таблиця "Правил хорошого резюме":

Do ✅	Don't ❌
Use a professional font (Arial, Calibri).	Don't use too many colors or emojis.
Check for spelling mistakes (use Grammarly).	Don't write 5 pages (1 page is enough).
Focus on achievements, not just duties.	Don't lie about your skills.
Use bullet points for readability.	Don't include private info like your home address.

5. Classroom Activity: "The Peer Review"

1. Потрібно написати чернетку резюме для своєї "роботи мрії" (наприклад, блогер, дизайнер або волонтер).
2. Чек-лист (Checklist):
   - Is the email professional?
   - Are there action verbs?
   - Is the formatting clean?
