

## Promo Video Script: CapitalHQ Investor Day 2025

[Speaker stands in front of a professional background, perhaps with event branding or industry visuals. The speaker is poised, confident, and direct.]

**Speaker:** Hi, I'm [Your Name], [Your Title/Position] at [Your Company Name].

On September 30th, I'm speaking at the **CapitalHQ Investor Day** in Sydney. It's happening at the UTS Aerial Function Centre, and it's a critical gathering of up to 500 investors, family offices, and deal makers.

At the event, I'll be sharing my insights on [briefly describe your topic, e.g., "how we're building an AI-powered Medtech platform that's already cutting diagnostic times by 40%," "the path to commercializing advanced materials in a constrained supply chain," or "our approach to real-world asset tokenization and why it's a \$1.5 trillion opportunity"]. We'll be looking at how to build and scale a company that capital is actively seeking.

The CapitalHQ Investor Day is an exclusive platform. It's a place to cut through the noise and connect directly with the people who write the cheques. The conversations happening in this room are what will define the next decade of wealth creation. This is where real deal flow and strategic partnerships are built.

I invite you to be in the room with me and other founders, VCs, and family office principals. I'll see you at the CapitalHQ Investor Day.
