic concepts, principles, and basic anatomical structure. It deals with basic regulatory mechanisms which promote homeostasis; familiarization with some physiological parameters which serve as indicators for the organism's state of health. The study of anatomy and physiology is in correlation with their chosen field of profession which is nursing.

SECOND SEMESTER

| | | |
|---|---|---|
|  | <p style="text-align: center;">LICEO DE CAGAYAN UNIVERSITY Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> |  |
|---|---|---|

Course: BSNG-1201
Course Code: NCM 101
Course Title: Health Assessment

Course Description:

The course deals with concepts, principles and techniques of history taking head to toe physical examination and psychosocial assessment using various tools and interpretation of laboratory findings to arrive at a nursing diagnosis. The learners are expected to perform holistic nursing assessment of an individual adult client.

Course: BSNG-1202
Course Code: NCM 102
Course Title: Health Education

Course Description:

This course deals with concepts, principles and theories in teaching and learning. It also focuses on the appropriate strategies of health education as they apply in various health care scenarios. The learners are expected to develop beginning skills in designing and implementing a teaching plan using the nursing process as a framework.

Course: BSNG-1203
Course Code: NCM 103
Course Title: Fundamentals of Nursing Practice

Course Description:

This course deals with concepts, principles, theories and techniques basic to nursing as a profession, science and art. It emphasizes on the concept of man as a holistic being and the professional roles of the nurse in health care setting. The learners are expected to utilize the nursing process and the basic nursing skills as primary tool in health promotion, disease prevention, restoration and maintenance, and rehabilitation.

Course: BSNG-1204
Course Code: CN-MP
Course Title: Microbiology & Parasitology

| | | |
|---|---|---|
|  | <p style="text-align: center;">LICEO DE CAGAYAN UNIVERSITY Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> |  |
|---|---|---|

Course Description:

This course is designed to assist students in the study of important microorganisms and parasites. It explains the physiology and pathogenic properties of bacteria, fungi, and viruses as an introduction to disease causation, their biology, the infections they cause, host response to these infections and their mode of transmission, prevention, treatment and nursing responsibilities. The laboratory experiences provide specimen collection, handling, and processing of specimens for isolation and identification of microorganisms and parasites involved in the infectious processes.

SECOND YEAR LEVEL

FIRST SEMESTER

Course: BSNG-2101

Course Code: NCM 104

Course Title: Community Health Nursing 1(Individual and Family as Clients)

Course Description:

This course deals with concepts, principles, theories and techniques in the provision of basic care in terms of health promotion, disease prevention, restoration and maintenance and rehabilitation at the individual and family level. It includes the study of the Philippine Health Care Delivery System, national health situation and the global context of public health. The learners are expected to provide safe, appropriate and holistic nursing care to individual and family as clients in community setting utilizing the nursing process.

Course: BSNG-2102

Course Code: NCM 105

Course Title: Nutrition and Diet Therapy

Course Description:

| | | |
|---|---|---|
|  | <div>LICEO DE CAGAYAN UNIVERSITY</div> <div>Paseo del Rio Campus, Macasandig, Cagayan de Oro City</div> |  |
|---|---|---|

This course deals with the study of food in relation to health and illness. It covers nutrients and other substances and their action, interaction and balance in relation to health and diseases and the process by which the human body ingests, digests, absorbs, transports, utilizes and excretes food substances. It also focuses on the therapeutic and food service aspects of the delivery of nutritional services in hospitals and other healthcare institutions. The learners are expected to develop the competencies in appropriate meal planning and education of a given client.

Course: BSNG-2103
Course Code: NCM 106
Course Title: Pharmacology

Course Description:

This course deals with pharmacodynamics, pharmacokinetics and clinical/therapeutic uses of drugs in health promotion, disease prevention, restoration and maintenance, and rehabilitation of clients across the lifespan utilizing the nursing process. Emphasis is given on the nursing responsibilities related to safe drug administration through medication monitoring and client education. It also includes complementary and alternative therapies. The learners are expected to develop beginning skills in the safe administration of medication.

Course: BSNG-2104
Course Code: NCM 107
Course Title: Care of Mother, Child, Adolescent (Well Clients)

Course Description:

This course deals with concepts, principles, theories and techniques in the nursing care of individuals and families during childbearing and childrearing years toward health promotion, disease prevention, restoration and maintenance, and rehabilitation. The learners are expected to provide safe, appropriate and holistic nursing care to clients utilizing the nursing process.

SECOND SEMESTER

Course: BSNG-2105
Course Code: NCM 108
Course Title: Health Care Ethics (Bioethics)

| | | |
|---|--|---|
|  | <p style="text-align: center;">LICEO DE CAGAYAN UNIVERSITY Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> |  |
|---|--|---|

Course Description:

This course deals with the application of ethico-moral concepts and principles affecting care of the individuals, families, population group and community. It involves discussion of issues and concerns in varied health care situations. The learners are expected to apply sound ethical decision-making in varied health scenarios.

Course: BSNG-2201

Course Code: NCM 109

Course Title: Care of Mother and Child at Risk or with Problems (Acute and Chronic)

Course Description:

This course deals with the concepts, principles, theories and techniques in the nursing care of at risk/high risk/sick clients during childbearing and childrearing years toward health promotion, disease prevention, restoration and maintenance, and rehabilitation. The learners are expected to provide safe, appropriate and holistic nursing care to clients utilizing the nursing process.

THIRD YEAR LEVEL

FIRST SEMESTER

Course: BSNG-2202

Course Code: NCM 110

Course Title: Nursing Informatics

| | | |
|---|---|---|
|  | <p style="text-align: center;">LICEO DE CAGAYAN UNIVERSITY Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> |  |
|---|---|---|

Course Description:

This course deals with concepts, principles, theories, and techniques on nursing informatics in clinical practice, education and research. The learners are expected to use the system of informatics to support the delivery of health care.

Course: BSNG-3101

Course Code: NCM 111

Course Title: Nursing Research 1

Course Description:

This course deals with concepts, principles in the application of the major phases of the nursing research process. It introduces the beginning role of the nurse as a nurse researcher. The learners are expected to develop a technically and ethically sound research proposal.

Course: BSNG-3102

Course Code: NCM 112

Course Title: Care of Clients with Problems in Oxygenation, Fluid and Electrolyte, Infectious, Inflammatory and Immunologic Response, Cellular Aberration (Acute and Chronic)

Course Description:

| | | |
|---|---|---|
|  | <div>LICEO DE CAGAYAN UNIVERSITY</div> <div>Paseo del Rio Campus, Macasandig, Cagayan de Oro City</div> |  |
|---|---|---|

This course deals with concepts. Principles, theories and techniques of nursing care management of at risk and sick adult clients in any setting with alterations/problems in oxygenation, fluid and electrolytes, infectious, inflammatory and immunologic response, cellular alterations, acute and chronic. The learners are expected to provide nursing care to at risk adult clients utilizing the nursing process.

Course: BSNG-3103
Course Code: NCM 113
Course Title: Community Health Nursing 2 (Population Groups and Community as Clients)

Course Description:

This course deals with concepts, principles, theories and techniques in the care of population groups and communities utilizing community organizing strategies toward health promotion, disease prevention, restoration and maintenance, and rehabilitation and community development. The learners are expected to provide safe, appropriate and holistic nursing care to clients utilizing the community health nursing process.

Course: BSNG-3104
Course Code: NCM 114
Course Title: Care of the Older Person

Course Description:

| | | |
|---|---|---|
|  | <div data-bbox="386 142 1214 201" data-label="Section-Header"> <h1>LICEO DE CAGAYAN UNIVERSITY</h1> </div> <div data-bbox="483 204 1115 236" data-label="Text"> <p>Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> </div> |  |
|---|---|---|

This course deals with concepts, principles, theories, and techniques in the care of older adults. The learners are expected to perform holistic care of the older persons in wellness and chronic illness utilizing the nursing process.

SECOND SEMESTER

Course: NCM-3201
Course Code: NCM 115
Course Title: Nursing Research 2

Course Description:

This course deals with the application of concepts, principles, theories and techniques in the major phases of the nursing research process. This includes the collection, analysis, interpretation and presentation of data, conclusions and recommendations. The learners are expected to produce and disseminate a technically and ethically sound research study.

Course: BSNG-3202
Course Code: NCM 116
Course Title: Care of Clients with Problems in Nutrition and Gastro-intestinal, Metabolism and Endocrine, Perception and Coordination (Acute and Chronic)

Course Description:

| | | |
|---|---|---|
|  | <p style="text-align: center;">LICEO DE CAGAYAN UNIVERSITY Paseo del Rio Campus, Macasandig, Cagayan de Oro City</p> |  |
|---|---|---|

This course deals with concepts, principles, theories and techniques of nursing care of at-risk and sick adult clients in any setting with alterations/problems in nutrition, and gastro-intestinal, metabolism and endocrine, perception and coordination, acute and chronic toward health promotion, disease prevention, restoration and maintenance, and rehabilitation. The learners are expected to provide safe, appropriate and holistic nursing care to at-risk and sick adult clients utilizing the nursing process.

Course: BSNG-3203

Course Code: NCM 117

Course Title: Care of Clients with Maladaptive Patterns of Behavior, Acute and Chronic

Course Description:

This course deals with concepts, principles, theories and techniques of nursing care management of clients with maladaptive patterns of behaviour of individuals, families, population groups and communities, across the lifespan, in any health care setting. The learners are expected to provide safe, appropriate, evidence based, holistic and individualized care to meet the full range of needs of the client person/s experiencing psychiatric emergencies and/or those with mental health alterations/s through the principles and cultural/ethnic sensitivities.

FOURTH YEAR LEVEL

FIRST SEMESTER

Course: BSNG-4101

Course Code: NCM 118

Course Title: Nursing Care of Clients with Life Threatening Conditions/Acutely Ill/

| | | |
|---|---|---|
|  | <div>LICEO DE CAGAYAN UNIVERSITY</div> <div>Paseo del Rio Campus, Macasandig, Cagayan de Oro City</div> |  |
|---|---|---|

Multi-organ Problems/ High Acuity and Emergency Situation,
Acute and Chronic

Course Description:

This course deals with concepts, principles, theories and techniques of nursing care of sick adult clients with life-threatening conditions, acutely ill/multi-organ problems, high acuity and emergency situation toward health promotion, disease prevention, restoration and maintenance, and rehabilitation. The learners are expected to provide safe, appropriate and holistic nursing care to groups of clients with health problems and special needs utilizing the nursing process.

Course: BSNG-4102
Course Code: NCM 119
Course Title: Nursing Leadership and Management

Course Description:

This course deals with concepts, principles, theories, methods and strategies of management and leadership in the delivery of care based on professional standards of nursing practice. The learners are expected to perform beginning professional management and leadership skills and apply sound ethico-legal and moral decision making in any setting.

Course: BSNG-4103
Course Code: NCA 1
Course Title: Nursing Competency Audit 1

Course Description:

| | | |
|---|---|---|
|  | <div>LICEO DE CAGAYAN UNIVERSITY</div> <div>Paseo del Rio Campus, Macasandig, Cagayan de Oro City</div> |  |
|---|---|---|

This course deals with application of concepts, principles and processes basic to the practice with emphasis on health promotion, health maintenance, preventive, risk reduction, curative and rehabilitation aspects of care for the mother, child and family, population group, community and sick individual with problems of oxygenation, fluid and electrolyte balance, metabolism and endocrine system. It includes the utilization of the nursing process and the core competencies under the 11 key areas of responsibility, research and management and leadership skills in the practice of nursing.

Second Semester

Course: BSNG-4201
Course Code: NCM 120
Course Title: Disaster Nursing

Course Description:

This course deals with the application of concepts, principles, theories, techniques and strategies in disaster risk-reduction and management to groups of clients in any setting. The learners are expected to demonstrate safe, appropriate and holistic care to clients utilizing the nursing process in reducing the risk of disaster to help save lives and build resilience.

Course: BSNG-4202
Course Code: NCM 121
Course Title: Intensive Nursing Practicum (Hospital and Community Settings)

Course Description:

LICEO DE CAGAYAN UNIVERSITY

Paseo del Rio Campus, Macasandig, Cagayan de Oro City

This course deals with the three major roles of a beginning professional nurse as a care provider, leader and manager and researcher in the context of the Philippine professional nursing practice standards. The learners are expected to demonstrate safe, appropriate, and holistic care utilizing the nursing process in any health care setting.

Course: BSNG-4203

Course Code: NCA 2

Course Title: Nursing Competency Audit 2

Course Description:

This course deals with application of concepts, principles, and processes basic to the practice with emphasis on health promotion, health maintenance, preventive, risk reduction, curative, rehabilitation aspects of care of the sick individual with alterations in immunologic and inflammatory reactions, cellular aberrations, perception and coordination, adjustment problems, maladaptive patterns of behavior, acute biologic crisis, disaster and emergency. It includes the utilization of the nursing process and the core competencies under the 11 key areas of responsibility, research and management and leadership skills in the practice of nursing.
