

Welcome to Photography

Meet the counselors

Samantha: Hi everyone! I'm so excited to meet all of you! I love to take pictures and I'm hoping to give some tips along with having fun activities. I love going on log walks outside to take pictures and enjoy the fresh air. I also love reading, running, and swimming!

Sarah: Hey everyone! I am ecstatic to be a counselor! I am currently a sophomore as I graduated my freshman year early by taking online courses. I immensely enjoy spending time with children and enticing them to learn in a fun and effective way! I am the middle child in a family of three sisters; they are my all time best friends along with another counselor Samantha Benadom! I spend the majority of my time expressing myself through singing, writing, and exercising!

Course Supplies:

- something to take pictures with: a phone, an iPad, a real camera
- a computer or device that can access the photo for editing

Course Goal

- learn to take better pictures
- learn to edit pictures
- learn tools to manage a camera
- start a photography portfolio
