

BREAKING-

First of all, I would like to thank all my supporters who have been extremely loyal to my campaign. I would also like to announce that due to last minute changes, I will be shifting my focus from Lieutenant Governor to Governor. Many have speculated this since the departure of Former Governor Nimitz from the party, but I will confirm it today. I will allot my time carefully to make sure I have the best shot of becoming the next Governor or Superior. I call on all the great citizens of Superior to support my campaign for Liberty for all. The Democratic Party wishes nothing more than to pray on your fears and then pray on your liberties.

To all that have followed and all that will join my campaign- the peoples' campaign, I would like to extend thanks. Now, the task at hand is to vote at the polls and vote for Telles.

I will be holding a press conference tomorrow, I will also make an appearance on Fox News later that day to express my goals and concerns.

Roberto Telles (Representative of Superior)
