From the Candidate:

As ASB President, I know that I will bring many positive qualities that an ASB president needs such as to be able to be a responsible and organized leader for my fellow peers. That is why I would like to serve as ASB president. I also want to make everyone's school life as memorable as possible! I have six years of experience (including elementary school time) representing my class and being a leader, which is something I'd like to continue.

Some qualities I could contribute to ASB are being persistent, responsible, reliable, positive, and very good at communication. My vision of what I would like to accomplish as ASB president would be being able to hear that they really enjoyed something that ASB put on. I would love to be able to hear that my fellow peers feel ASB brings joy to everyone's high school experience.

The past year I have been the junior class president. I also was a part of the prom committee that my class put on this year. I was also the master of ceremonies for the 21-22 scholastic awards night.

Recommended by Ms. Elliott:

Lilly comes to every class meeting with a positive attitude and great ideas. She was a major part of the Prom Committee and showed up to every after-school meeting. She is reliable and very kind to everyone here at the school. She has three years under her belt as class president and I think as a senior, she would be a great ASB officer.

During the past 12 months, I have tried coming up with ideas for fundraisers for my class. At the Bigfoot BBQ, I volunteered to help the Rotary Club and helped them get participants for their pie eating contest including advertising their ice cream sandwiches to people around the fair to buy them. I also went and helped Mrs. Stanley operate her games after the Rotary Club said that they didn't need any more help. I went around three different games to make sure that the kids knew the rules and punched holes in their cards so that when they filled it out they could get a prize. I stayed there for two hours helping.

Mercedes is extremely driven and motivated to make her community a better place. She stays organized and completes her schoolwork on time. She already volunteered as a freshman and I believe her commitment to this school will be a great addition to ASB. Mercedes already has experience as a class officer, and she takes great notes and can use her voice.
