

Memorandum of Understanding (MOU)
UCS Science for Public Good Fund

Date:

Name:

Please clearly fill out mailing address:

Please provide a short description of your Science for Public Good project:

Please provide specific costs in outlining your budget for using Science for Public Good funds:

By signing this agreement, you are agreeing to the below criteria for your project and reporting.

- All actions and events must be completed and reported on by August 1, 2022 unless otherwise agreed upon between you as the project leader and the UCS Science Network.
- Recipients will report back on the use of funds and outcomes, as well as share lessons learned with fellow scientists through avenues such as guest blogs, online trainings, or other platforms.
- All recipients will remain active members of the UCS Science Network for 2 years (an active member is one who has taken an action online or offline or attended a training or event, and has not opted out from UCS Science Network emails.)
- All debates, communications, and events must be conducted within a 501(c)(3)-permissible manner.
- Any activities by groups must operate with the 501(c)(3) requirements in mind.

- Grant funds be used exclusively for charitable and educational purposes and not to participate or intervene in any campaign for public office within the meaning of the Internal Revenue Code, and it would be on the grantee to interpret those requirements and comply.
- If grant funds were used for non-501(c)(3) permissible activities, UCS will seek repayment of the grant funds to protect its exempt status.

As a reminder, the Union of Concerned Scientists is a 501(c)(3) organization, so the Union of Concerned Scientists – and Science for Public Good Funds – cannot support any election-related activity.

By signing this agreement, you acknowledge that you are responsible for providing the services described above to the Union of Concerned Scientists.
