# Privacy Policy for Store Rush

*Last Updated: 29/03/2025*

**codeBage** we respect your privacy. This policy explains what data we collect and how it's used in Store Rush.

---

## 1. Data We Collect

### a. For Game Functionality

- Device Information (e.g., OS version, device model) – Used to optimize performance and fix bugs.
- Advertising ID (optional) – Helps serve personalized ads (you can reset this in device settings).

### b. For Ads & Analytics

- We use third-party ad networks (e.g., Google AdMob) that may collect:
  - Non-personal data (e.g., ad views, clicks).
  - IP address (for ad targeting).
- Analytics tools track gameplay stats (e.g., level progress) to improve the game.

### c. For In-App Purchases

- Payment processors (e.g., Google Play, Apple App Store) handle transactions. We do not store your payment details.
- 

## 2. Why We Collect Data

- To deliver ads and measure their performance.
  - To improve gameplay and fix issues.
  - To process in-app purchases securely.
  - To send optional notifications (if enabled).
-

### 3. Notifications Permission

To enhance your gameplay experience, [Game Name] requests permission to send you up to 2 notifications per day. These may include:

- Helpful gameplay reminders (e.g., idle rewards ready to collect)
- Special event announcements
- ♦ You have full control! You can:
  - Allow/Deny notifications when first prompted
  - Disable anytime via your device settings

We never spam. Notifications are designed to improve your experience, not interrupt it.

---

### 4. Third-Party Services

We use:

- Ad networks (Google AdMob, Meta Ads).
- Analytics (Firebase, Google Analytics).
- Payment processors (Google Play, Apple App Store).

These services have their own privacy policies, which we recommend reviewing.

---

### 5. Your Choices

- Opt out of ads: Reset your Advertising ID (Android/iOS settings).
  - Disable notifications: Turn them off in device or in-game settings.
- 

### 6. Children's Privacy

Our game is not directed at children under 13. We do not knowingly collect personal data from underage users.

---

## **7. Changes to This Policy**

Updates will be posted here. Continued play means you accept the revised policy.
