

Free resources for UK Applications to Medicine

There are plenty of free resources for application to the UK and a plethora of widening access initiatives. Here are a few that we recommend:

We Are Medics

Website: <https://www.wearemedics.com/>

Insta: <https://www.instagram.com/wearemedics/> (Over 11k+ followers)

They have plenty of free e-book guides which cover the following topics:

- How to Ace your Medical School Interview
- BMAT 101
- How to perfect your medical school personal statement
- Ultimate UCAT Guide

& more. They also have a brilliant mock interview simulator and do regular instagram lives and reels.

The Medic Collective

Website: <https://themediccollective.wordpress.com/>

Insta: <https://www.instagram.com/themediccollective/>

They have compiled all the available free resources and created a directory so that you don't get overwhelmed with the sheer amount of information that is out there.

The Medic Portal (partnered with the Royal Society of Medicine)

Website: <https://www.themedicportal.com/>

Another brilliant resource that has everything you need to know about applying to Medicine including a breakdown of each medical school. They have a free UCAT and BMAT question bank and a brilliant application guide.

PassMedicine - UCAT Question Bank

Website: <https://www.passmedicine.com/ucatt/index.php>

They give you a 6 months free subscription to access over 3,000 practice UCAT questions - highly recommended. They also track your progress over time and give you full explanations to wrong answers.

Fraser's GAMSAT

Website: <https://www.frasersgamsat.com.au/free-resources/gamsat-questions/>

Has all the free GAMSAT resources listed from vocabulary tools, essay books, quote generators, cheat sheets, breakdowns of each sections etc.

Medify, MedicMind and Blackstone tutors also have free UCAT/BMAT past papers.
