

# Outreach for hypnotherapy business

S.L- Rehabilitate and 3X your consultation Calls

Hi Daniel,

Are you a hypnotherapist or an apostle?

I wouldn't be surprised if you could cure blindness!

You caught my undivided attention when I saw your testimonial of helping a client overcome their fear of driving.

It reminded me of a successful way of generating traffic to your landing page.

This is what I like to call the mindset money converter technique and it's used by Mindvalley and NewMindset Hypnotherapy in their Facebook ads.

It will make landing calls like you're on cruise control, so you can be on gear 2 whilst watching your bookings filling up!

Imagine transforming your practice into the most sought-after hypnotherapy destination in Marlborough and even all of Wiltshire.

Using the mindset money converter technique you can with:

3X your consultation calls, expand your revenue, and attract more clients than ever before!

Want to see your calendar light up?

I attached the templates below using this exclusive technique, so gaining more traffic will become a reality.

Feel free to use it!

(Attached document with 3 Facebook posts on converting traffic to opt-in page)

I'm eager to hear your feedback.

Thanks,  
<your name>
