

Alexandrian People's Coalition Manifesto

We at the APC are here for competent and reliable governance. Were the people are free to express themselves, and are able to do that without much difference in power. This is Alexndria, but that doesn't mean it doesn't need saving.

Taxation Policies

Ensure tax is affordable to all citizens, periodically update the taxation act to match current purchase power

Ensure plots are affordable to all citizens

Political Policy

Remove randomness from the electoral act

ensure fair practices within the MoIA by allowing independent auditors to see the counting process

Education & New Players Policy

Ensure that new players have capacity to properly start in alexandria, this include making projects and more accessible real-state

Events

New events to engage the alexnadria people and outsiders to play SC more often
