## **Firearm Safety Instructional Plan In Compliance with TCA 49-6-1016**

In compliance with Tennessee law (TCA 49-6-1016), students in kindergarten through twelfth grades receive firearm safety instruction. The purpose is to prevent accidents with firearms and is not intended to serve as a firearm safety course (such as those provided by TWRA). Our SROs and School Counselors work together to teach students that if they come across a gun, they should 1- stop, 2- don't touch, 3- run away, and 4- tell a grown-up. Please take a few minutes to discuss these four steps with your children. For more information about the content of the lessons being provided, please visit the links below.
