Wisdom and Stew3Shitty

Once there were two shitties. Their names were Wisdom and Stew. Wisdom was the stronger one of the two. He was the one to go into the battles, while Stew sat on the side as his cheerleader. Stew was making Wisdom a sandwich and Wisdom asked if they should have a child. Stew dropped the sandwich and said, "That would be a great idea!" Wisdom thought about it more and more. He forgot that Stew could barely speak English. He also forgot how autistic Stew was. So he yelled, "No! I believe we do NOT need child." Wisdom then noticed he started to talk like Stew. Wisdom then ran outside to get in his lib. He then found CoolHandLuke sitting naked in the driver seat. CoolHandLuke and Wisdom had just broken up after Wisdom had found out that CoolHandLuke was giving cool hand jobs to everybody on the New Conglomerate. Wisdom only wanted Luke to give him the hand jobs, so he left Luke. Luke wanted more and more Wisdom cock. Wisdom exclaimed, "No! You don't have enough skill to stroke this chode!" Then ran to his harasser. He was trying to find the fight. He then saw that there was a fight at Crossroads Watchtower. Once he got there he found that his other half was giving shitty orders. Wisdomcube told him to stop... But Stew wouldn't. Wisdom with his Anchor turned to him and told him to stop being a little bitch, that is when Stew took a bullet from Jaamaw. As Jaamaw laughed he flew back to the top of the tower. Wisdom said under his breath, "Finally." Wisdom was then trying to control the NC, when AdmiralSnuggles ran him over with his shit bus. Wisdom was okay though. He had the one and only Stew3Shitty behind him! Stew then said in a calm whisper, "I have you buddy." Wisdom now scared as fuck started to run! Wisdom then took a stray bullet from Xiander's Parallax. The bullet went straight through his

crotch and into Stew's vagina. That stray bullet had semen from Wisdom. Wisdom yelled in anger, "NOOOOO! I have created a monster!" A few months later... a monster was born. The name of that monster would to be the only Rak. Rak got his rage from both Stew and Wisdom, making his rage even stronger. Rak was also autistic. Rak then fell in love with Luperza. Rak and her then got married. Luperza was very disappointed one day. She was trying to make her... hair down there purple and it turned out to be a blue. She wanted to look nice for Rak when she got home. Rak was also having a rough day. He was get dunkt and shrekt by everyone. He had to mute several people. 50Shades Of Wisdom

Once there was a shitty, and a scrub. The scrub was 50ScubsOfPurple and the shitty of course was the one and only Wisdompube. 50Scrubs then encountered Puby. Wisdom so down about his creation, Rak, he didn't even fire at 50Scrubs. Instead, he looked into his eyes and said in a soft whisper, "Hold me...." 50Scrubs so confused, he just held Puby. Puby then got slightly horny and had the strongest urge to suck 50's teets. 50 acted like he didn't even noticed but he really did. 50 then said calmly, "You know how you can tie a knot with a cherry stem? I can do that with your pubes." 50Scrubs and Puby started getting along really well. They had a truce and in the off hours, did some things that I cannot write down. After 50Scrubs and Puby were done, they went their separate ways. They tried to act like nothing happened, but there were sparks when they made their love. Puby though one day saw that CoolHandJobs giving 50Scub's a cool hand job. CoolHand then looked over to Wisdom and said, "He's all Handy now." Wisdom in much disappointment because he just bought the Mudslinger camo, which was also the color of 50Scrubs bunghole. Wisdom then ran! He ran 2k meters. Till he found his original shitty, Stew3Shitty. Stew said he wanted to make another child! Wisdom screaming, "NOOO! I DON'T WANT ANOTHER SHITTER! HE WILL BE LIKE ALL OF THE SHITTERS ON WATERSON!" That is when it happened... Puby did it. It took him a while to try to find it but, he finally he did. He took his Mag-Cutter and cut his .9 inch chode right off. Stew screamed in rage and Wisdom screamed in pain. 50Scrubs heard the scream, he ran to his Scythe. He grabbed his Tier 3 Safe Landing implant and jumped out to the location of Wisdompuby. Wisdom on his knees. 50Scrubs picked up the chode and shoved it into his mouth. 50 then told him, "It's all gone, you're safe with me."

50DerpsOfEnder

Ender31 and VSDerp were having a great picnic when 50Scubs popped right between them. He wanted to be with Ender after having a depressing break up with Wisdompube. Ender had a stronger love for 50 than Derp. 50 had a bigger shlong. VSDerp's didn't even compete. VSDerp then stalked them for days. He was in a squad with Ender and 50 when Ender kicked him out of the squad and told him to stop being a scrub. VSDerp thought it was out of love... but it sadly wasn't. A few days later Jaamaw, 50 and Ender were riding in Jaam's Prius when they saw VSDerp trying to follow them. Ender told Jaam to run from VSDerp. Jaam was too fast for VSBaddy! His Prius had nitro! VSShit couldn't compete once again. Jaam screamed, "I LOVE GOING FAST!" CoolHandJobLuke popped up in the window. Hanging from the window he exclaimed, "I'm able to go fast... with my HANDS!" Jaam said he was busy. 50Scubs accepted it again. Ender also enjoyed a nice stroking. It relaxed them both. After VSShitty couldn't even get close to Ender he called for OfficerPacketLoss to catch them. Jaam was going fast but OfficerPacketLoss was faster! He was able to catch up Jaam's Prius and pull him over. OfficerPacketLoss was lucky to have Mustarde's PacketFinder.exe. Without it, Mr. PacketLoss wouldn't be able to catch up with Speedymaw. That is when the ticket was given. As the ticket was given they still saw the one and only Wisdompube on his knees with his chode on the ground. He still couldn't believe that he cut his chode off. VSDerp finally caught up with the 50 and Ender the next day. That is when they all pulled out their Commisioner's. They told him to stay away. Derp couldn't resist he jumped into the air! He was trying to hump Ender's leg when 50 pulled his trigger. 50 aimed low and hit Derp in the crouch. The bullet went straight through his crouch and out his ass. Derp didn't feel it though. He had a vagina and he had a very wide bunghole. He was so used to getting raped that he had no pain.

Derp just continued to hump the leg of Ender. Meanwhile, Rak was getting bukakied on. He loved the feeling of the fresh, warm, tasty cum. This was only a fantasy of Rak's though. He could only dream.

Gimli and Rak

There once was a couple on the land of Auraxis. Their names were, Gimli217 and Rak. Gimli had a very strong love for Rak. He didn't just want Rak's junk. He wanted Rak's love. Rak on the other hand was too busy for this love. Rak was too busy trying to get down into Luperza's pants. Gimli was quite jealous. He wanted Rak to be going down into his pants! Gimli had one plan. He had to destroy Luperza.

Gimli studied her slutty movement. He watched her from sunrise to sunset, but Gimli couldn't quite figure out how to counter Luperza. That is when he came up with an idea. Take down Friday Night Ops. Gimli had a plan. He was going to stick C4 to his mossy and plow it straight into the studio. Gimli thought thinking to himself, "It has to work. It is the most brilliant plan known to man." While Gimli was perfecting his plan, Rak was yelling at poor low BR1's. Rak got half of the Terran Republic population to commit suicide. It only took him ten seconds to do it. In orders chat he screamed, "I AM RAK! I AM THE BEST! YOU SHALL ALL HAIL ME!" That was when half of the TR took out their pistols and pointed them towards each other. Gimli was about to complete his goal. Killing FNO. Gimli grabbed his mossy and started flying towards the studio. Gimli heard a massive roar of TR gunfire. Every TR with their pistol out shot each other. One of the shitty aimed TR shot above his squad mates head. This bullet was going straight for Gimli's mossy. Gimli was almost there when he heard the bullet tap is C4. Gimli ignored it and started to afterburn towards the studio. Gimli started to here is C4 beep. Gimli being more scared than ever bailed out of his mossy. His mossy missed the studio. Gimli started to cry. He fucked up his mission. That is when the whole studio came collapsing down. Gimli was shocked. He had no idea what happened. Rak ran over to the fallen down studio. He fell to his knees and started to cry. Gimli ran over to Rak. He grabbed him and held him close. Gimli then

whispered to Rak, "Don't worry. I am here. I got you." Rak cried into Gimli's shoulder. Gimli smiled. He had Rak's love.

A few days later, Gimli went to the wreckage of the studio and wanted to know what happened. There is when he found VG soldiers celebrating. He asked them if they knew what happened. All the Vagina Germ soldiers in unicine said, "IF SHE GAVE PROVERBS A BLOWJOB, THEN HE WOULD'VE STAYED!" They started to cry. They each started to commit suicide one by one. All was good though for Gimli. He stood there smiling. Knowing she and FNO were all gone.

Rak and Gimli went to live in Rak's Bitcoin basement. They made love multiple times, but the one time Gimli wasn't wearing a condom. They had a child. His name would be Hammerboss.

The End.

In loving memory of Friday Night Ops and Luperza. You will not be missed.
