

Owen Davis has had an exciting 29 years of teaching students of many different ages and backgrounds in various active learning settings, helping students grow in understanding and overcoming obstacles to become successful learners of Mathematics and Physics. Owen has a Master's in Mathematics Education and a Bachelor's in Aeronautical Engineering, and was initially inspired to teach through successful tutoring experiences while an undergraduate student at Purdue University. Owen loves challenging students to build confidence in their ability to solve difficult problems and to develop deep conceptual understanding of mathematics and physics. In his free time Owen loves playing drums and guitar, swimming in the ocean, and hiking in the mountains.
